THE AMERICAN REVOLUTION IN THE CAROLINAS

Road To Guilford Courthouse The American Revolution In The Carolinas

William T. Graves

Road To Guilford Courthouse The American Revolution In The Carolinas:

The Road to Guilford Courthouse John Buchanan,1999-07-15 A brilliant account of the proud and ferocious American fighters who stood up to the British forces in savage battles crucial in deciding both the fate of the Carolina colonies and the outcome of the war A tense exciting historical account of a little known chapter of the Revolution displaying history writing at its best Kirkus Reviews His compelling narrative brings readers closer than ever before to the reality of Revolutionary warfare in the Carolinas Raleigh News Observer Buchanan makes the subject come alive like few others I have seen Dennis Conrad Editor The Nathanael Greene Papers John Buchanan offers us a lively accurate account of a critical period in the War of Independence in the South Based on numerous printed primary and secondary sources it deserves a large reading audience Don Higginbotham Professor of History University of North Carolina Chapel Hill

The Road to Guilford Courthouse John Buchanan,1999-07-01 A brilliant account of the proud and ferocious American fighters who stood up to the British forces in savage battles crucial in deciding both the fate of the Carolina colonies and the outcome of the war A tense exciting historical account of a little known chapter of the Revolution displaying history writing at its best Kirkus Reviews His compelling narrative brings readers closer than ever before to the reality of Revolutionary warfare in the Carolinas Raleigh News Observer Buchanan makes the subject come alive like few others I have seen Dennis Conrad Editor The Nathanael Greene Papers John Buchanan offers us a lively accurate account of a critical period in the War of Independence in the South Based on numerous printed primary and secondary sources it deserves a large reading audience Don Higginbotham Professor of History University of North Carolina Chapel Hill

A Guide to the Battles of the American Revolution Theodore P. Savas,J. David Dameron,2006-08-19 A well organized and concise introduction to the war s major battles The Journal of America s Military Past Winner of the Gold Star Book Award for History from the Military Writers Society of America This is the first comprehensive account of every engagement of the Revolution a war that began with a brief skirmish at Lexington Green on April 19 1775 and concluded on the battlefield at the Siege of Yorktown in October 1781 In between were six long years of bitter fighting on land and at sea The wide variety of combats blanketed the North American continent from Canada to the Southern colonies from the winding coastal lowlands to the Appalachian Mountains and from the North Atlantic to the Caribbean Every entry begins with introductory details including the date of the battle its location commanders opposing forces terrain weather and time of day The detailed body of each entry offers both a Colonial and a British perspective of the unfolding military situation a detailed and unbiased account of what actually transpired a discussion of numbers and losses an assessment of the consequences of the battle and suggestions for further reading Many of the entries are supported and enriched by original maps and photos

Colonial America and the American Revolution Clint Johnson,2006-05 For the casual traveler or dedicated history enthusiast this definitive guide gives an illuminating glimpse into the nation s early days and struggle for independence Relive the colonial days through a trip to Williamsburg Virginia Explore Washington Crossing

State Park where one of George Washington's pivotal victories took place on Christmas night in 1776 *The American Revolution* Conservation Fund (Arlington, Va.), 2014 *The American Revolution A Historical Guidebook* is both a guide to the most significant places of the Revolutionary War and a guide to the most authoritative books on the subject. The book presents in chronological order nearly 150 of the most significant battles and historic sites and draws on essays from scholars in the field.

The Battles of Kings Mountain and Cowpens Melissa Walker, 2013 Through government documents, autobiographies, correspondence, this book presents a look at the Southern backcountry that engendered its role in the Revolutionary War with attention to political, social, and military history.

The Revolutionary War in South Carolina Steven D. Smith, Kevin Dougherty, 2025-03-31 A real page turner, a must read for devotees of America's struggle for Liberty and for scholars and students of the Military Art of Leadership. Joining history and modern management thought in one volume, illuminating great men in the crucible of crisis and combat from the strategic to the tactical, from the political to the logistical. Here is a compelling expert telling of the Revolutionary War in its critical human dimension. Leadership. Steven Smith and Kevin Dougherty's collaboration is a winning combination of history and applied leadership theory as to illuminate the bloody contest in South Carolina that changed the world. Major General J. B. Burns, US Army Ret., Trustee, SC RevWar250. An examination of the panorama of individuals whose leadership helped make the Patriot cause successful in South Carolina. Historians Steven D. Smith and Kevin Dougherty look beyond the towering figure of Francis Marion to profile significant personalities and actions both on and off the battlefield in this innovative approach to the Revolutionary War in South Carolina. The book profiles a range of individuals: Henry Laurens was the President of the Council of Safety; Richard Furman was the pastor of a church; John Rutledge was the Governor of South Carolina; and Rebecca Motte was a plantation owner. William Moultrie and Andrew Pickens, perhaps most familiar as soldiers, are discussed in their non-combatant roles: Moultrie as a prisoner of war and Pickens as a post-war civic leader. Military leaders William Jasper, Thomas Sumter, Francis Marion, Isaac Shelby, Nathanael Greene, Daniel Morgan, Tadeusz Kosciuszko, Hezekiah Maham, and Henry Lee round out the selection of profiles. The profiles are preceded by a historical overview of the Southern Campaign and the Revolutionary War in South Carolina in order to provide the reader the background necessary to understand the leadership profiles in context. The book's conclusion highlights that the Revolutionary War was a landmark in the democratization of war and that the choices made by these leaders and their followers reflect the same element of choice inherent in the democratic process.

The War for American Independence, 1775-1783 Jeremy Black, 2021-10-29 The bitter and often bloody fight which accompanied the emergence of the United States of America as an independent force on the world stage has always been a subject of much debate and controversy. Historian Jeremy Black challenges many traditional assumptions and conveys vividly the immediacy of events such as the battles of Bunker Hill and Saratoga and the sieges of Charleston and Yorktown, as well as less famous incidents while also offering an original and thorough assessment of the campaign in its American colonial and European

contexts Combining a chronological survey of the war with a thematic examination of the major issues The War for American Independence 1775 1783 is a comprehensive account of a remarkable campaign **Eutaw** William Gilmore Simms,2007-01-01 The battle of Eutaw Springs in 1781 that ended British domination of South Carolina is the focus of this historical novel that brings to life such notable figures as Francis Marion Nathanael Greene and Light Horse Harry Lee and includes a critical introduction by the editor and the author s chronology as well as appendixes dealing with textual matters Reprint Rise and Fight Again Spencer Tucker,2023-09-19 Next only to Continental army commander General George Washington Nathanael Greene was the most important American general of the War for Independence Self taught but extraordinarily capable Greene won few battles But his campaign that won the South for the revolutionary cause was the most brilliant and daring of the entire war In Rise and Fight Again award winning military historian Spencer Tucker tells the story of Greene s rise from relative obscurity to military prominence at the tender age of thirty two He reveals Greene to have been a strict disciplinarian who insisted on rigorous training but was also deeply concerned for the welfare of his men Tucker also shows that Greene was by nature a problem solver who recognized talent and knew how to harness it effectively Indeed although Greene was the youngest general in his army Washington assigned him the herculean task of serving as its quartermaster general Greene proved so effective in this demanding assignment that in October 1780 he was given command of the Southern Department Taking charge of a sharply depleted dispirited force lacking all manner of military equipment and even clothing Greene refused to be drawn into pitched battles save on favorable terms He rebuilt the Southern army in less than a year and adopted daring tactics that defied conventional military wisdom but recaptured from British control most of the Carolinas and Georgia Greene has rarely been accorded his earned place in the history of the American founding in part because of his early death in 1786 when he was just forty three But with Tucker s brief but masterful biography Greene finally gets his due *The Swamp Fox* Scott Aiken,2012-11-15 As one of the Patriot leaders in the Carolinas the partisan campaign conducted by Brigadier General Francis Marion and his irregular force during the American Revolution prevented South Carolina from completely succumbing to British control during the period between the capture of Charleston in May 1780 and the start of Major General Nathanael Greene s campaign to recover the Southern Colonies in December 1780 During substantial segments of this period he alone held eastern South Carolina from the British and became known as The Swamp Fox for his exploits and elusiveness in harassing the British with his guerilla tactics Upon the arrival of Greene s Continental Army of the Southern Department Marion s forces then reverted in part to an important supporting role in South Carolina for the duration of the war He later assisted in the establishment of the authority of the State of South Carolina and contributed to its post conflict termination If General Marion had not taken action during the American Revolution there is a good possibility that eastern South Carolina would have succumbed to British intent That coupled with the British occupation of Charleston may have provided the British with the requisite momentum needed to

conquer the South Thankfully General Marion's call to action both militarily and politically prevented such momentum from existing The multifaceted aspect of the American Revolution serves as an excellent case study for the conflicts of the twenty first century joint and combined operations civil war insurgency counterinsurgency global superpowers civil military relations this conflict's got it all Many of Marion's partisan actions were forerunners of today's tactics showing his great innovativeness and foresight as a military leader His incessant activities diverted British and Loyalist forces inflicted British and Loyalist casualties supported operations of the Continental Army during its Southern Campaign and sustained the American Revolution in South Carolina He was extremely effective across the range of military operations from guerilla warfare to storming forts He was equally inept in what today would be considered information operations and even participating in the linear tactics of the day in pitched battles Such similarity makes Marion's partisan campaign worth study by current military and political leaders Aiken's portrayal of Brigadier General Marion's partisan actions describes the forerunners of tactics common of today's global security environment tactics used by and against United States forces

The Forayers, Or, The Raid of the Dog Days William Gilmore Simms, 2003-01-01 Historical novelist William Gilmore Simms first published *The Forayers* in 1855 at the peak of his reputation and ability Simms had set out to create a prose epic through a series of linked novels detailing American history and struggles from early colonization to the mid nineteenth century *The Forayers* which was the sixth book in his series of eight Revolutionary War novels set in the South describes events around Orangeburg South Carolina before the Battle of Eutaw Springs itself covered in this novel's sequel *Eutaw* It features such characters as Hell fire Dick a hardhearted foul mouthed looter under Tory protection Simms hoped his readers would find this book a bold brave masculine story frank ardent vigorous faithful to humanity He described it to a friend as fresh and original and wrote that the characterization is as truthful as forcible It is at once a novel of society a romance

The War for American Independence Mark Edward Lender, 2016-08-22 An indispensable resource for investigating America's War for Independence this book provides a comprehensive yet concise narrative that combines the author's original perspectives with the latest scholarship on the subject Without the War for Independence and its successful outcome for the patriots the course of American development our institutions culture politics and economics would have run in radically different directions From any perspective the War for Independence was one of the seminal events of national history This book offers a clear easy to read and complete overview of the origins of the imperial crisis the course of the war and the ultimate success of the movement for independence It also emphasizes the human cost of the struggle the ferocity of the fighting that stemmed from the belief among participants on all sides that defeat was tantamount to cultural political and even physical extinction The narrative encompasses the author's original insights and takes advantage of the newest scholarship on the American Revolution The book includes primary documents and biographical sketches representative of the various participants in the revolutionary struggle for example private soldiers senior officers loyalists women blacks and

Indians as well as famous speeches and important American and British official documents The edited documents offer readers a sense of the actual voices of the revolutionary struggle and a deeper understanding of how primary documents serve historians narration and interpretation of long ago events The result is a new synthesis that brings a deeper understanding of America s defining struggle to an informed public readership as well as college and high school students

Converging Worlds Louise A. Breen,2013-06-17 Providing a survey of colonial American history both regionally broad and Atlantic in coverage Converging Worlds presents the most recent research in an accessible manner for undergraduate students With chapters written by top notch scholars Converging Worlds is unique in providing not only a comprehensive chronological approach to colonial history with attention to thematic details but a window into the relevant historiography Each historian also selected several documents to accompany their chapter found in the companion primary source reader Converging Worlds Communities and Cultures in Colonial America includes timelines tailored for every chapter chapter summaries discussion questions lists of further reading introducing students to specialist literature fifty illustrations Key topics discussed include French Spanish and Native American experiences regional areas such as the Midwest and Southwest religion including missions witchcraft and Protestants the experience of women and families With its synthesis of both broad time periods and specific themes Converging Worlds is ideal for students of the colonial period and provides a fascinating glimpse into the diverse foundations of America For additional information and classroom resources please visit the Converging Worlds companion website at www.routledge.com/textbooks/9780415964999

Backcountry

Revolutionary William T. Graves,2012-12 Biography of Col James Williams 1740 1780 the highest ranking officer who died from wounds suffered at the Battle of Kings Mountain October 7 1780 during the American Revolutionary War

Fourteenth Colony Mike Bunn,2020-11-03 The British colony of West Florida which once stretched from the mighty Mississippi to the shallow bays of the Apalachicola and portions of what are now the states of Florida Alabama Mississippi and Louisiana is the forgotten fourteenth colony of America s Revolutionary era The colony s eventful years as a part of the British Empire form an important and compelling interlude in Gulf Coast history that has for too long been overlooked For a host of reasons including the fact that West Florida did not rebel against the British Government the colony has long been dismissed as a loyal but inconsequential fringe outpost if considered at all But the colony s history showcases a tumultuous political scene featuring a halting attempt at instituting representative government a host of bold and colorful characters a compelling saga of struggle and perseverance in the pursuit of financial stability and a dramatic series of battles on land and water which brought about the end of its days under the Union Jack In Fourteenth Colony historian Mike Bunn offers the first comprehensive history of the colony introducing readers to the Gulf Coast s remarkable British period and putting West Florida back in its rightful place on the map of Colonial America

The Consequences of Loyalism Rebecca Brannon,Joseph S. Moore,2019-02-28 This anthology examines the role of Loyalism in the American Revolution building on the pioneering

work of historian Robert M Calhoon Calhoon's work on American Loyalists redefined their role in the Revolution showing them to be dynamic figures adapting to a society in upheaval In *The Consequences of Loyalism* editors Rebecca Brannon and Joseph S Moore shed light on Calhoon's foundational influence and explore the continuing scholarship in the wake of his prolific career This volume unites sixteen previously unpublished essays that build on Calhoon's work and consider Loyalism's relationship to conflict resolution imperial bureaucracy and identity creation In the first of two sections scholars discuss the complexities of Loyalist identity while considering Calhoon's earlier work In the second section scholars work from Calhoon's later publications to investigate the consequences of Loyalism both for the Loyalists and for the legacy of the Revolutionary War This book brings Loyalist dilemmas alive digging into their personalities and postwar routes Loyalists from all facets of society fought for what they considered their home country women wrote letters commanders took to the battlefield and thinkers shaped the political conversation This volume complements Calhoon's influential work expands the scope of Loyalist studies and opens the field to a deeper perhaps revolutionary understanding of the king's men *The Road to Charleston*

John Buchanan, 2019-03-26 In *The Road to Guilford Courthouse* one of the most acclaimed military histories of the Revolutionary War ever written John Buchanan explored the first half of the critical Southern Campaign and introduced readers to its brilliant architect Major General Nathanael Greene In this long awaited sequel Buchanan brings this story to its dramatic conclusion Greene's Southern Campaign was the most difficult of the war With a supply line stretching hundreds of miles northward it revealed much about the crucial military art of provision and transport Insufficient manpower a constant problem Greene attempted to incorporate black regiments into his army a plan angrily rejected by the South Carolina legislature A bloody civil war between Rebels and Tories was wreaking havoc on the South at the time forcing Greene to address vigilante terror and restore civilian government As his correspondence with Thomas Jefferson during the campaign shows Greene was also bedeviled by the conflict between war and the rights of the people and the question of how to set constraints under which a free society wages war Joining Greene is an unforgettable cast of characters men of strong and at times antagonistic personalities all of whom are vividly portrayed We also follow the fate of Greene's tenacious foe Lieutenant Colonel Francis Lord Rawdon By the time the British evacuate Charleston and Greene and his ragged malaria stricken faithful Continental Army enter the city in triumph the reader has witnessed in telling detail one of the most punishing campaigns of the Revolution culminating in one of its greatest victories **The Passions of Andrew Jackson**

Andrew Burstein, 2004-04-13 Most people vaguely imagine Andrew Jackson as a jaunty warrior and a man of the people but he was much more a man just as complex and controversial as Jefferson or Lincoln Now with the first major reinterpretation of his life in a generation historian Andrew Burstein brings back Jackson with all his audacity and hot tempered rhetoric The unabashedly aggressive Jackson came of age in the Carolinas during the American Revolution migrating to Tennessee after he was orphaned at the age of fourteen Little more than a poorly educated frontier bully when he first opened his public

career he was possessed of a controlling sense of honor that would lead him into more than one duel As a lover he fled to Spanish Mississippi with his wife to be before she was divorced Yet when he was declared a national hero upon his stunning victory at the Battle of New Orleans Jackson suddenly found the presidency within his grasp How this brash frontiersman took Washington by storm makes a fascinating story and Burstein tells it thoughtfully and expertly In the process he reveals why Jackson was so fiercely loved and fiercely hated by the American people and how his presidency came to shape the young country's character

The Wandering Army Huw J. Davies, 2022-01-01 A compelling history of the British Army in the eighteenth and nineteenth centuries showing how the military gathered knowledge from campaigns across the globe Superb analysis William Anthony Hay Wall Street Journal At the outbreak of the War of Austrian Succession in 1742 the British Army's military tactics were tired and outdated stultified after three decades of peace The army's leadership was conservative resistant to change and unable to match new military techniques developing on the continent Losses were cataclysmic and the force was in dire need of modernization both in terms of strategy and in leadership and technology In this wide ranging and highly original account Huw J Davies traces the British Army's accumulation of military knowledge across the following century An essentially global force British armies and soldiers continually gleaned and synthesized strategy from war zones the world over from Europe to the Americas Africa and Asia Davies records how the army and its officers put this globally acquired knowledge to use exchanging information and developing into a remarkable vehicle of innovation leading to the pinnacle of its military prowess in the nineteenth century
