

# Reflections on the Battlefield

— from infantryman to chaplain 1914-1919 —

Robert J. Rider

edited by Alan C. Robinson and P. E. H. Hair

# Reflections On The Battlefield From Infantryman To Chaplain 1914 1919

**Edward Madigan**

## **Reflections On The Battlefield From Infantryman To Chaplain 1914 1919:**

**Reflections on the Battlefield** Robert J. Rider, 2001-01-01 When Robert J Rider died in 1961 he left to his descendants a typescript text tentatively entitled Flashbacks which would eventually become Reflections on the Battlefield Broadly autobiographical this text offers a unique account of its author who fought as an infantryman while also serving as a chaplain thus exposing himself in peculiar directness to the ambiguities of chaplaincy service on the battlefield A further particularity is that Rider was in a minority among chaplains being a Methodist chaplain In August 1914 Rider aged twenty five was about to begin his third year of training for the ministry of the Wesleyan Methodist church at Handsworth Theological College in Birmingham Two months later he had enlisted with the First Birmingham Battalion later termed the 14th Battalion of the Royal Warwickshire Regiment Rider s first hand accounts of Ypres the Somme and Arras reveal a man morally opposed to war and yet adamant that Germany and her allies needed to be defeated Reflections on the Battlefield provides us with a personal and valuable contribution to the present day debate about the contemporary understanding of the ethics of war as expressed on the World War I battlefield

*Reflections on the Battlefield* Robert J. Rider, 2001-01-01 When Robert J Rider died in 1961 he left to his descendants a typescript text tentatively entitled Flashbacks which would eventually become Reflections on the Battlefield Broadly autobiographical this text offers a unique account of its author who fought as an infantryman while also serving as a chaplain thus exposing himself in peculiar directness to the ambiguities of chaplaincy service on the battlefield A further particularity is that Rider was in a minority among chaplains being a Methodist chaplain In August 1914 Rider aged twenty five was about to begin his third year of training for the ministry of the Wesleyan Methodist church at Handsworth Theological College in Birmingham Two months later he had enlisted with the First Birmingham Battalion later termed the 14th Battalion of the Royal Warwickshire Regiment Rider s first hand accounts of Ypres the Somme and Arras reveal a man morally opposed to war and yet adamant that Germany and her allies needed to be defeated Reflections on the Battlefield provides us with a personal and valuable contribution to the present day debate about the contemporary understanding of the ethics of war as expressed on the World War I battlefield

God and the British Soldier Michael Snape, 2007-05-07 Drawing on a wealth of new material from military ecclesiastical and secular civilian archives this book shows that religion had much greater currency and influence in twentieth century British society than has previously been realized

**Faith Under Fire** Edward Madigan, 2011-02-08 After the Great War some texts by British Army veterans portrayed the Anglican chaplains who had served with them in an extremely negative light This book examines the realities of Anglican chaplains wartime experiences and presents a compelling picture of what it meant to be a clergyman in uniform in the most devastating war in modern history

**The Clergy in Khaki** Edward Madigan, 2016-03-23 British army chaplains have not fared well in the mythology of the First World War Like its commanders they have often been characterized as embodiments of ineptitude and hypocrisy Yet just as historians have reassessed the motives and

performance of British generals this collection offers fresh insights into the war record of British chaplains Drawing on the expertise of a dozen academic researchers the collection offers an unprecedented analysis of the subject that embraces military political religious and imperial history The volume also benefits from the professional insights of chaplains themselves several of its contributors being serving or former members of the Royal Army Chaplains Department Providing the fullest and most objective study yet published it demonstrates that much of the post war hostility towards chaplains was driven by political social or even denominational agendas and that their critics often overlooked the positive contribution that chaplains made to the day to day struggles of soldiers trying to cope with the appalling realities of industrial warfare and its aftermath As the most complete study of the subject to date this collection marks a major advance in the historiography of the British army of the British churches and of British society during the First World War and will appeal to researchers in a broad range of academic disciplines

British Religion and the World Wars Clive Field, 2019-05-08 Religion did much to shape contemporary British opinion and behaviour during the First and Second World Wars but it featured rather less in the initial historiography of either conflict The situation has changed considerably in the past half century with a steadily increasing number of academic and popular outputs on the religious aspects of the wars As key milestones in connection with the centenary of the First World War and the eightieth anniversary of the Second World War have occurred or approach it seems an appropriate time to take bibliographical stock This volume is the first to offer an in depth listing of modern literature in English and other European languages on British religion and the First and Second World Wars both on the home front and in combat zones Coverage extends to Judaism and alternative religion as well as Christianity More than 1 200 items are included comprising monographs book chapters journal articles and postgraduate theses They are arranged by subjects in separate sections on each war with cross references and a cumulative index of personal names Carefully compiled over several years by an accomplished religious historian and bibliographer the work will be an indispensable reference tool to those embarking on investigations into the religious landscape of Britain during the World Wars and those who wish to discover what has been written about their chosen field to date It will also help identify gaps in scholarship and encourage researchers to try and fill them

*A Day in a Working Life* Gary Westfahl, 2015-04-21 Ideal for high school and college students studying history through the everyday lives of men and women this book offers intriguing information about the jobs that people have held from ancient times to the 21st century This unique book provides detailed studies of more than 300 occupations as they were practiced in 21 historical time periods ranging from prehistory to the present day Each profession is examined in a compelling essay that is specifically written to inform readers about career choices in different times and cultures and is accompanied by a bibliography of additional sources of information sidebars that relate historical issues to present day concerns as well as related historical documents Readers of this work will learn what each profession entailed or entails on a daily basis how one gained entry to the vocation training methods and typical compensation levels for the job The

book provides sufficient specific detail to convey a comprehensive understanding of the experiences benefits and downsides of a given profession Selected accompanying documents further bring history to life by offering honest testimonies from people who actually worked in these occupations or interacted with those in that field

**The Royal Army Chaplains' Department, 1796-1953** Michael Francis Snape, 2008 A survey and reassessment of the role of the army chaplain in its first 150 years Few military or ecclesiastical figures are as controversial as the military chaplain routinely attacked by pacifist and anticlerical commentators and too readily dismissed by religious and military historians This highly revisionist study represents a complete reappraisal of the role of the British army chaplain and of the Royal Army Chaplains Department in the first century and a half of its existence Challenging old caricatures and stereotypes and drawing on a wealth of new archival material it surveys the political denominational and organisational development of the R A Ch D analyses the changing role and experience of the British army chaplain across the nineteenth century and the two World Wars and addresses the wider significance of British army chaplaincy for Britain s military religious and cultural history over the period c 1800 1950

MICHAEL SNAPE is Senior Lecturer in Modern History at the University of Birmingham The volume has a Foreword by Richard Holmes

**The British National Bibliography** Arthur James Wells, 2002 [Proceedings of the Wesley Historical Society](#) Wesley Historical Society, 1999 List of members in v 4 5 7 10 [Internationale Bibliographie der Rezensionen wissenschaftlicher Literatur](#), 2004 *Books In Print 2004-2005* Ed Bowker Staff, Staff Bowker, Ed, 2004 *Haunted Britain* Kyle Falcon, 2023-07-18 The Great War haunted the British Empire Shell shocked soldiers relived the war s trauma through waking nightmares consisting of mutilated and grotesque figures Modernist writers released memoirs condemning the war as a profane and disenchanting experience Yet British and Dominion soldiers and their families also read prophecies about the coming new millennium experimented with s ances and claimed to see the ghosts of their loved ones in dreams and in photographs On the battlefields they had premonitions and attributed their survival to angelic psychic or spiritual forces For many the war was an enchanting experience that offered proof of another world and the transcendental properties of the mind Between 1914 and 1939 an array of ghosts lived in the minds of British subjects as they navigated the shocking toll that death in modern war exerted in their communities
