The Theatre

of August Wilson Alan Nadel, 2018-05-17 The first comprehensive study of August Wilson's drama introduces the major themes and motifs that unite Wilson's ten play cycle about African American life in each decade of the twentieth century. Framed by Wilson's life experiences and informed by his extensive interviews, this book provides fresh, coherent, detailed readings of each play, well situated in the extant scholarship. It also provides an overview of the cycle as a whole, demonstrating how it comprises a compelling interrogation of American culture and historiography. Keenly aware of the musical paradigms informing Wilson's dramatic technique, Nadel shows how jazz and particularly the blues provide the structural mechanisms that allow Wilson to examine alternative notions of time, property, and law. Wilson's improvisational logics become crucial to expressing his notions of black identity and resituating the relationship of literal to figurative in the African American community. The final two chapters include contributions by scholars Harry J. Elam Jr. and Donald E. Pease.

Jimi Hendrix and the Cultural Politics of Popular Music Aaron Lefkowitz, 2018-03-28 This book on Jimi Hendrix's life times visual cultural prominence and popular music with a particular emphasis on Hendrix's relationships to the cultural politics of race, gender, sexuality, ethnicity, class, and nation. Hendrix, an itinerant Gypsy and Voodoo child whose racialized freak visual image continues to internationally circulate, exploited the exoticism of his race, gender, and sexuality, and Gypsy and Voodoo transnational political cultures and religion. Aaron E. Lefkowitz argues that Hendrix can be located in a legacy of black transnational popular musicians from Chuck Berry to the hip hop duo Outkast, confirming while subverting established white supremacist and hetero-normative codes and conventions. Focusing on Hendrix's transnational biography and centrality to US and international visual cultural and popular music histories, this book links Hendrix to traditions of blackface minstrelsy, international freak show spectacles, black popular music's global circulation, and visual cultural racial gender and sexual stereotypes, while noting Hendrix's place in 1960s countercultural US exceptionalist cultural Cold War and rock histories.

The Makers of the Sacred Harp David Warren Steel, 2024-03-31 This authoritative reference work investigates the roots of the Sacred Harp, the central collection of the deeply influential and long-lived southern tradition of shape-note singing. Where other studies of the Sacred Harp have focused on the sociology of present-day singers and their activities, David Warren Steel and Richard H. Hulan concentrate on the regional culture that produced the Sacred Harp in the nineteenth century and delve deeply into history of its authors and composers. They trace the sources of every tune and text in the Sacred Harp from the work of B. F. White, E. J. King, and their West Georgia contemporaries who helped compile the original collection in 1844 to the contributions by various composers to the 1936 to 1991 editions. *The Makers of the Sacred Harp* also includes analyses of the textual influences on the music, including metrical psalmody, English evangelical poets, American frontier preachers' camp meeting hymnody, and revival choruses, and essays placing the Sacred Harp as a product of the antebellum period with roots in religious revivalism. Drawing on census reports, local histories, family Bibles, and other records, rich oral interviews with descendants, and Sacred Harp Publishing Company records, this volume reveals new details.

and insights about the history of this enduring American musical tradition Restless Giant Bar Biszick-Lockwood,2010

Restless Giant is a fascinating account of the life and times of Jean Aberbach the elusive music publishing legend who with his brother Julian built one of music history's most powerful popular music publishing companies Hill and Range Songs. During the 1940s and 1950s music publishers rather than artists and record companies controlled the American hit making machine. Using corporate records, Aberbach's daybooks and extensive interviews with top performers and songwriters, Biszick Lockwood weaves an adventure story that demystifies this occupation, showing how Aberbach's keen insights behind the scenes, manipulations and bold business moves fundamentally changed the music industry and nurtured the careers of some of America's biggest popular performers and songwriters. The Austrian born Aberbach brothers overtook their American competitors, capturing entire genres of music to build a privately owned international empire of song, while at the same time affording songwriters unmatched control over their work. This business model resulted in more than three hundred chart hits and the first ever song royalties being paid to songwriters and performers, including Bill Monroe and the Sons of the Pioneers. Biszick Lockwood also brings new intriguing material to the story of Elvis Presley, who shared ownership with the Aberbachs in two music publishing companies throughout his entire career.

Making the March King Patrick Warfield,2013-10-16

John Philip Sousa's mature career as the indomitable leader of his own touring band is well known, but the years leading up to his emergence as a celebrity have escaped serious attention. In this revealing biography, Patrick Warfield explains how the March King came to be by documenting Sousa's early life and career. Covering the period 1854 to 1893, this study focuses on the community and training that created Sousa, exploring the musical life of late nineteenth century Washington D C and Philadelphia as a context for Sousa's development. Warfield examines Sousa's wide ranging experience composing, conducting and performing in the theater, opera house, concert hall and salons, as well as his leadership of the United States Marine Band and the later Sousa Band, early twentieth century America's most famous and successful ensemble. Sousa composed not only marches during this period, but also parlor minstrel and art songs, parade concert and medley marches, schottisches, waltzes and polkas, and incidental music, operettas and descriptive pieces. Warfield's examination of Sousa's output reveals a versatile composer much broader in stylistic range than the bandmaster extraordinaire remembered as the March King. In particular, Making the March King demonstrates how Sousa used his theatrical training to create the character of the March King. The exuberant bandmaster who pleased audiences was both a skilled and charismatic conductor and a theatrical character whose past and very identity suggested drama, spectacle and excitement. Sousa's success was also the result of perseverance and lessons learned from older colleagues on how to court, win and keep an audience. Warfield presents the story of Sousa as a self made business success, a gifted performer and composer who deftly capitalized on his talents to create one of the most entertaining, enduring figures in American music.

King of the Queen City Jon Hartley Fox,2010-10-01

King of the Queen City is the first comprehensive history of King Records, one of the most influential independent record companies in the

history of American music Founded by businessman Sydney Nathan in the mid 1940s this small outsider record company in Cincinnati Ohio attracted a diverse roster of artists including James Brown the Stanley Brothers Grandpa Jones Redd Foxx Earl Bostic Bill Doggett Ike Turner Roy Brown Freddie King Eddie Vinson and Johnny Guitar Watson While other record companies concentrated on one style of music King was active in virtually all genres of vernacular American music from blues and R B to rockabilly bluegrass western swing and country A progressive company in a reactionary time King was led by an interracial creative and executive staff that redefined the face and voice of American music as well as the way it was recorded and sold Drawing on personal interviews research in newspapers and periodicals and deep access to the King archives Jon Hartley Fox weaves together the elements of King s success focusing on the dynamic personalities of the artists producers and key executives such as Syd Nathan Henry Glover and Ralph Bass The book also includes a foreword by legendary guitarist singer and songwriter Dave Alvin
