Rob Walker:

Buying In Rob Walker, 2008-06-03 Brands are dead Advertising no longer works Consumers are in control Or so we re told In Buying In Rob Walker argues that this accepted wisdom misses a much more important cultural shift including a practice he calls murketing in which people create brands of their own and participate in unprecedented ways in marketing campaigns for their favorites Yes rather than becoming immune to them we are rapidly embracing brands Profiling Timberland American Apparel Pabst Blue Ribbon Red Bull iPod and Livestrong among others Walker demonstrates the ways in which buyers adopt products not just as consumer choices but as conscious expressions of their identities Part marketing primer part work of cultural anthropology Buying In reveals why now more than ever we are what we buy and vice versa
