Reformed Administration In Lebanon:

Reformed Administration in Lebanon George Grassmuck, Kamal Suleiman Salibi, 1964 **Administrative Reform**
GERALD E. CAIDEN, 2011-12-31 What is administrative reform How is it differentiated from other kinds of social reform Who are administrative reformers and how do they approach their task And who benefits and who suffers from it Does a theory of administrative reform exist A survey of published research on administrative reform reveals that satisfactory answers to these questions are handicapped by methodological and theoretical shortcomings There are no common definitions no agreement over content no selected boundaries no clear links with the wide phenomenon of social reform no firm hypothesis tested by empirical findings and no continuous dialogue between practitioners and theorists This book is the first comprehensive and systematic treatment of the subject for professionals and students in the fields of public and private administration It carefully examines the diverse interdisciplinary literature on the subject and identifies and develops the most promising approaches towards a unified theory Caiden shows how the study of administrative reform can contribute substantially to the development of administrative theory and constructs a working definition of the phenomenon of administrative reform distinguishing it from social change and from administrative change The practical use of this definition is tested by the analysis of various case histories of administrative cultures of different periods in history from which a common cycle of reform processes is discerned The author follows with a detailed examination of the processes themselves The book concludes with a discussion of the obstacles to reform and a review of the author's findings and conclusions A Manual of Lebanese Administration. Lebanon William Harris, 2012-06-12 In this impressive synthesis William Harris narrates the history of the sectarian communities of Mount Lebanon and its vicinity He offers a fresh perspective on the antecedents of modern multi communal Lebanon tracing the consolidation of Lebanon s Christian Muslim and Islamic derived sects from their origins between the sixth and eleventh centuries The identities of Maronite Christians Twelver Shia Muslims and Druze the mountain communities developed alongside assertions of local chiefs under external powers from the Umayyads to the Ottomans The chiefs began interacting in a common arena when Druze lord Fakhr al Din Ma n achieved domination of the mountain within the Ottoman imperial framework in the early seventeenth century Harris knits together the subsequent interplay of the elite under the Sunni Muslim Shihab relatives of the Ma ns after 1697 with demographic instability as Maronites overtook Shia as the largest community and expanded into Druze districts By the 1840s many Maronites conceived the common arena as their patrimony Maronite Druze conflict ensued Modern Lebanon arose out of European and Ottoman intervention in the 1860s to secure sectarian peace in a special province In 1920 after the Ottoman collapse France and the Maronites enlarged the province into the modern country with a pluralism of communal minorities headed by Maronite Christians and Sunni Muslims The book considers the flowering of this pluralism in the mid twentieth century and the strains of new demographic shifts and of social resentment in an open economy External intrusions after the 1967 Arab Israeli war rendered Lebanon s contradictions unmanageable and the country fell apart Harris contends that Lebanon has not found a new equilibrium and has not transcended its sects In the early twenty first century there is an uneasy duality Shia have largely recovered the weight they possessed in the sixteenth century but Christians Sunnis and Druze are two thirds of the country This book offers readers a clear understanding of how modern Lebanon acquired its precarious social intricacy and its singular political character

Governance and the Depoliticisation of Development Wil Hout, Richard Robison, 2008-11-24 This book seeks to understand how governance agendas are constructed at both the global and national levels and asks what factors define success and failure in their implementation It features case studies drawn from Africa Latin America and Asia

Civil Society and Political Reform in Lebanon and Libya Carmen Geha, 2016-02-12 Lebanon and Libya have undergone critical political events in recent years However demands for reform from civic institutions during these transitions have not led to concrete political decisions Civil Society and Political Reform in Lebanon and Libya reveals the deeply entrenched historical patterns and elements of continuity that have led to path dependent outcomes in the political transitions of both countries Motivated by personal experiences as an activist in Lebanon the author draws together a wide range of data from participant observations nation wide surveys interviews and focus groups in a careful analysis of these two civil society led

reform campaigns The study demonstrates how the combination of weak states and power sharing agreements marginalizes civic organisations and poses institutional constraints on the likelihood of reform Written by an active participant in the political events discussed this book offers new insight into two countries which present comparable and informative case studies As such it is a valuable resource for students scholars and policymakers interested in civil society politics and reform in the Middle East and North Africa Lebanon Shereen Khairallah,1979 Lebanon International Monetary Fund,2012-02-09 Lebanon is facing a difficult global regional and domestic environment simultaneously for the first time in more than a decade Domestic policies should aim at instilling confidence and tackling key policy challenges such as preserving macroeconomic stability and paving the way for a more resilient dynamic and inclusive economy The Banque du Liban BdL relied on its large foreign reserves build up during the upswing to intervene forcefully when the Lebanese pound came under pressure from deposit outflows and currency conversions in the wake of the government crisis *The Parliamentary Election of Lebanon 1968* Zuwiyya,2022-07-04 Civil Service Reforms in Lebanon Iskandar E. Bashir,1977 International and Local Actors in Disaster Response Tania N. Haddad,2022-06-19 International and Local Actors in Disaster Response uses the Beirut explosion in August 2020 to explore disaster prevention and response in developing states Disasters whether man made or natural have always tested governments and their bureaucracies Despite numerous research efforts existing empirical literature does not provide conclusive evidence on how multiple aspects of social infrastructure can simultaneously affect disaster preparedness and recovery and what role the international community can have This book analyzes the role of international and local organizations in responding to the disaster in Beirut and assesses the interorganizational collaboration between the public and private sectors following the explosion The author develops a conceptual framework of government non profit relations in post disaster management and examines the long term disaster response and intervention of both international and local communities in a developing world context This book will be of interest to students scholars and researchers of disaster management and response public administration international relations and the non profit sector
