Devers** James Scott Wheeler, 2015-10-16 General Jacob L. Devers 1897

1979 was one of only two officers the other was Omar C. Bradley to command an army group during the decisive campaigns of 1944-1945 that liberated Europe and ended the war with Nazi Germany After the war Devers led the Army Ground Forces in the United States and eventually retired in 1949 after forty years of service Despite incredible successes on the battlefield General George C. Marshall's dependable man remains one of the most underrated and overlooked figures of his generation In this definitive biography James Scott Wheeler delivers a groundbreaking reassessment of the American commander whose contributions to victory in Europe are topped only by General Dwight D. Eisenhower's Wheeler's exhaustively researched chronicle of Devers's life and career reveals a leader who demonstrated an extraordinary ability to cut through red tape and solve complex problems Nevertheless Eisenhower disliked Devers a fact laid bare when he ordered Devers's Sixth Army Group to halt at the Rhine After the war Eisenhower's and Bradley's accounts of the generals' disagreements over strategy and tactics became received wisdom to the detriment of Devers's reputation An essential contribution to twentieth century history Jacob L. Devers provides a fresh and nuanced interpretation of the senior command during World War II and offers a new perspective on a highly accomplished soldier **Alert Diver**, 2008 **Guide du Routard Côte d'Azur 2021**

contributions of these forgotten Allied field army commanders Seasoned military historian John A English unearths the vital roles played by these six generals As the leader of an army of several hundred thousand troops each had to plan operations days and eeks in advance coordinate air support assess intelligence give orders to corps commanders manage a staff of sometimes difficult subordinates and deal with superiors like Eisenhower Bradley and Montgomery Some performed less ably than the rest while others rivaled Patton in their achievements All deserve to be lifted from Patton s shadow Vietnam War Slang Tom Dalzell,2014-07-25 In 2014 the US marks the 50th anniversary of the Gulf of Tonkin Resolution the basis for the Johnson administration s escalation of American military involvement in Southeast Asia and war against North Vietnam Vietnam War Slang outlines the context behind the slang used by members of the United States Armed Forces during the Vietnam War Troops facing and inflicting death display a high degree of linguistic creativity Vietnam was the last American war fought by an army with conscripts and their involuntary participation in the war added a dimension to the language War has always been an incubator for slang it is brutal and brutality demands a vocabulary to describe what we don t encounter in peacetime civilian life Furthermore such language serves to create an intense bond between comrades in the armed forces helping them to support the heavy burdens of war The troops in Vietnam faced the usual demands of war as well as several that were unique to Vietnam a murky political basis for the war widespread corruption in the ruling government untraditional guerilla warfare an unpredictable civilian population in Vietnam and a growing lack of popular support for the war back in the US For all these reasons the language of those who fought in Vietnam was a vivid reflection of life in wartime Vietnam War Slang lays out the definitive record of the lexicon of Americans who fought in the Vietnam War Assuming no prior knowledge it presents around 2000 headwords with each entry divided into sections giving parts of speech definitions glosses the countries of origin dates of earliest known citations and citations It will be an essential resource for Vietnam veterans and their families students and readers of history and anyone interested in the principles underpinning the development of slang *The Royal Navy in Eastern Waters* Andrew Boyd,2017-03-30 How British naval power in the Indian Ocean played a critical early role in WWII Commands the reader s attention a history game changer Warship Naval Books of the Year This new work tells the compelling story of how the Royal Navy secured the strategic space from Egypt in the west to Australasia in the East through the first half of the Second World War and explains why this contribution made while Russia s fate remained in the balance and before American economic power took effect was so critical Without it the war would certainly have lasted longer and decisive victory might have proved impossible After the protection of the Atlantic lifeline this was surely the Royal Navy s finest achievement the linchpin of victory The book moves authoritatively between grand strategy intelligence accounts of specific operations and technical assessment of ships and weapons It challenges established perceptions of Royal Navy capability and will change the way we think about Britain s role and contribution in the first half of the war The Navy of 1939 was stronger than usually suggested and British intelligence did not fail against Japan Nor was the

Royal Navy outmatched by Japan coming very close to a British Midway off Ceylon in 1942 And it was the Admiralty demonstrating a reckless disregard for risks that caused the loss of Force Z in 1941 The book also lays stress on the key part played by the American relationship in Britain's Eastern naval strategy Superbly researched and elegantly written it adds a hugely important dimension to our understanding of the war in the East **Ultimate Sacrifice** Lamar Waldron, Thom Hartmann, 2013-08-22 Drawing on seventeen years of research thousands of recently declassified files and dozens of interviews Ultimate Sacrifice re creates and in many ways rewrites the crucial period of our history leading up to November 22 1963 In the process this groundbreaking account provides the missing pieces to the greatest tragic puzzle of post war America the true circumstances behind the assassination of President John F Kennedy Ultimate Sacrifice details a previously unknown Plan for a Coup in Cuba authorized by President John Kennedy run by Attorney General Robert Kennedy and set for December 1 1963 The Kennedy plan unique and different from any previously disclosed operation was as detailed in a Joint Chiefs of Staff memo to have included a palace coup a provisional Cuban government and if necessary a full scale invasion by invited US military forces The CIA's code name for their part of the operation AMWORLD has never previously surfaced in any government investigation nor in any book or article making it one of the most covert operations in United States history Ultimate Sacrifice will detail how the Kennedy plan was penetrated by three mafia godfathers Carlos Marcello Santo Trafficante and Johnny Roselli being vigorously pursued by Attorney General Robert Kennedy along with a dozen of their associates six of whom were also working on the Coup plan The crime bosses then used parts of the Coup Plan AMWORLD to arrange JFK's assassination in a way that would prevent a truly thorough government investigation in order to protect the Coup Plan its participants and national security By using the secrecy surrounding the Plan the mob bosses would target JFK not only in Dallas but in two earlier attempts one in Chicago on November 1 and then one in Tampa on November 18 which Ultimate Sacrifice reveals for the first time in any book Ultimate Sacrifice has finally pieced together the whole story by building on the work of the seven governmental committees that have investigated aspects of the assassination on the work of former government investigators and on the four million documents that were declassified in the 1990s in addition to exclusive interviews with dozens of witnesses and participants including Secretary of State Dean Rusk Press Secretary Pierre Salinger and the Kennedys' closest Cuban exile aide Harry Ruiz Williams [Fodor's The Complete Guide to European Cruises](#) Fodor's, 2013 Describes various cruise lines provides information on dining shopping and attractions at ports of call and offers tips on selecting and booking European cruises and planning shore excursions
