An eye opening guide to the public execution practice of hanging criminals in body shaped cages as a crime deterrent or religious punishment The history of gibbeting is the story of one of Britain s most brutal forms of punishments the hanging of criminals in a body shaped metal cage as a warning and as a form of justice From the folklore of live gibbetings to the eerie historical documenting of this weird post execution tradition The History of Gibbeting examines how and why we dealt with murderers and other serious criminals in this way The book uses case studies through history and takes a look at how the introduction of the Murder Act shaped our relationship with gibbeting for years to come and how we as a society demanded the most shocking post mortem treatment of criminals Whether gibbeting was ever a successful deterrent it is still a fascination today and gibbet cages remain on display in museums all over the country I have to say that I was not aware that gibbeting involved metal cages nor how society clamored for post mortems on gibbeted victims Absolutely fascinating but not for the faint hearted Books Monthly The New York Times Current History ,1915 The horseless carriage Lord Montago ,1977 *Capturing Time* Edwin Barnard,2012 Panoramas whether painted or photographed were the nineteenth century equivalent of IMAX or Google maps These wide angled views of landscapes and cities fascinated viewers who had never before seen such far reaching perspectives on the world around them Based on the National Library of Australia s extensive collections *Capturing Time Panoramas of Old Australia* looks back on our nation through the magic of panoramas to the streets of Sydney when it was the convict capital to the gold rushes of Melbourne and to Perth struggling to establish a toehold on the continent s western frontier Dating from 1810 to the 1920s the paintings and photographs include historic views of all of Australia s capital cities plus some country towns Not only can readers imagine what it might have been like to stand on Sydney s Observatory Hill in 1820 for example but also what it would have been like to stand there with a companion able to point out landmarks and tell the sorts of interesting stories that only locals know **Air University Library Index to Military Periodicals** ,1997 *Current History and Forum ...* ,1915 *The road to France* Benedict Crowell,Robert Forrest Wilson,1921 **Literature Connections to World History K6** Lynda G.
