**Roadside Geology of New York** Bradford B. VanDiver,1985 Maps cross sections diagrams photos and text describe the geologic foundations of the state of New York      **Roadside geology of New York** Bradford B. Van Diver,1989

**Rockhounding New York** Robert Beard,2025-07-01 A complete guide and source book brimming with advice on collecting and preparing gems and minerals      *Longstreet Highroad Guide to the New York Adirondacks* Phil Brown,1999 The indispensable guide to the best the New York Adirondacks have to offer      New York State: Peoples, Places, and Priorities Joanne Reitano,2015-08-11 The state of New York is virtually a nation unto itself Long one of the most populous states and home of the country s most dynamic city New York is geographically strategic economically prominent socially diverse culturally innovative and politically influential These characteristics have made New York distinctive in our nation s history In New York State Peoples Places and Priorities Joanne Reitano brings the history of this great state alive for readers Clear and accessible the book features Primary documents and illustrations in each chapter encouraging engagement with historical sources and issues Timelines for every chapter along with lists of recommended reading and websites Themes of labor liberty lifestyles land and leadership running throughout the text Coverage from the colonial period up through the present day including the Great Recession and Andrew Cuomo s governorship Highly readable and up to date New York State Peoples Places and Priorities is a vital resource for anyone studying teaching or just interested in the history of the Empire State      Roadside Geology of Vermont and New Hampshire Bradford B. VanDiver,1987 An introductory chapter briefly reviews the states geology followed by a series of road guides with the local particulars The authors tell you what the rocks are and what they mean Useful graphics and charts supplement the text and help you to unders      The Letchworth State Park Atlas Stephen J. Tulowiecki,2022-08-01 Finalist for the 2022 Foreword INDIES Book of the Year Award in the Regional Category With thundering waterfalls towering cliffs and vibrant autumn foliage Letchworth State Park in New York is one of the most scenically spectacular parks in the eastern United States attracting one million visitors per year Modern tourists visit the park primarily to appreciate its scenery However the park has a long complex and sometimes contentious environmental and human history that spans back to Native American settlement The Letchworth State Park Atlas includes over one hundred pages of maps that shine new light on the nature history and tourism of the park Maps feature the park s geology ecological communities weather and climate water Native American settlement nineteenth century settlement tourist origins and recreational opportunities An ideal cartographic companion for a park visit The Letchworth State Park Atlas is an educational resource for newcomers and those with a long held interest in the park      *Explorer's Guide 50 Hikes in Central New York's Leatherstocking Country* Bill Bowers,Eileen McNulty-Bowers,2010-06-14 Rich in Native American and Revolutionary War history New York State s Leatherstocking Country is a hiker s paradise blessed with a scenic rural landscape and abundant flora and fauna Longtime central New York residents and avid hikers Bill and Eileen Bowers guide

you through some of the best hiking opportunities in central New York from the eastern shore of Lake Ontario and the Syracuse region to the Southern Tier the northern Catskills the Erie Canalway Trail and much more The hikes in this addition to in Countryman s acclaimed Explorer s Guide 50 Hikes series range in length and difficulty from half mile nature trails suitable for families with children to strenuous daylong treks across rough terrain A Hikes at a Glance table makes it easy to choose hikes for every interest and ability level Each hike description includes mile by mile directions information on hiking time mileage and trail conditions as well as knowledgeable commentary on the natural and human history you ll encounter along the way *Ecological Subregions of the United States, Section Descriptions* ,1994

**The Geotourism Industry in the 21st Century** Bahram Nekouie Sadry,2020-11-01 Here is an engaging overview of the development of definition of and approach to modern geotourism a growing movement to help sustain and showcase the distinctive geographical characteristics of many places around the world This volume provides a clear conceptual framework with illustrative examples from all corners of the world to better understand abiotic nature based tourism The volume looks at the establishment and effective management of the over 140 UNESCO geoparks around the world and other travel and tourism destinations of interest for their significant historical cultural and frequently stunning physical attributes With studies from a selection of geotourist areas the volume explores urban geotourism mining heritage geomorphological landforms geoheritage based on cultural and historical interest roadside geology of the U S community engagement and volunteer management programs and much more There is even a chapter on space and celestial geotourism

**Birdwatching in New York City and on Long Island** Deborah Rivel,Kellye Rosenheim,2016-05-03 This easy to use guide gives seasonal information for both popular birding sites and those off the beaten path Precise directions to the best viewing locations within the region s diverse habitats enable birdwatchers to efficiently explore urban and wild birding hotspots Over 500 species of birds can be seen in New York City s five boroughs and on Long Island one of the most densely populated and urbanized regions in North America which also happens to be situated directly on the Atlantic Flyway In this fragmented environment of scarce resources birds concentrate on what s available This means that high numbers of birds are found in small spaces In fact Central Park alone attracts over 225 species of birds which birders from around the world flock to see during spring and fall migration Beyond Central Park the five boroughs and Long Island have numerous wildlife refuges of extraordinary scenic beauty where resident and migratory birds inhabit forests wetlands grasslands and beaches These special places present an opportunity to see a wide array of songbirds endangered nesting shorebirds raptors and an unprecedented number and variety of waterfowl Including the latest information on the seasonal status and distribution of more than 400 species with 39 maps and over 50 photographs this full color guide features information essential to planning a birding visit It will become the go to book for both the region s longtime birders and those exploring the area for the first time

**Upstate New York** Elizabeth J. Cockey,Barton M. Cockey,2008 Upstate New York is an illustrated history of the countryside in the Upper Hudson River

Valley including six towns that played an important role in the American Revolution It is a travel book that discusses the life and times of the people who live there now and who lived there in days gone by **A Field Guide to Long Island Sound** Patrick J. Lynch, 2017-01-01 Cover Half title Title Copyright Contents Acknowledgments Preface Regional map Introduction Physical coast Weather and water Human history Shallows Depths Beaches and dunes Rocky shores Salt marshes Coastal forests Connecticut locations New York locations Bibliography Illustration Credits Index A B C D E F G H I J K L M N O P Q R S T V W Y **Fulton Street Transit Center, New York, New York, Section 4(f) Evaluation**, 2004 *Five-Star Trails: Finger Lakes and Central New York* Timothy Starmer, 2014-10-21 The Finger Lakes and Central New York are not known for rugged mountains and their panoramic vistas which are so commonly sought in the Adirondacks to the north They hardly could be the area was scoured clean by glaciers millennia ago But don't let that fool you the region is full of natural wonders of its own Instead of mountains and ridges the region is known for rolling drumlins an abundance of scenic gorges quiet woodlands beautiful waterfalls and picturesque lakes Trails included in Five Star Trails Finger Lakes and Central New York by Tim Starmer feature a broad mixture of these landscapes and were carefully selected to give the most varied but also rewarding experience when picking a trail Each trail has been thoroughly researched recently hiked and includes a detailed description trail profiles and map At a glance ratings in important categories such as Scenery Trail Condition Difficulty Solitude and appropriateness for children let you quickly select a trail that fits your tastes and ability Other useful information such as fees restrictions for dogs on the trail as well as advice on when to visit offers you the best information so you can plan your trip with ease *Five-Star Trails: Finger Lakes and Central New York* Tim Starmer, 2014-08-15 The Finger Lakes and Central New York are not known for rugged mountains and their panoramic vistas which are so commonly sought in the Adirondacks to the north They hardly could be the area was scoured clean by glaciers millennia ago But don't let that fool you the region is full of natural wonders of its own Instead of mountains and ridges the region is known for rolling drumlins an abundance of scenic gorges quiet woodlands beautiful waterfalls and picturesque lakes The trails included in Five Star Trails New York's Finger Lakes and Central Region feature a broad mixture of these landscapes and were carefully selected to give the most varied but also rewarding experience when picking a trail An assortment of state parks local parks state forests conservancy areas wildlife preserves and nature centers riddle the region and choice selections from each means you can find a trail that suits your preference for how civil or wild you might desire Trails for all experience levels are included and provide opportunities for adventure for novice and expert alike Some of these trails are well known and their inclusion in this new guide is no surprise However far more are lesser known and a little more off the beaten path Though these trails are not hard to find they are hard to find any real details about What should you expect along the trail Is the terrain rough Will there be interesting things along the trip Is the trail appropriate and or safe for children Well that lack of information is no longer an issue Each trail has been thoroughly researched recently hiked and

includes a detailed description trail profiles and map At a glance ratings in important categories such as Scenery Trail Condition Difficulty Solitude and appropriateness for children let you quickly select a trail that fits your tastes and ability Other useful information such as fees restrictions for dogs on the trail as well as advice on when to visit offers you the best information so you can plan your trip with ease Sized to fit in a pocket this guide is convenient to keep in the car or toss into a backpack Driving directions direct hikers to the nearest trailhead parking areas and GPS trailhead coordinates get them to the start of the trail

Gotham Edwin G. Burrows, Mike Wallace, 1998-11-19 To European explorers it was Eden a paradise of waist high grasses towering stands of walnut maple chestnut and oak and forests that teemed with bears wolves raccoons beavers otters and foxes Today it is the site of Broadway and Wall Street the Empire State Building and the Statue of Liberty and the home of millions of people who have come from every corner of the nation and the globe In Gotham Edwin G Burrows and Mike Wallace have produced a monumental work of history one that ranges from the Indian tribes that settled in and around the island of Manna hata to the consolidation of the five boroughs into Greater New York in 1898 It is an epic narrative a story as vast and as varied as the city it chronicles and it underscores that the history of New York is the story of our nation Readers will relive the tumultuous early years of New Amsterdam under the Dutch West India Company Peter Stuyvesant s despotic regime Indian wars slave resistance and revolt the Revolutionary War and the defeat of Washington s army on Brooklyn Heights the destructive seven years of British occupation New York as the nation s first capital the duel between Aaron Burr and Alexander Hamilton the Erie Canal and the coming of the railroads the growth of the city as a port and financial center the infamous draft riots of the Civil War the great flood of immigrants the rise of mass entertainment such as vaudeville and Coney Island the building of the Brooklyn Bridge and the birth of the skyscraper Here too is a cast of thousands the rebel Jacob Leisler and the reformer Joanna Bethune Clement Moore who saved Greenwich Village from the city s street grid plan Herman Melville who painted disillusioned portraits of city life and Walt Whitman who happily celebrated that same life We meet the rebel Jacob Leisler and the reformer Joanna Bethune Boss Tweed and his nemesis cartoonist Thomas Nast Emma Goldman and Nellie Bly Jacob Riis and Horace Greeley police commissioner Theodore Roosevelt Colonel Waring and his white angels who revolutionized the sanitation department millionaires John Jacob Astor Cornelius Vanderbilt August Belmont and William Randolph Hearst and hundreds more who left their mark on this great city The events and people who crowd these pages guarantee that this is no mere local history It is in fact a portrait of the heart and soul of America and a book that will mesmerize everyone interested in the peaks and valleys of American life as found in the greatest city on earth Gotham is a dazzling read a fast paced brilliant narrative that carries the reader along as it threads hundreds of stories into one great blockbuster of a book

**City in the Sky** James Glanz, Eric Lipton, 2014-01-21 The definitive biography of the iconic skyscrapers and the ambitions that shaped them from their dizzying rise to their unforgettable fall More than a year after the nation began mourning the lives lost in the attacks on the World Trade Center it

became clear that something else was being mourned the towers themselves They were the biggest and brashest icons that New York and possibly America has ever produced magnificent giants that became intimately familiar around the globe Their builders were possessed of a singular determination to create wonders of capitalism as well as engineering refusing to admit defeat before natural forces economics or politics No one knows the history of the towers better than New York Times reporters James Glanz and Eric Lipton In a vivid brilliantly researched narrative the authors re create David Rockefeller s ambition to rebuild lower Manhattan the spirited opposition of local storeowners and powerful politicians the bold structural innovations that later determined who lived and died master builder Guy Tozzoli s last desperate view of the towers on September 11 and the charged and chaotic recovery that could have unraveled the secrets of the buildings collapse but instead has left some enduring mysteries *City in the Sky* is a riveting story of New York City itself of architectural daring human frailty and a lost American icon

*A Field Guide to the Mid-Atlantic Coast* Patrick J. Lynch, 2021-03-23 A beautifully illustrated field guide to the Mid Atlantic region from the Jersey Shore to Cape Hatteras The Outer Banks of North Carolina and the beaches of the Mid Atlantic Coast are among the most popular tourist destinations in the United States This book is a richly illustrated field guide that surveys the geology environmental history natural history and human history of a region that spans the eastern seaboard from Sandy Hook in New Jersey south to Cape Hatteras on the Outer Banks of North Carolina It is organized around environments not particular locations Included are the geology of beaches and barrier islands the environmental history of the region as well as detailed looks at the natural history of beaches dunes maritime forests coastal marshes and estuaries Also covered are issues involving human activity and climate change which have become dominant forces shaping geophysical and biological environments This guide will enable users to walk into a salt marsh or onto a beach and identify much of what they see

**The Hudson** Tom Lewis, 2007-04-01 The Hudson River has always played a vital role in American culture Flowing through a valley of sublime scenery the great river uniquely connects America s past with its present and future This book traces the course of the river through four centuries recounting the stories of explorers and traders artists and writers entrepreneurs and industrialists ecologists and preservationists those who have been shaped by the river as well as those who have helped shape it Their compelling narratives attest to the Hudson River s distinctive place in American history and the American imagination Among those who have figured in the history of the Hudson are Benedict Arnold Alexander Hamilton Franklin and Eleanor Roosevelt the Astors and the Vanderbilts and Thomas Cole of the Hudson River school Their stories appear here alongside those of such less famous individuals as the surveyor who found the source of the Hudson and the engineer who tried to build a hydroelectric plant at Storm King Mountain Inviting us to view the river from a wider perspective than ever before this entertaining and enlightening book is worthy of its grand subject

### **Roadside Geology Of New York Introduction**

In the digital age, access to information has become easier than ever before. The ability to download Roadside Geology Of New York has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Roadside Geology Of New York has opened up a world of possibilities. Downloading Roadside Geology Of New York provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Roadside Geology Of New York has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Roadside Geology Of New York. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Roadside Geology Of New York. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Roadside Geology Of New York, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Roadside Geology Of New York has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By

doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

### **FAQs About Roadside Geology Of New York Books**
