Thomas, 1997-06-17 The best and most balanced of the Lee biographies New York Review of Books The life of Robert E Lee is a story not of defeat but of triumph triumph in clearing his family name triumph in marrying properly triumph over the mighty Mississippi in his work as an engineer and triumph over all other military men to become the towering figure who commanded the Confederate army in the American Civil War But late in life Lee confessed that he was always wanting something In this probing and personal biography Emory Thomas reveals more than the man himself did Robert E Lee has been and continues to be a symbol and hero in the American story But in life Thomas writes Lee was both more and less than his legend Here is the man behind the legend **The Publishers Weekly**, 1900 **In the Shadow of the Round Tops** Allen R. Thompson, 2023-06-27 Exciting new research lifts much of the fog surrounding the Battle of Gettysburg and offers a glimpse into what happened on that fateful day July 2 1863 James Longstreet's countermarch and Samuel Johnston's morning reconnaissance are two of the most enigmatic events of the Battle of Gettysburg Both have been viewed as major factors in the Confederacy's loss of the battle and in turn the war Yet much of it lies shrouded in mystery Though the battle is one of the most well documented events in history the vast majority of our knowledge comes from the words of the veterans and civilians who experienced it Without action photography video or audio recordings our primary window into what happened is the memory of those who were there The story of the Battle of Gettysburg is simply the compilation of the memories of those who fought it But memory is anything but objective Recognizing the multitude of factors that affect human memory In the Shadow of the Round Tops explores how the individual soldiers experienced remembered and wrote about the battle and how those memories have created a cloud over James Longstreet's enigmatic countermarch and Samuel Johnston's infamous reconnaissance Each soldier had a particular view of these historic events Because many people saw part of the story but no one saw all of it each memory is a critical piece to the puzzle By comparing the veterans' memories and sifting through the factors that affected each memory the picture of the countermarch reconnaissance and the entire battle comes into sharper focus **Catalog of Copyright Entries.
