Patt, Michael Berkowitz, 2010 Collects groundbreaking research on displaced persons DPs in Europe in the period after World War II and before the establishment of Israel By the

spring of 1947 less than two years after Nazi Germany's defeat some 250 000 Jewish refugees remained in the displaced persons camps of Germany Italy and Austria Yet many Jews did not know whether to return to their home countries or move on to someplace else As a result these stateless displaced persons DPs created a unique space for political cultural and social rebirth that was tempered by the complications of overcoming recent trauma In We Are Here editors Avinoam J Patt and Michael Berkowitz present current research on DPs between the end of the war and the creation of the State of Israel in order to present a more complete and nuanced picture of the DP experience challenging many earlier assumptions about this group Contributors to this volume analyze art music and literature of the DPs as well as historical records of specific DP communities to explore the first reactions of survivors to liberation and their understanding of place in the context of postwar Germany and in Europe more generally A number of the contributions in this volume challenge prior interpretations of Jewish DPs and Holocaust survivors including the supposedly unified background of the DP population the notion of a general reluctance to confront the past the idea of Zionism as an inevitable success after the war and the suggestion that Jews despite their presence in Germany strenuously avoided contact with Germans Far from constituting a monolithic whole then We Are Here demonstrates that the DPs were composed of diverse groups with disparate wartime experiences Responding to burgeoning scholarship on DPs and related issues We Are Here sifts through the copious records DPs left behind to shed light on the many facets of a vibrant DP society Scholars of the Holocaust and all readers concerned with the Jewish experience immediately after World War II will be grateful for this volume The Forgotten Rev. Christopher Lawrence Zugger, 2001-04-01 This remarkable work traces the history of Soviet Catholicism from its rich life in 1914 through its tentative fate in the first sixty years of the USSR Rev Zugger tells of the faithful men and women shackled by dictatorship doomed to deportation and abandoned by their own church in the west Soviet Russia was an empire born of atheism with religion viewed as a threat to the state s notion of individualism By 1932 dictator Joseph Stalin firmly declared that religion would be extinct in the USSR within five years In this compelling volume Zugger details the Soviet campaign against Catholicism among many ethnic groups and worshippers whose devotion would not be shaken He shows how they kept faith alive in prison camps in remote villages in monastery prisons and in the secrecy of their homes where the light of faith continued to burn brightly while churches crumbled or became dance halls and office buildings This is the first book in English to recount the fate of Catholic Russia and the church in the various lands conquered by Soviet rule It is at once a memorial to those who perished a tribute to those who survived and a testament to the enduring power of faith **Iewish Responses to Persecution: 1941-1942** Jürgen Matthäus, 2013-04-18 Published in association with the United States Holocaust Memorial Museum Jewish Responses to Persecution 1941 1942 is the third volume in a five volume set published in association with the United States Holocaust Memorial Museum that offers a new perspective on Holocaust history Incorporating historical documents and accessible narrative this volume sheds light on the personal and public lives of Jews

during a period when Hitler's triumph in Europe seemed assured and the mass murder of millions had begun in earnest The primary source material presented here including letters diary entries photographs transcripts of speeches newspaper articles and official memos and reports makes this volume an essential research tool and curriculum companion

Fegelein's Horsemen and Genocidal Warfare H. Pieper, 2014-10-20 The SS Cavalry Brigade was a unit of the Waffen SS that differed from other German military formations as it developed a dual role SS cavalrymen both helped to initiate the Holocaust in the Soviet Union and experienced combat at the front Children with a Star Deborah Dwork.1991-01-01 The book is based on hundreds of oral histories conducted in Europe and North America with survivors who were children in the Holocaust primary documentation uncovered by the author including diaries letters photographs and family albums and archival records Drawing on these sources Dwork reveals the feeling daily activities and perceptions of Jewish children who lived and died in the shadow of Holocaust She reconstructs and analyzes the many different experiences the children faced In the early years of Nazi domination they lived at home increasingly oppressed by rising anti Semitism Later some went into hiding while others attempted to live openly on gentile papers As time passed more and more were forced into transit camps ghettos and death and slave labour camps Although nearly 90 percent of the Jewish children in Nazi Europe were murdered we learn in this history not of their deaths but of the circumstances of their lives The Cambridge History of Judaism: Volume 8, The Modern World, 1815-2000 Mitchell B. Hart, Tony Michels, 2017-09-28 The eighth and final volume of The Cambridge History of Judaism covers the period from roughly 1815 2000 Exploring the breadth and depth of Jewish societies and their manifold engagements with aspects of the modern world it offers overviews of modern Jewish history as well as more focused essays on political social economic intellectual and cultural developments. The first part presents a series of interlocking surveys that address the history of diverse areas of Jewish settlement The second part is organized around the emancipation Here chapter themes are grouped around the challenges posed by and to this elemental feature of Jewish life in the modern period The third part adopts a thematic approach organized around the category culture with the goal of casting a wide net in terms of perspectives concepts and topics The final part then focuses on the twentieth century offering readers a sense of the dynamic nature of Judaism and Jewish identities and affiliations Warsaw Ghetto Police Katarzyna Person, 2021-04-15 In Warsaw Ghetto Police Katarzyna Person shines a spotlight on the lawyers engineers young yeshiva graduates and sons of connected businessmen who in the autumn of 1940 joined the newly formed Jewish Order Service Person tracks the everyday life of policemen as their involvement with the horrors of ghetto life gradually increased Facing and engaging with brutality corruption and the degradation and humiliation of their own people these policemen found it virtually impossible to exercise individual agency While some saw the Jewish police as fellow victims others viewed them as a more dangerous threat than the German occupation authorities both were held responsible for the destruction of a historically important and thriving community Person emphasizes the complexity of the situation the policemen's place in the

network of social life in the ghetto and the difficulty behind the choices that they made By placing the actions of the Jewish Order Service in historical context she explores both the decisions that its members were forced to make and the consequences of those actions Featuring testimonies of members of the Jewish Order Service and of others who could see them as they themselves could not Warsaw Ghetto Police brings these impossible situations to life It also demonstrates how a community chooses to remember those whose allegiances did not seem clear Published in Association with the US Holocaust Memorial Museum

German Reparations and the Jewish World Ronald W. Zweig,2014-02-25 German Reparations and the Jewish World has become a standard reference work since it was first published Based extensively on archival sources the author examines the difficult debate within the Jewish world whether it was possible to reach a material settlement with Germany so soon after Auschwitz Concentrating on how the money was spent in rebuilding Jewish life he also analyzes how the reparations payments transformed the relations between Israel and the diaspora and between different Jewish political and ideological groups This revised and expanded edition includes material on sensitive relief programmes from archives that have only recently been opened to researchers In a new extensive introductory essay the author reexamines the reparations restitution and indemnification processes from the perspective of 50 years later
