The Strange Case of Dr Jekyll and Mr Hyde and Weir of Hermiston Robert Louis Stevenson, 1998 This edition of The Strange Case of Dr Jekyll and Mr Hyde Weir of Hermiston includes Stevenson's essay The Importance of Dreams Both these stories deal in different ways with a topic which fascinated Stevenson the duality of human nature The Mainstream

Companion to Scottish Literature Trevor Royle, 2012-01-06 The Mainstream Companion to Scottish Literature is the most comprehensive reference guide to Scotland's literature covering a period from the earliest times to the early 1990s. It includes over 600 essays on the lives and works of the principal poets, novelists, dramatists, critics, and men and women of letters who have written in English, Scots, or Gaelic. Thus, as well as such major writers as Robert Henryson, William Dunbar, Gavin Douglas, Allan Ramsay, Robert Fergusson, Robert Burns, Walter Scott, Robert Louis Stevenson, and Hugh MacDiarmid, the Companion also lists many minor writers whose work might otherwise have been overlooked in any survey of Scottish literature. Also included here are entries on the lives of other more peripheral writers such as historians, philosophers, diarists, and divines whose work has made a contribution to Scottish letters. Other essays range over such general subjects as the principal work of major writers, literary movements, historical events, the world of printing and publishing, folklore, journalism, drama, and Gaelic. A feature of the book is the inclusion of the bibliography of each writer and reference to the major critical works. This comprehensive guide is an essential tool for the serious student of Scottish literature as well as being an ideal guide and companion for the general reader.

Literary Culture and the Pacific Vanessa Smith, 1998-01-08 This 1998 book examines a range of nineteenth-century European accounts from the Pacific depicting Polynesian responses to imported metropolitan culture, in particular its technologies of writing and print. Texts designed to present self-affirming images of native wonderment at European culture, in fact, betray the emergence of more complex modes of appropriation and interrogation by the Pacific peoples. Vanessa Smith argues that the Pacific islanders called into question the material basis and symbolic capacities of writing even as they were first being framed in written representations. Examining accounts by beachcombers and missionaries, she suggests that complex modes of self-authorization informed the transmission of new cultural practices to the Pacific peoples. This shift of attention towards reception and appropriation provides the context for a detailed discussion of Robert Louis Stevenson's late Pacific writings.

Jung and the Jungians on Myth Steven F. Walker, 2002 In this book Steven Walker carefully leads the reader through the fundamentals of the psychology that underlies Jung's theory of myth. He defines key terms and distinguishes dream from fantasy in psychological experience. He then traces the lineage of Jungian theory from Jung through such disciples as Van Franz and Neumann to contemporary archetypal psychology. By applying Jungian psychology to an array of myths to illustrate core concepts of this theoretical tradition, Walker fills a conspicuous gap in the current literature on Jung from back cover.

The Holy City Patrick McCabe, 2011-06-01 Now entering his sixty-seventh year, Chris McCool can confidently call himself a member of the Happy Club; he has an attractive and exceedingly

accommodating Croatian girlfriend and has been told he bears more than a passing resemblance to Roger Moore As he looks back on the glory days of his youth he recalls the swinging sixties of rural Ireland a decade in which the cool cats sang along to Lulu and drove around in Ford Cortinas when swinging meant wearing velvet trousers and shirts with frills and where Dolores McCausland Dolly Mixtures to those who knew her best danced on the tops of tables and set the pulses of every man in small town Cullymore racing Chris McCool had it all back then He had the moves he had the car and he had Dolly a woman who purred suggestive songs and tugged gently at her skin tight dresses a Protestant femme fatale who was glamorous transgressive and who called him her very own Mr Wonderful She was in short the answer to this bastard son of a Catholic farmer s prayers Except that there was another Mr Wonderful in town a certain Marcus Otoyó a young Nigerian with glossy curls and a dazzling devoutness that was all but irresistible Although Chris of course was interested in Marcus only because of their shared religious fervour and mutual appreciation of the finer things That was all Besides Mr McCool was always a hopeless romantic some even described him as excessively so but is there anything wrong with that Spiked with macabre humour and disquieting revelations *The Holy City* is a brilliant disturbing and compelling novel from one of Ireland s most original contemporary writers *The South Seas* Sean Brawley,Chris Dixon,2015-04-21 *The South Seas* charts the idea of the South Seas in popular cultural productions of the English speaking world from the beginnings of the Western enterprise in the Pacific until the eve of the Pacific War Building on the notion that the influences on the creation of a text and the ways in which its audience receives the text are essential for understanding the historical significance of particular productions Sean Brawley and Chris Dixon explore the ways in which authors and producers ideas about the South Seas were haunted by others who had written on the subject and how they in turn influenced future generations of knowledge producers *The South Seas* is unique in its examination of an array of cultural texts Along with the foundational literary texts that established and perpetuated the South Seas tradition in written form the authorsexplore diverse cultural forms such as art music theater film fairs platform speakers surfing culture and tourism **Darwin and After Darwin** George John Romanes,1895
