Regaining Marxism:

Regaining Marxism Ken Post, 2016-07-27 This book responds to recent events by proposing a radical reshaping of Marxist theory Taking the core problem as that of the historical subject it conceptualises human life in terms of four interrelated practices It explores these in turn in the context of a capitalism divided into centre and periphery primarily through nine theoretical reconstructions which attempt to meet such problems as the labour theory of value the nature and role of the state and consciousness

Twentieth-Century Marxism Daryl Glaser, David M. Walker, 2007-09-12 This book outlines and assesses the Marxist tradition as it developed in the twentieth century and considers its place and standing as we move into the twenty first century It is divided into three parts examining Marxism historically geographically and thematically Part 1 analyzes early Marxism in Russia and Europe as it developed after the death of Marx Lenin Trotsky Luxemburg Kautsky Bernstein and the school of thought associated with them are all examined Part 2 deals with thinkers debates and movements that followed the early Marxism focused on in part one and includes chapters on Marxism in Europe the Soviet Union Africa Asia and Latin America Part 3 is concerned with more contemporary debates in relation to Marxism and its standing and role today The chapters in this section consider various themes including the relationship between theory and practice in Marxism democratic procedure and liberties Marxism as an economic critique of capitalism and Marxist methodology Twentieth Century Marxism is not an introspective discussion of Marxism that would be of interest only to a limited number of specialists Rather it provides a thoughtful and stimulating contribution to debates about the role of Marxism today and its future direction

The Value of Marx Alfredo Saad Filho, 2001-11-29 This book constitutes an overview of recent developments in political economy in general and Marxist value theory in particular The implications of value theory for bank credit inflation and deflation are fully explored

Recovering Marxism of Karl Marx Randhir Singh, 1998

Sexual Politics in Indonesia S. Wieringa, 2002-05-21 This book analyzes the interaction between nationalism feminism and socialism in Indonesia since the beginning of the twentieth century until the New Order State of President Suharto The focus is on the communist women s organization Gerwani which was by 1965 the largest communist women s organization in the non communist world Gerwani members combined feminist demands such as a reform of the marriage law with an insistence upon a political role for women The organization was destroyed in a campaign of sexual slander orchestrated by the military under General Suharto Hundreds of thousands of people were killed President Sukarno lost his power and General Suharto took over

Understanding Social Divisions Shaun Best, 2005-02-02 The study of social divisions has dominated research within the social sciences since the nineteenth century Early stratification categories of class race and gender have in more recent years been joined by issues such as sexuality and disability Understanding Social Divisions addresses the full range of social divisions in one volume while also considering the nature of social division in itself in a comprehensive and accessible overview Shaun Best outlines and evaluates theories and research from a long historical

period looks at how social divisions influence the formation of identity and the other discusses the mechanisms that are drawn upon to maintain social divisions considers how solidarity is maintained given that most people in society may feel in some way divided from the rest of society and explores how individuals place themselves within the social divisions of class gender sex and sexuality race and ethnic diversity disability and mental illness The concluding chapter explores the role of the State in the processes of social division in areas such as asylum citizenship childhood old age disease and policing of terrorism This book is essential reading for students of social divisions from a wide variety of social science backgrounds

Revolution's Other World Ken Post, 2016-07-27 Ken Post examines the turn to the East by the international communist movement in fostering world revolution after the success in Russia in 1917 which led to communism's greatest gains after the Second World War Based on a theorisation of the building of revolutionary movements this study critically assesses communist strategy and tactics using three key cases China India and Brazil drawing out implications for possible future developments in less developed countries

Post-Industrial Socialism Adrian Little, 2004-01-14 Post Industrial Socialism provides critical analysis of recent developments in leftist political thought Adrian Little charts new directions in the economy and the effects they have had on traditional models of social welfare and orthodox approaches to social policy In demonstrating the limitations of the welfare state and the associated concept of citizenship this book suggests that we need to renew socialist welfare theory through the evaluation of universal welfare provision and a policy of breaking the link between work and income

The Ethical Foundations of Marxism Eugene Kamenka, 2015-04-17 The Ethical Foundations of Marxism first published in 1962 and corrected and revised for a 1972 edition examines carefully and critically the origin precise nature and subsequent role of Marx's ethical beliefs Drawing freely on Marx's still largely untranslated philosophical works and drafts the author elicits the ethical presuppositions with which Marx began He then examines the intellectual development that made Marx a Communist and seeks to clarify the place of Marx's ethic in his mature materialist work Professor Kamenka distinguishes sharply between the critical ethical views of Marx and the inept conventional applications of his doctrine by Engels He appraises the ethics of the Communist Party and traces the development of the moral and legal theory in the Soviet Union He concludes by subjecting Marxism as a whole to a radical ethical and philosophical criticism for which Marx himself laid some of the foundations

A Broad and Ennobling Spirit Ronald Mendel, 2003-10-30 With the introduction of new production methods and technological innovation tradesmen and workers encountered new challenges This study examines the development of trade unions as a manifestation of working class experience in late Gilded Age America It underscores both the distinctive and the common features of trade unionism across four occupations building tradesmen cigar makers garment workers and printers While reactions differed the unions representing these workers displayed a convergence in their strategic orientation programmatic emphasis and organizational modus operandi As such they were not disparate organizations concerned only with sectional interests but participants in an organizational network

in which cooperation and solidarity became benchmarks for the labor movement Printers coped with the mechanization of typesetting by promoting greater cooperation among the different craft unions within the industry with the aim of establishing effective job control Building tradesmen exerted a pragmatic militancy which combined strikes with overtures to the employers business sense to uphold the standards of craft labor Cigar makers especially handicraftsmen who found their position threatened by machinery and the growth of factory production debated the merits of a craft based union against the possible advantages of an industrial oriented organization Garment workers caught in the snare of a sweating system of labor in which wages and work loads were inversely related organized unions to mount strikes during the busy season in the hope of securing higher wages only to see them whither in the midst of slack periods **Marx's 'Grundrisse' and Hegel's**

'Logic' (RLE Marxism) Hiroshi Uchida,2015-04-17 Marx's Grundrisse is acknowledged as the vital link between Marx's early and late work It is also a crucial text in elucidating Marx's debt to the idealist philosopher G W F Hegel This book first published in 1988 is the first full length study of that relationship in a thorough textual analysis which makes the connections explicit and also the Grundrisse's relations to the works of Adam Smith and Aristotle This book argues that Marx's critique of political economy and his critique of Hegel are double interrelated Not only did Marx adapt Hegelian logic in order to analyse the economic categories crucial to modern society but it is argued that those logical categories were themselves seen as reflections of the productive processes of contemporary commercial society Uchida reveals a conceptual structure common to the apparently rarefied world of Hegelian conceptual logic and to the supposedly common sensical world of economic science Demonstrating this is a considerable achievement and it allows us to consider precisely what is valuable today in Marx's critical commentary on this conceptual structure and on the type of society in which it is manifested Uchida's subject like Marx's is the force of capital on modern life *Marxism & Scientific Socialism* Paul Thomas,2008-04-24 Engels declared at Marx's funeral in Highgate Cemetery that just as Darwin discovered the law of development of organic nature so Marx discovered the law of development of human history Scientific socialism was the term Engels used to describe Marx's socio economic philosophy and many later theorists sought to reinforce Marxist theory with a supposedly scientific basis This book explains the development of the idea of scientific socialism through the 19th and 20th century from its origins in Engels to its last manifestation in the work of Althusser It provides a detailed analysis of Engel's own conceptualisation the impact of Darwin the relationship to the official historical materialism of the Soviet states and later reformulations by Althusser and others In so doing it provides a vivid intellectual history of Marxist and socialist thought exploring its significant insights as well its manifest failures Marxism and Scientific Socialism will be of particular interest to those with an interest in the development of Marxism and socialism political ideologies and the history of Western political thought *Transnational Classes and International Relations* Kees Van der Pijl,2005-08-10 An exciting and original analysis of the development of capitalist classes such as the Freemasons that cross national boundaries in the global political economy This innovative book

focuses on an historical perspective on class formation under capitalism and its transnational integration international relations between the English speaking centre of capital and successive contender states The author develops a broad ranging and thorough understanding of class in the process of globalization He does so within several theoretical frameworks shedding much light on this important topic

Marxism, Religion and Ideology David Bates,Iain MacKenzie,Sean Sayers,2015-10-05 As austerity measures are put into place the world over and global restructuring is acknowledged by all as an attempt to bolster the economic system that lead to the crash there is a great need to come to grips with the economic political and philosophical legacy of Marx Of particular interest are Marx s analyses of alienation and the cycles of boom and bust thought to be integral to the functioning of capitalism Moreover as the Cold War drifts into the history books it is possible to reconsider the lasting impact of Marx s analyses without the shadows cast by the Soviet version of communism Equally though scholars are increasingly turning to Marx for insight into the rise of religion and the corresponding demise of political ideologies that seems to mark the contemporary age Are we witnessing the return of Marx Few scholars have done as much to tease out the intricacies of Marx ideology and religion and their overlapping concerns as the eminent writer and Marx biographer Professor David McLellan This book brings together a group of internationally renowned academics to reflect upon develop and criticise McLellan s analyses of these three themes with a view to contributing more broadly to scholarly debates in these fields This exciting and timely analysis will be of interest to scholars of political theory the history of political thought including historical methodology Marx and Marxism sociology of knowledge particularly in relation to discussions of ideology religion and theology more widely

Philosophy and Myth in Karl Marx Robert C. Tucker,2017-07-05 In Karl Marx s early writing first made available many years after his death his economic interpretation of history and his concept of communism were set in a comprehensive philosophical framework Marx s main preoccupation at this time was with man estranged from himself in an alienated world a subjective almost religious theme Taking full account of these earlier writings Robert Tucker critiques and reinterprets Marx s thought He shows how its origins can be located in earlier German philosophers in particular Kant Hegel and Feuerbach Reconstructing the genesis of Marxism in its founder s own mind he clarifies Marx s mystifying contention that Marxism represented Hegelianism turned on its head He then presents a new interpretation based on close textual analysis of the relation between Marx s early philosophical system and the subsequent materialist conception of history as expounded in the later and best known writings of Marx and Engels Against this background Tucker presents Das Kapital as a work belonging to the post Hegelian mythical development of Germany philosophy Considering in turn the genesis of Marxism and the underlying continuity of his thought from the early writings to Das Kapital Tucker shows the theme of alienation is central throughout In the years since the book was first written comments and criticism have encouraged Tucker to change his position somewhat This is explained in a new introduction that goes beyond the interpretative enterprise of the rest of the book to assess Marx in relation to contemporary

concerns first it presents a critique of Marx's treatment of alienation and then it comments on the moot problem of the continuing relevance of his social and economic thought. On the latter point his views have matured and altered during the intervening years and he now finds the economic and social aspects of Marx's thought considerably more relevant than he did before.

The Meaning of Marxism Paul D'Amato, 2006-06-01. In D'Amato's able hands Marxist politics come alive and leap before us pointing a way toward a better world. It's a knockout. Dave Zirin, author of *What's My Name Fool Sports and Resistance in the United States*. In this lively and accessible introduction to the ideas of Karl Marx with historical and contemporary examples, D'Amato argues that Marx's ideas of globalization, oppression, and social change are more important than ever. Paul D'Amato is the associate editor of the *International Socialist Review*. His writing has appeared in *CounterPunch*, *Socialist Worker*, and *SelvesandOthers.org*. He is an activist based in Chicago.

Communists and National Socialists Ken Post, 1997-06-11. A study of the Russian Revolution of 1917 and the coming to power of the Nazis in Germany in 1933 in light of the Marxist proposition that revolution would come in advanced capitalist societies. The implications of the actual cases for the theory are drawn out and an original theorization of capitalist crisis combining economic and political factors is put forward.

Marx and Engels on Bonapartism Spencer A. Leonard, 2023-01-30. For a little over a decade after the ignominious collapse of the Revolution of 1848, Karl Marx and Friedrich Engels worked as professional journalists. Writing from London for newspapers in the United States and eventually on the Continent, Marx continued while living in exile the analysis of the crisis of revolution that he first began in direct engagement with revolutionary events, most notably in *The Class Struggles in France* (1850) and *The Eighteenth Brumaire of Louis Bonaparte* (1852). In what became a vast body of material through this journalistic work, Marx elaborated the critical concept of bonapartism first abumbrated in the latter book. Continuing his effort to learn the lesson of 1848, Marx concentrated on the crisis of modern society and the new mass democratic state that emerged in the absence of the dictatorship of the proletariat to meet that crisis. This volume is the first to compile the journalistic works of Karl Marx and Friedrich Engels dealing with what they termed Bonapartism. The topics examined include the emergence of a new unionist capitalist politics in Britain post 1848, Chartism, the East India Company, European nationalisms, and the Taiping Rebellion in China.

The Development Dilemma S. Parasuraman, 2016-07-27. The social, economic, and political contexts in which development projects in India are implemented and consequences to people displaced by such projects are analyzed in this book. Development, displacement, resettlement, and rehabilitation processes related to three major reservoir, bases, irrigation, and power projects and three major industrial projects are studied. The role of the State, international agencies, and the private industrial sector in promoting development and managing rehabilitation of the displaced people is assessed, and the author proposes a framework for a comprehensive policy on development, displacement, and rehabilitation.

Global Ethics and Moral Responsibility John-Stewart Gordon, Holger Burckhart, 2017-05-15. The philosophy of Hans Jonas was widely influential in the late twentieth century, warning of the

potential dangers of technological progress and its negative effect on humanity and nature Jonas advocated greater moral responsibility and taking this as a starting point this volume explores current ethical issues within the context of his philosophy It considers the vital intersection between law and global ethics covering issues related to technology and ethics medical ethics religion and environmental ethics Examining different aspects of Hans Jonas philosophy and applying it to contemporary issues leading international scholars and experts on his work suggest original and promising solutions to topical problems This collection of articles revives interest in Hans Jonas ethical reasoning and his notion of responsibility The book covers a wide range of areas and is useful to those interested in philosophy and theory of law human rights ethics bioethics environmental law philosophy and theology as well as political theory and philosophy

Regaining Marxism Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Regaining Marxism PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Regaining Marxism PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that

the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Regaining Marxism free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Regaining Marxism Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Regaining Marxism is one of the best book in our library for free trial. We provide copy of Regaining Marxism in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Regaining Marxism. Where to download Regaining Marxism online for free? Are you looking for Regaining Marxism PDF? This is definitely going to save you time and cash in something you should think about.
