Visions of the Human Tom Slevin,2015-05-28 In what ways do the artistic avant garde s representations of the human body reflect the catastrophe of World War I The European modernists were inspired by developments in the nineteenth century yielding new forms of knowledge about the nature of reality and repositioning the human body as the new object of knowledge New visions of the human subject were created within this transformation However modernity s reactionary political climate for which World War I provided a catalyst transformed a once liberal ideal between humanity environment and technology into a tool of disciplinary rationalisation *Visions of the Human* considers the consequences of this historical moment for the twentieth and twenty first centuries It explores the ways in which the technologies of the self that inspired the avant garde were increasingly instrumentalised by conservative politics urbanism consumer capitalism and the society of the spectacle This is an engaging and powerful study which challenges prior ideas and explores new ways of thinking about modern visual culture

The Imagery of Interior Spaces Michael J. Kelly,Dominique Bauer,2019 On the unstable boundaries between interior and exterior private and public and always in some way relating to a beyond the imagery of interior space in literature reveals itself as an often disruptive code of subjectivity and of modernity The wide variety of interior spaces elicited in literature from the odd room over the womb secluded parks and train compartments to the city as a world under a cloth reveal a common defining feature these interiors can all be analyzed as codes of a paradoxical both assertive and fragile subjectivity in its own unique time and history They function as subtexts that define subjectivity time and history as profoundly ambiguous realities on interchangeable existential socio political and epistemological levels This volume addresses the imagery of interior spaces in a number of iconic and also lesser known yet significant authors of European North American and Latin American literature of the nineteenth twentieth and twenty first centuries Djuna Barnes Edmond de Goncourt William Faulkner Gabriel Garc a M rquez Benito P rez Gald s Elsa Morante Robert Musil Jules Romaines Peter Waterhouse and mile Zola

The Modern Woman Revisited Whitney Chadwick,Tirza True Latimer,2003 Between the two world wars Paris served as the setting for unparalleled freedom for expatriate as well as native born French women who enjoyed unprecedented access to education and opportunities to participate in public artistic and intellectual life Many of these women including Colette Tamara de Lempicka Sonia Delaunay Djuna Barnes Augusta Savage and Lee Miller made lasting contributions to art and literature

The Spiritual Dynamic in Modern Art C. Spretnak,2014-10-22 This book demonstrates that numerous prominent artists in every period of the modern era were expressing spiritual interests when

they created celebrated works of art This magisterial overview insightfully reveals the centrality of an often denied and misunderstood element in the cultural history of modern art **Movement, Manifesto, Melee** Milton A. Cohen,2004-01-01

The years before World War I were a fertile period for artists in Europe and the United States who were challenging aesthetic convention in music writing and the visual arts These early pioneers of modernism sometimes preferred to work alone but just as often they were associated with groups whose boundaries were permeable and freely changing While these individual groups including the Futurists Imagists Blue Rider and the Second Vienna School have been thoroughly studied scholars of the period have often neglected the formative and pervasive interactions of these groups across geographic and artistic boundaries Providing a historical taxonomy of this influential milieu Milton Cohen demonstrates how these groups were largely responsible for the artistic innovation and nearly all the avant garde agitation and major events of these years With concluding appendices intended for scholars and specialists this engagingly written book will be useful not only for classroom use and scholarly research but will appeal to anyone interested in reading a fresh approach to the history of early modernism *Olivier Messiaen's Opera, Saint Francois d'Assise* Vincent Perez Benitez,2019-07-25

In this comprehensive study of Olivier Messiaen s magnum opus Saint Fran ois d Assise Vincent Perez Benitez examines the opera from both theological and musical analytical perspectives to ask how Messiaen expresses his Catholic theology through his work Benitez combines a close reading of the opera score with accounts from Messiaen s associates studies of Messiaen s birdsong notebooks and other primary documents and an examination of the religious musical poetic and visual arts literature with which the composer was familiar to explore how the opera s harmonic language and sound color relationships motivate its musical meaning and expression Through his analysis of these diverse sources and comparisons of Saint Fran ois d Assise with other works such as Berg s Wozzeck and Wagner s Parsifal Benitez places Messiaen s compositional practice within larger musical perspectives and historical contexts **The Spatiality of the Hispanic Avant-Garde** Claudio

Modernism on Stage Juliet Bellow,2017-07-05 Modernism on Stage restores Serge Diaghilev s Ballets Russes to its central role in the Parisian art world of the 1910s and 1920s During those years the Ballets Russes stage served as a dynamic forum for the interaction of artistic genres dance music and painting in a mixed media form inspired by

Richard Wagner's Gesamtkunstwerk total work of art This interdisciplinary study combines a broad history of Diaghilev's troupe with close readings of four ballets designed by canonical modernist artists Pablo Picasso Sonia Delaunay Henri Matisse and Giorgio de Chirico Experimental both in concept and form these productions redefine our understanding of the interconnected worlds of the visual and performing arts elite culture and mass entertainment in Paris between the two world wars This volume traces the ways in which artists working with the Ballets Russes adapted painterly styles to the temporal three dimensional and corporeal medium of ballet Analyzing interactions among sets costumes choreography and musical accompaniment the book establishes what the Ballets Russes productions looked like and how audiences reacted to them Juliet Bellow brings dance to bear upon modernist art history as more than a source of imagery or ornament she spotlights a complex dialogue among art forms that did not preclude but rather enhanced artists' interrogation of the limits of medium

Improvisation Simon Shaw-Miller, 2022-04-07 Central to the development of abstract art in the early decades of the 20th century was the conception most famously articulated by Walter Pater that the most appropriate paradigm for non figurative art was music The assumption has always been that this model was most effectively understood as Western art music classical music However the musical form that was abstract art's true twin is jazz a music that originated with African Americans but which had a profound impact on European artistic sensibilities Both art forms share creative techniques of rhythm groove gesture and improvisation This book sets out to theorize affinities and connections between and across two seemingly diverse cultural phenomena

Icons in Time, Persons in Eternity C.A. Tsakiridou, 2016-05-13 *Icons in Time* *Persons in Eternity* presents a critical interdisciplinary examination of contemporary theological and philosophical studies of the Christian image and redefines this within the Orthodox tradition by exploring the ontological and aesthetic implications of Orthodox ascetic and mystical theology It finds Modernist interest in the aesthetic peculiarity of icons significant and essential for re evaluating their relationship to non representational art Drawing on classical Greek art criticism Byzantine ekphrasis and hymnography and the theologies of St Maximus the Confessor St Symeon the New Theologian and St Gregory Palamas the author argues that the ancient Greek concept of energeia best conveys the expression of theophany and theosis in art The qualities that define energeia inherent liveliness expressive autonomy and self subsisting form are identified in exemplary Greek and Russian icons and considered in the context of the hesychastic theology that lies at the heart of Orthodox Christianity An Orthodox aesthetics is thus outlined that recognizes the transcendent being of art and is open to dialogue with diverse pictorial and iconographic traditions An examination of Chinese Zen art theory and a comparison of icons with paintings by Wassily Kandinsky Pablo Picasso Mark Rothko and Marc Chagall and by Japanese artists influenced by Zen Buddhism reveal intriguing points of convergence and difference The reader will find in these pages reasons to reconcile Modernism with the Christian image and Orthodox tradition with creative form in art
