Browning, Victorian Poetics and the Romantic Legacy Dr Britta Martens,2013-05-28 Taking an original approach to Robert Browning s poetics Britta Martens focuses on a corpus of relatively neglected poems in Browning s own voice in which he reflects on his poetry his self conceptualization and his place in the poetic tradition She analyzes his work in relation to Romanticism Victorian reactions to the Romantic legacy and wider nineteenth century changes in poetic taste to argue that in these poems as in his more frequently studied dramatic monologues Browning deploys varied dramatic methods of self representation often critically and ironically exposing the biases and limitations of the seemingly authoritative speaker Browning The poems thus become devices for Browning s detached evaluation of his own and of others poetics an evaluation never fully explicit but presented with elusive economy for the astute reader to interpret The confrontation between the personal authorial voice and the dramatic voice in these poems provides revealing insights into the poet s highly self conscious conflicted and sustained engagement with the Romantic tradition and the diversely challenging reader expectations that he faces in a post Romantic age As the Victorian most rigorous in his rejection of Romantic self expression Browning is a key transitional figure between the sharply antagonistic periods of Romanticism and Modernism He is also as Martens persuasively demonstrates a poet of complex contradictions and an illuminating case study for addressing the perennial issues of voice authorial authority and self reference *Browning* Roy E. Gridley,2016-04-28 First published in 1972 Browning was a keen observer and dramatic recorder of nineteenth century European culture his poetry reflects a wide range of intellectual religious and artistic issues of his day Roy E Gridley shows here that during the six decades of Browning s active writing career 1832 89 his poetry is a record and an interpretation of the changing modes of thought feeling and expression of nineteenth century life Browning was a romantic who by virtue of his realistic and often revolutionary poetry became a modern and had considerable influence on writers such as Yeats Eliot and Pound While surveying the whole of Browning s life and work Gridley focuses closely on the more famous poems examining them as documents that give the general reader a deeper appreciation of the richness and diversity of life in Victorian Europe **Routledge Library**

Victorian Poetry Isobel Armstrong, 2019-01-30 In *Victorian Poetry Poetry Poetics and Politics* Isobel Armstrong rescued Victorian poetry from its longstanding sepia image as a moralised form of romantic verse and unearthed its often subversive critique of nineteenth century culture and politics In this uniquely comprehensive and theoretically astute new edition Armstrong provides an entirely new preface that notes the key advances in the criticism of Victorian poetry since her classic work was first published in 1993 A new chapter on the alternative fin de siècle sees Armstrong discuss Michael Field Rudyard Kipling Alice Meynell and a selection of Hardy lyrics The extensive bibliography acts as a key resource for students and scholars alike

The Blackwell Companion to the Bible in English Literature Rebecca Lemon, Emma Mason, Jonathan Roberts, Christopher Rowland, 2010-03-25 This Companion explores the Bible's role and influence on individual writers whilst tracing the key developments of Biblical themes and literary theory through the ages An ambitious overview of the Bible's impact on English literature as arguably the most powerful work of literature in history from the medieval period through to the twentieth century Includes introductory sections to each period giving background information about the Bible as a source text in English literature and placing writers in their historical context Draws on examples from medieval early modern eighteenth century and Romantic Victorian and Modernist literature Includes many secular or anti clerical writers alongside their Christian contemporaries revealing how the Bible's text shifts and changes in the writing of each author who reads and studies it

"The" Browning Society's Papers, 1881 Royal Representations Margaret Homans, 2015-03-10 Queen Victoria was one of the most complex cultural productions of her age In *Royal Representations* Margaret Homans investigates the meanings Victoria held for her times Victoria's own contributions to Victorian writing and art and the cultural mechanisms through which her influence was felt Arguing that being seeming and appearing were crucial to Victoria's rule Homans explores the variability of Victoria's agency and of its representations using a wide array of literary historical and visual sources Along the way she shows how Victoria provided a deeply equivocal model for women's powers in and out of marriage how Victoria's dramatic public withdrawal after Albert's death helped to ease the monarchy's transition to an entirely symbolic role and how Victoria's literary self representations influenced debates over political self representation Homans considers versions of Victoria in the work of Elizabeth Barrett Browning George Eliot John Ruskin Margaret Oliphant Lewis Carroll Alfred Lord Tennyson and Julia Margaret Cameron
