the same time he paints vivid portraits of some of the individuals who shared his time and space many of whom gave their names to streets and roads that crisscross the Palo Verde Valley According to Riverside County Historical Commission Chairman Bill Jennings in his Forward to the 1990 Edition Riverman Desertman fills a vital niche in the short shelf of Riverside County history books In the late 1950 s a veteran newspaper writer Tom Patterson met Camiel Dekens and their chemistry was responsible for creating a rich memoir that chronicles an important time in the desert s long history Because it concerns a relatively obscure area and represents one man s impact it might otherwise have been ignored in the sparse recorded history of the Colorado Western Sonoran Desert Tom had no tape recorder being a newsman of the old school Instead he took tons of handwritten notes and went over the data carefully with his source As a result Riverman Desertman is a concise competent accurate chapter in the rich history of Riverside County Co author Tom Patterson in his Introduction says This book is primarily the story of Palo Verde Valley in its days of hard struggle early hope and steady growth from 1907 until 1922 During most of that time Camiel Dekens struggled along with it Interestingly the period of his own personal difficulties came when despondency began to overcome the Valley and his sense of mission returned when the Valley could again see its way ahead Dekens who applied himself to a raw place and saw it become the home of commerce and family life felt himself distinctly a part of Palo Verde Valley Dekens recollections of characteristics of the Palo Verde Valley in the early years of the twentieth century its remote location desert surroundings and the impact of a mighty and untamed river make this work a unique contribution to the history of a unique and remote area
