Forthcoming Books Rose Army,1996-06 *Sins of the Assassin* Robert Ferrigno,2009-01-27 This second book in an epic trilogy the follow up to *Prayers for the Assassin* finds shadow warrior Rakkim Epps battling radical fundamentalist forces in a futuristic America now a divided blood soaked dystopia **The Lincoln Assassination Conspirators** Edward Steers, Jr.,Edward Steers,Harold Holzer,2009-03-15 On May 1 1865 two weeks after Abraham Lincoln s assassination recently inaugurated president Andrew Johnson appointed John Frederick Hartranft to command the military prison at the Washington Arsenal where the U S government had just incarcerated the seven men and one woman accused of complicity in the shooting From that day through the execution of four of the accomplices the Pennsylvania born general held responsibility for the most notorious prisoners in American history A strict adherent to protocol Hartranft kept a meticulously detailed account of his experiences in the form of a letterbook In *The Lincoln Assassination Conspirators* noted Lincoln scholars Edward Steers Jr and Harold Holzer in partnership with the National Archives present this fascinating historical record for the first time with contextual materials and expert annotations providing a remarkable glimpse behind the scenes of the assassination s aftermath Hartranft oversaw every aspect of the prisoners daily lives from making sure they were fed and kept clean to ensuring that no one communicated with them except on the written orders of Secretary of War Edwin M Stanton In his *Letterbook* Hartranft scrupulously recounts the arrival of each prisoner and describes the prison routine which included three simple meals a day a twice daily cell inspection by Hartranft himself and frequent physical examinations by an army physician The prisoners wore wrist and leg shackles and controversially most of them wore special hoods designed to isolate them from their surroundings When the conspirators trial began the nation waited eagerly for news and many sought retribution against those they held responsible for the nation s grief Hartranft resisted calls for both vengeance and mercy and continued to treat his notorious charges as humanely as possible facilitating meetings with clergy and sending letters to and from family members Yet as his detached detailed description of the execution of four of the conspirators shows he did not allow emotion to impede the performance of his duty The legal and moral issues surrounding the conspirators trial the extraordinary use of military rather than civil justice the treatment of the accused while incarcerated the fine line between swift and precipitous justice remain volatile unsettled issues today Hartranft s keen observations ably analyzed by historians Steers and Holzer will add a riveting new chapter to the story of Lincoln s assassination *Chicago Tribune Index* ,1999

forgotten today Five Points was once renowned the world over Its handful of streets in lower Manhattan featured America s most wretched poverty shared by Irish Jewish German Italian Chinese and African Americans It was the scene of more riots scams saloons brothels and drunkenness than any other neighborhood in the new world Yet it was also a font of creative energy crammed full of cheap theaters and dance halls prizefighters and machine politicians and meeting halls for the political clubs that would come to dominate not just the city but an entire era in American politics From Jacob Riis to Abraham Lincoln Davy Crockett to Charles Dickens Five Points both horrified and inspired everyone who saw it The story that Anbinder tells is the classic tale of America s immigrant past as successive waves of new arrivals fought for survival in a land that was as exciting as it was dangerous as riotous as it was culturally rich Tyler Anbinder offers the first ever history of this now forgotten neighborhood drawing on a wealth of research among letters and diaries newspapers and bank records police reports and archaeological digs Beginning with the Irish potato famine influx in the 1840s and ending with the rise of Chinatown in the early twentieth century he weaves unforgettable individual stories into a tapestry of tenements work crews leisure pursuits both licit and otherwise and riots and political brawls that never seemed to let up Although the intimate stories that fill Anbinder s narrative are heart wrenching they are perhaps not so shocking as they first appear Almost all of us trace our roots to once humble stock Five Points is in short a microcosm of America
