Robert Duncan Twaynes United States Authors Series:

Twayne's United States Authors Series, 1972 American Literature and Science Robert Scholnick, 2021-10-21
Literature and science are two disciplines often thought to be unrelated if not actually antagonistic But Robert J Scholnick points out that these areas of learning up through the beginning of the nineteenth century were understood as parts of a unitary endeavor By mid century they had diverged but literature and science have continued to interact conflict and illuminate each other In this innovative work twelve leaders in this emerging interdisciplinary field explore the long engagement of American writers with science and uncover science s conflicting meanings as a central dimension of the nation s conception of itself Reaching back to the Puritan poet minister physician Edward Taylor who wrote at the beginning of the scientific revolution and forward to Thomas Pynchon novelist of the cybernetic age this collection of original essays contains essential work on major writers including Franklin Jefferson Poe Emerson Thoreau Twain Hart Crane Dos Passos and Charles Olson Through its exploration of the ways that American writers have found in science and technology a vital imaginative stimulus even while resisting their destructive applications this book points towards a reconciliation and integration within culture An innovative look at a neglected dimension of our literary tradition American Literature and Science stands as both a definition of the field and an invitation to others to continue and extend new modes of inquiry *Mysticism in Postmodernist Long Poems* Joe Moffett, 2014-10-28 Written from a literary critic s perspective *Mysticism in Postmodernist Long Poems* borrows insights from Religious Studies and critical theory to examine the role of spirituality in contemporary poetry specifically the genre of the long poem Descending from Whitman s *Song of Myself* the long poem is often considered the American twentieth century equivalent of the epic poem but unlike the epic it carries few generic expectations aside from the fact that it simply must be long This makes the form particularly pliable as a tool for spiritual inquiry The period following World War II is often described as a secular age but spirituality continued as a concern for poets as evidenced by this study These writers look beyond conventional faith systems and instead seek individual paths of understanding they engage in mysticism in other words With chapters on H D and Brenda Hillman Robert Duncan James Merrill Charles Wright and Galway Kinnell and Gary Snyder this study demonstrates how these poets engage the culture of consumption in the postwar years at the same time they search for opportunities for transcendence Not content to throw over the earthly in favor of the otherworldly these poets reject the familiar binary of the worldly and metaphysical to produce distinctive paths of spiritual understanding that fuel what Wright calls a contemplation of the divine Robert Creeley, Edward Dorn, and Robert Duncan Willard Fox, 1989 *The New York School Poets and the Neo-Avant-Garde* Mark Silverberg, 2016-02-17 New York City was the site of a remarkable cultural and artistic renaissance during the 1950s and 60s In the first monograph to treat all five major poets of the New York School John Ashbery Barbara Guest Kenneth Koch Frank O Hara and James Schuyler Mark Silverberg examines this rich period of cross fertilization between the arts Silverberg uses

the term neo avant garde to describe New York School Poetry Pop Art Conceptual Art Happenings and other movements intended to revive and revise the achievements of the historical avant garde while remaining keenly aware of the new problems facing avant gardists in the age of late capitalism Silverberg highlights the family resemblances among the New York School poets identifying the aesthetic concerns and ideological assumptions they shared with one another and with artists from the visual and performing arts A unique feature of the book is Silverberg s annotated catalogue of collaborative works by the five poets and other artists To comprehend the coherence of the New York School Silverberg demonstrates one must understand their shared commitment to a reconceptualized idea of the avant garde specific to the United States in the 1950s and 60s when the adversary culture of the Beats was being appropriated and repackaged as popular culture Silverberg s detailed analysis of the strategies the New York School poets used to confront the problem of appropriation tells us much about the politics of taste and gender during the period and suggests new ways of understanding succeeding generations of artists and poets Twayne's World Authors Series ,1974 Subject Index of Modern Books Acquired British Library,1971

The Undergraduate's Companion to American Writers and Their Web Sites Larry G. Hinman,2000-12-15 An outstanding research guide for undergraduate students of American literature this best selling book is essential when it comes to researching American authors Bracken and Hinman identify and describe the best and most current sources both in print and online for nearly 300 American writers whose works are included in the most frequently used literary anthologies Students will know exactly what information is available and where to find it *Fierce Solitude: a Life of J.g. Fletcher (c)* ,

Bibliographic Index ,1994 **Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office,1974 **Subject Catalog, 1980** Library of Congress,1980 *Subject Guide to Books in Print* ,1997 Poetry and Mindfulness Bryan Walpert,2017-11-01 At a time when the Humanities are under threat this book offers a defense of poetry within the context of growing interest in mindfulness in business health care and education The book argues that the benefits and insights mindfulness provides are also cultivated by the study of poetry These benefits include a focus on the present the ability to see through scripts and habits a rethinking of subjectivity and the development of ecological or systems thinking Bryan Walpert employs close readings of traditional and experimental poetry and draws on scientific studies of the effects of mindfulness or reading literature on the brain It argues the skills that poetry like mindfulness cultivates are useful beyond the page or classroom and ultimately are necessary to engage with such global issues as the environmental crisis The Booklist and Subscription Books Bulletin ,1964 **Booklist** ,1965 **People in Books** Margaret E. Nichol森,1977

The Booklist ,1965 Books in Series ,1980 *El-Hi Textbooks in Print* ,1984
