Georgia van Raalte, 2020-07-06 These rituals trace the waves and curves of my path to the divine It is my hope that they may act as illumination or as a map for your own journey The creation of these rituals were processes of gaining knowledge their performance brought understanding Writing these rituals was an exercise in creative devotion Performing them was a lesson in the reality of magic and the irresistibility of its circuits and waves These rituals utilise juxtaposition and movement across boundaries They are sites of liminality and thus power They are games toys and the most serious technology we have ever had These rituals offer a space of communitas a suspended community in the liminal ritual space a mode of being with others that is utterly transformative These rituals are magpie nests built from all the shiny symbolism and structure I could lay my greedy hands upon These rituals can be anything you want them to be solemn rites or fantasies mystery plays or literary provocations Their reading offers a carnival of images in which to saturate your soul Their performance offers lessons in being in doing and in communitas You may gain as much or as little from them as from a journey on the train Abide for a while and watch the phantasmic flora and fauna glide past the window of your literary vision You will not seem to move yet it will be that you have travelled very far **Voodoo Practice. Swann, 1999-02 *Everyday Rituals* Pearl Katz, 2024-08-06 When we are in painfully difficult or confusing life situations especially amidst ever uncertain times our minds grapple for structure a funeral ceremony definitively lays the dead to rest the exaggerated choreography of a surgical room confirms its sterility and a daily schedule gives prisoners a sense of normalcy These practices these rituals give us peace Though it might seem contradictory ordered rituals actually bring us freedom creativity and mental well being Rituals aren't a thing of history or belonging to elaborate ceremonies and they aren't even confined to the most painful or confusing of times Rituals can be at a family dinner table or in a morning bathroom routine In *Everyday Rituals* Pearl Katz shows us just how transformative rituals are no matter what kind Unlike other titles on the subject in the self-help genre or in anthropological reportage Katz applies her years of fieldwork and psychiatric study to tangible everyday American life She writes a thoroughly persuasive argument using poignant case studies to truly inspire

readers Specific hormones flow and brain paths open when artists follow their creative regimen and mental health increases in patients under hospital directive in contrast young people suffer stress in unbounded undergraduate hookup culture And after the coronavirus ripped many rituals from American life the ill effects of a life without routine burn bright It s in the ordinary that Katz discovers unlimited potential mundane routine actually sparks incredible imagination With scientific evidence case studies personal narrative and guiding wisdom Katz enlightens us as to how and why we can feel true freedom
