## **Regarding Film Criticism Comment:**

**Cineaste on Film Criticism, Programming, and Preservation in the New Millennium** Cynthia Lucia, Rahul Hamid, 2017-11-01 Digital technology and the Internet have revolutionized film criticism programming and preservation in deeply paradoxical ways The Internet allows almost everyone to participate in critical discourse but many print publications and salaried positions for professional film critics have been eliminated Digital technologies have broadened access to filmmaking capabilities as well as making thousands of older films available on DVD and electronically At the same time however fewer older films can be viewed in their original celluloid format and newer digitally produced films that have no material prototype are threatened by ever changing servers that render them obsolete and inaccessible Cineaste one of the oldest and most influential publications focusing on film has investigated these trends through a series of symposia with the top film critics programmers and preservationists in the United States and beyond This volume compiles several of these symposia Film Criticism in America Today 2000 International Film Criticism Today 2005 Film Criticism in the Age of the Internet 2008 Film Criticism The Next Generation 2013 The Art of Repertory Film Exhibition and Digital Age Challenges 2010 and Film Preservation in the Digital Age 2011 It also includes interviews with the late celebrated New Yorker film critic Pauline Kael and the critic John Bloom Joe Bob Briggs as well as interviews with the programmers curators Peter von Bagh and Mark Cousins and with the film preservationist George Feltenstein This authoritative collection of primary source documents will be essential reading for scholars students and film enthusiasts [The Complete History of American Film Criticism](#) Jerry Roberts, 2010-02-01 The Complete History of American Film Criticism is a chronicle of the lives and work of the most influential film critics of the past 100 years From the first movie review in the New York Times in 1896 through the Silent Era the pre and postwar years the Film Generation of the 1960s the Golden Age of the 1970s and into the 21st century critics have educated generations of discriminating moviegoers on the differences between good films and bad They call attention to great directors cinematographers production designers screenwriters and actors and shed light on their artistic visions and storytelling sensibilities People interested in what the great film critics had to say have usually been shortchanged as to their backgrounds and just why they are qualified to sit in judgment Using mini biographies placed within a chronological framework The Complete History of American Film Criticism is the biography of a profession whose cultural impact has left an indelible mark on the 20th century's most significant art form [Inconspicuously Christian Film Criticism](#) Kenneth R. Morefield, 2021-11-16 This collection presents essays that lay out the author's Christian approach to film criticism and reviews that exemplify this critic at his most perceptive Including interviews with award winning actors and directors this volume draws heavily on the author's academic expertise and his decade of experience as an acclaimed film journalist Whether examining the latest Hollywood blockbuster a topical documentary or an indie festival favorite the book subtly but carefully draws attention to how films can speak to Christians and how Christian voices can enrich the conversations around

their meaning and relevance

**Understanding Film** James R Russo, 2021-01-12 This film analysis textbook contains sixteen essays on historically significant artistically superior films released between 1922 and 1982 Written for college high school and university students the essays cover central issues raised in today's cinema courses and provide students with practical models to help them improve their own writing and analytical skills This film casebook is geographically diverse with eight countries represented Italy France the United States Russia Germany Great Britain Japan and India The essays sophisticated yet not overly technical or jargon heavy are perfect introductions to their respective films as well as important contributions to the field of film studies in general The book's critical apparatus features credits images and bibliographies for all films discussed filmographies for the directors a glossary of film terms the elements of film analysis a chronology of film theory and criticism topics for writing and discussion a bibliography of film criticism and a comprehensive index

**The Language and Style of Film Criticism** Andrew Klevan, Alex Clayton, 2011-04-26 The Language and Style of Film Criticism brings together original essays from an international range of academics and film critics highlighting the achievements complexities and potential of film criticism In recent years in contrast to the theoretical historical and cultural study of film film criticism has been relatively marginalised especially within the academy This book highlights the distinctiveness of film criticism and addresses ways in which it can take a more central place within the academy and develop in dynamic ways outside it The Language and Style of Film Criticism is essential reading for academics teachers students and journalists who wish to understand and appreciate the language and style of film criticism

**Teaching Sound Film** R. J. Cardullo, 2016-10-26 Teaching Sound Film A Reader is a film analysis and criticism textbook that contains 35 essays on 35 geographically diverse historically significant sound films The countries represented here are France Italy England Belgium Russia India China Cuba Germany Japan Russia Romania Czechoslovakia Brazil Taiwan Austria Afghanistan South Korea Finland Burkina Faso Mexico Iran Israel Colombia and the United States The directors represented include Jean Renoir Orson Welles Akira Kurosawa Federico Fellini Woody Allen Aki Kaurismäki Ken Loach Tom Gunning Aleksey Abbass Kiarostami Michael Haneke and Hong Sang-soo Written with university students and possibly also advanced high school students in mind the essays in Teaching Sound Film A Reader cover some of the central films treated and central issues raised in today's cinema courses and provide students with practical models to help them improve their own writing and analytical skills These essays are clear and readable that is sophisticated and meaty yet not overly technical or jargon heavy This makes them perfect introductions to their respective films as well as important contributions to the field of film studies in general Moreover this

book's scholarly apparatus features credits, images, bibliographies for all films discussed, filmographies for all the directors, a list of topics for writing and discussion, a glossary of film terms, and an appendix containing three essays respectively on film acting, avant-garde cinema, and theater vs. film.

Film Criticism and Digital Cultures Andrew McWhirter, 2016-08-26

The critic is dead. Everyone's a critic. These statements reflect some of the perceptions of film criticism in a time when an opinion can be published in seconds yet reach an audience of millions. This book examines the reality of contemporary film criticism by talking to leading practitioners in the UK and North America such as Nick James, Mark Cousins, Jonathan Rosenbaum, and Richard Porton, and by covering a broad spectrum of influential publications including *Sight & Sound*, *The Guardian*, *Cineaste*, *indieWIRE*, and *Variety*. Forming a major new contribution to an emerging field of study, these enquiries survey the impact of larger cultural, economic, and technological processes facing society, media, and journalism. Historical perspectives on criticism from ancient times and current debates in journalism and digital media are used to unravel questions such as: what is the relationship between crisis and criticism? In what way does the web change the functions and habits of practitioners? What influences do film industries have on the critical act? And how engaged are practitioners with converged and creative film criticism, such as the video essay? In the face of transformative digital idealism, empirical findings here redress the balance and argue the case for evolution rather than revolution taking place within film criticism.

*Reading the Comments* Joseph Michael Reagle, 2015-04-24

What we can learn about human nature from the informative, manipulative, confusing, and amusing messages at the bottom of the web. Online comment can be informative or misleading, entertaining or maddening. Haters and manipulators often seem to monopolize the conversation. Some comments are off-topic or even topic-less. In this book, Joseph Reagle urges us to read the comments. Conversations on the bottom half of the Internet, he argues, can tell us much about human nature and social behavior. Reagle visits communities of Amazon reviewers, fan-fiction authors, online learners, scammers, freethinkers, and mean kids. He shows how comment can inform us, improve us through feedback, manipulate us through fakery, alienate us through hate, shape us through social comparison, and perplex us. He finds pre-Internet historical antecedents of online comment in Michelin stars, professional criticism, and the wisdom of crowds. He discusses the techniques of online fakery, distinguishing makers, fakers, and takers; describes the emotional work of receiving and giving feedback; and examines the culture of trolls and haters, bullying, and misogyny. He considers the way comment, a nonstop stream of social quantification and ranking, affects our self-esteem and well-being. And he examines how comment is puzzling, short, and asynchronous; these messages can be slapdash, confusing, amusing, revealing, and weird, shedding context in their passage through the Internet, prompting readers to comment in turn. WTF.

Film Criticism, the Cold War, and the Blacklist Jeff Smith, 2014-03-26

*Film Criticism, the Cold War, and the Blacklist* examines the long-term reception of several key American films released during the postwar period, focusing on the two main critical lenses used in the interpretation of these films: propaganda and allegory. Produced in response to the hearings held by the House Committee on Un-American Activities

HUAC that resulted in the Hollywood blacklist these films ideological message and rhetorical effectiveness was often muddled by the inherent difficulties in dramatizing villains defined by their thoughts and belief systems rather than their actions Whereas anti Communist propaganda films offered explicit political exhortation allegory was the preferred vehicle for veiled or hidden political comment in many police procedurals historical films Westerns and science fiction films Jeff Smith examines the way that particular heuristics such as the mental availability of exemplars and the effects of framing have encouraged critics to match filmic elements to contemporaneous historical events persons and policies In charting the development of these particular readings Film Criticism the Cold War and the Blacklist features case studies of many canonical Cold War titles including *The Red Menace* *On the Waterfront* *The Robe* *High Noon* and *Invasion of the Body Snatchers*

*Building a New China in Cinema* Laikwan Pang, 2002 Building a New China in Cinema introduces English readers for the first time to one of the most exciting left wing cinema traditions in the world This unique book explores the history ideology and aesthetics of China s left wing cinema movement a quixotic film culture that was as political as commercial as militant as sensationalist Originating in the 1930s it marked the first systematic intellectual involvement in Chinese cinema In this era of turmoil and idealism the movement s films were characterized by fantasies of heroism intertwined with the inescapable spell of impotency thus exposing the contradictions of the filmmakers underlying ideology as their political and artistic agendas alternately fought against or catered to the taste and viewing habits of a popular audience Political cinema became a commercially successful industry resulting in a film culture that has never been replicated Drawing on detailed archival research Pang demonstrates

that this cinema movement was a product of the era's social economic and political discourses The author offers a close analysis of many rarely seen films richly illustrated with over eighty stills collected from the Beijing Film Archive With its original conceptual approach and rich use of primary sources this book will be of interest not only to scholars and fans of Chinese cinema but to those who study the relationship between cinema and modernity
