Robert Peary And The Quest For The North Pole

Explorers Of New Worlds

Pierre Berton

Robert Peary And The Quest For The North Pole Explorers Of New Worlds:

Robert Peary and the Quest for the North Pole Daniel E. Harmon, Dan Harmon, 2001 Examines the life and adventures of American explorer Robert Peary focusing on his attempts to be the first man to reach the North Pole in the early twentieth century

James Cook and the Exploration of the Pacific Facts On File, Incorporated, 2001 Biographies of some of the most important explorers the world has known Ideal for research or class use Written in accessible easily understood language Complements school curriculum Cook earned his reputation as a great navigator for his three voyages exploring the Pacific Ocean

La Salle and the Exploration of the Mississippi Daniel E. Harmon, 2001 A biography of the French explorer who sailed down the Mississippi River and claimed a vast territory for France

John Smith Facts On File, Incorporated, 2001 Biographies of some of the most important explorers the world has known Ideal for research or class use Written in accessible easily understood language Complements school curriculum This English explorer was one of the original founders of the Jamestown colony

Sir Ernest Shackleton and the Struggle Against Antarctica Facts On File, Incorporated, 2001 Biographies of some of the most important explorers the world has known Ideal for research or class use Written in accessible easily understood language Complements school curriculum The life of the explorer from Great Britain who strove to chart one of the world's most formidable regions

Peary's Arctic Quest Susan Kaplan, Genevieve LeMoine, 2019-06-01 This richly illustrated book takes a different angle on Robert E Peary's North Pole expedition By shifting the focus away from the unanswerable question of whether he truly reached 90 North Latitude the authors shed light on equally important stories and discoveries that arose as a result of the infamous expedition Peary's Arctic Quest ventures beyond the well cited story of Peary's expedition and uncovers the truth about race relations women's scientific contributions and climate change that are still relevant today Readers will gain a greater appreciation for Peary's methodical and creative mind the Inughuit's significant contributions to Arctic exploration and the impact of Western expedition activity on the Inughuit community The volume will also feature artifacts drawings and historic photographs with informative captions to tell little known stories about Peary's 1908 1909 North Pole expedition

Empire of Ice and Stone Buddy Levy, 2022-12-06 National Outdoor Book Awards Winner The true harrowing story of the ill fated 1913 Canadian Arctic Expedition and the two men who came to define it In the summer of 1913 the wooden hulled brigantine Karluk departed Canada for the Arctic Ocean At the helm was Captain Bob Bartlett considered the world's greatest living ice navigator The expedition's visionary leader was a flamboyant impresario named Vilhjalmur Stefansson hungry for fame Just six weeks after the Karluk departed giant ice floes closed in around her As the ship became icebound Stefansson disembarked with five companions and struck out on what he claimed was a 10 day caribou hunting trip Most on board would never see him again Twenty two men and an Inuit woman with two small daughters now stood on a mile square ice floe their ship and their original leader gone Under Bartlett's leadership they built make shift shelters surviving the freezing darkness of Polar night

Captain Bartlett now made a difficult and courageous decision He would take one of the young Inuit hunters and attempt a 1000 mile journey to save the shipwrecked survivors It was their only hope Set against the backdrop of the Titanic disaster and World War I filled with heroism tragedy and scientific discovery Buddy Levy s *Empire of Ice and Stone* tells the story of two men and two distinctively different brands of leadership one selfless one self serving and how they would forever be bound by one of the most audacious and disastrous expeditions in polar history considered the last great voyage of the Heroic Age of Discovery **Reaching for the Moon** Hal Marcovitz,2001 Surveys the achievements of the Apollo program and the astronauts and other individuals who made the program a success Explorers who Found New Worlds Dale Anderson,1994 Describes the journeys of twenty explorers who opened up new worlds from Marco Polo to Roald Amundsen

True North Gerald R. Pitzl,2021-10-28 The Plaisted Polar Expedition of 1968 was the first indisputable attainment of the North Pole over the Arctic Ocean ice surface from a point of land The journey took forty four days of struggle delays intense cold windstorms and the uncommon determination of dedicated expedition members to achieve the goal Part 1 of the book covers the daily activities of the ice party as they progressed ever so slowly northward and of the support team at the base camp working to ensure the necessary logistical tasks to keep the ice party moving Part 2 shines a light on the navigational practices of Peary in his 1909 quest to reach the North Pole a claim that even the National Geographic Society his solid supporter for 111 years now concluded he did not achieve His navigation failed him This became abundantly clear in the analysis *Robert E. Peary and the Fight for the North Pole* Madelyn Klein Anderson,1992 Not merely a biography of the Arctic explorer this book delves into many other issues the important role of Eskimos in the expeditions the story of Matthew Hensen the black explorer who accompanied Peary and the desire to be the first to accomplish a difficult feat Gender on Ice Lisa Bloom,1993 In this book Bloom takes what might seem a very localized subject and shows how it opens up to all the central questions today in cultural studies around gender nationhood the politics of imperialism race male homosocial behavior and the sociality of science Gender on Ice has an eloquence and elegance that positively refreshing and the prose is stylish engaging and direct Dana Polan University of Pittsburgh **Realm of Ice and Sky** Buddy Levy,2025-01-28 Two time National Outdoor Book Award winning author Buddy Levy s thrilling narrative of polar exploration via airship and the men who sacrificed everything to make history Arctic explorer and American visionary Walter Wellman pioneered both polar and trans Atlantic airship aviation making history s first attempts at each Wellman has been cast as a self promoting egomaniac known mostly for his catastrophic failures Instead he was a courageous innovator who pushed the boundaries of polar exploration and paved the way for the ultimate conquest of the North Pole which would be achieved not by dogsled or airplane but by airship American explorer Dr Frederick Cook was the first to claim he made it to the North Pole in 1908 A year later so did American Robert Peary but both Cook s and Peary s claims had been seriously questioned There was enough doubt that Norwegian explorer extraordinaire Roald Amundsen who d made history and a name for himself by being first to

sail through the Northwest Passage and first man to the South Pole picked up where Walter Wellman left off attempting to fly to the North Pole by airship He would go in the Norge designed by Italian aeronautical engineer Umberto Nobile The 350 foot Norge flew over the North Pole on May 12 1926 and Amundsen was able to accurately record and verify their exact location However the engineer Nobile felt slighted by Amundsen Two years later Nobile returned this time in the Italia backed by Prime Minister Benito Mussolini This was an Italian enterprise and Nobile intended to win back the global accolades and reputation he believed Amundsen had stripped from him The journey ended in disaster death and accusations of cannibalism launching one of the great rescue operations the world had ever seen Realm of Ice and Sky is the riveting tale of the men who first flew the most advanced technological airships of their time to the top of the world risking and even giving their lives for science country and polar immortality **Between Two Worlds** Katherine Kirkpatrick,2014-04-08

Inspired by a true story Between Two Worlds is an impassioned coming of age novel set in a land of breathtaking beauty and danger where nature and love are powerful and unpredictable forces On the treeless shores of Itta Greenland as far north as humans can settle sixteen year old Inuit Billy Bah spots a ship far out among the icebergs on the bay a sight both welcome and feared Explorers have already left their indelible mark on her land and its people and a ship full of white men can mean trouble The ship carries provisions for Robert E Peary who is making an expedition to the North Pole Peary and Billy Bah have a history as a child she spent a year in America with his family When Peary s ship gets caught in the ice Billy Bah sets out on a harrowing quest to find him Billy Bah s journey is one that will bring her to the very literal edge of the earth imperil her life and question what it means to be between two worlds Rich details create a total immersion in Inuit life Publishers Weekly Starred An intriguing viewpoint to a place and time rarely written about in young adult fiction SLJ A compelling portrait of a community accustomed to life on the knife edge of survival of extraordinary beauty and harsh realities A rare look at culture clash arising from polar exploration Kirkus Reviews [A Day in a Working Life](#) Gary Westfahl,2015-04-21

Ideal for high school and college students studying history through the everyday lives of men and women this book offers intriguing information about the jobs that people have held from ancient times to the 21st century This unique book provides detailed studies of more than 300 occupations as they were practiced in 21 historical time periods ranging from prehistory to the present day Each profession is examined in a compelling essay that is specifically written to inform readers about career choices in different times and cultures and is accompanied by a bibliography of additional sources of information sidebars that relate historical issues to present day concerns as well as related historical documents Readers of this work will learn what each profession entailed or entails on a daily basis how one gained entry to the vocation training methods and typical compensation levels for the job The book provides sufficient specific detail to convey a comprehensive understanding of the experiences benefits and downsides of a given profession Selected accompanying documents further bring history to life by offering honest testimonies from people who actually worked in these occupations or interacted with those in that field

Robert Peary and the Quest for the North Pole Christopher Dwyer, 1992-01-01 This is a story about man's quest to know his world his universe and ultimately himself

The Arctic Grail Pierre Berton, 2012-06-19 Scores of nineteenth century expeditions battled savage cold relentless ice and winter darkness in pursuit of two great prizes the quest for the elusive Passage linking the Atlantic and the Pacific and the international race to reach the North Pole Pierre Berton's 1 best selling book brings to life the great explorers the pious and ambitious Edward Parry the flawed hero John Franklin ruthless Robert Peary and the cool Norwegian Roald Amundsen He also credits the Inuit whose tracking and hunting skills saved the lives of the adventurers and their men countless times These quests are peopled with remarkable figures full of passion and eccentricity They include Charles Hall an obscure printer who abandoned family and business to head to a frozen world of which he knew nothing John Ross whose naval career ended when he spotted a range of mountains that didn't exist Frederick Cook who faked reaching the North Pole and Jane Franklin who forced an expensive search for her missing husband upon a reluctant British government Pierre Berton who won his first Governor General's award for *The Mysterious North* here again gives us an important and fascinating history that reads like a novel as he examines the historic events of the golden age of Arctic exploration

The Standard, 1909

A Journey for the Ages Matthew A. Henson, 2016-08-09 In an era when segregation thrived and Jim Crow reigned supreme adventurer Matthew A Henson defied racial stereotypes During his teenage years Henson sailed on vessels that journeyed across the globe and it is those experiences that caught the attention of famed arctic explorer Matthew Peary Operating as Peary's first man on six expeditions that spanned over a quarter of century Henson was an essential member of all of Peary's most famous expeditions His unparalleled skills as a craftsman and his mastery of the dialects of native Northern peoples Henson was indispensable to the success of these missions Of all voyages which Henson and Peary undertook none is more groundbreaking than their 1909 journey to Greenland and onto the previously impenetrable North Pole Together with a small team of four native Inuits Henson and Peary became the first team to ever reach the geographic North Pole forever cementing their place as two of the greatest Arctic explorers of all time In 1937 the Explorer's Club honored that achievement inducting Henson as their first ever African American member In 1912 Henson chronicled his recollections of this historic journey in a memoir originally entitled *A Negro Explorer at the North Pole* Now reissued as *First to the North Pole* this edition of Henson's memoir features a new foreword by Explorer Club president Ted Janulis emphasizing the importance of Henson's historic achievements Skyhorse Publishing along with our Arcade Good Books Sports Publishing and Yucca imprints is proud to publish a broad range of biographies autobiographies and memoirs Our list includes biographies on well known historical figures like Benjamin Franklin Nelson Mandela and Alexander Graham Bell as well as villains from history such as Heinrich Himmler John Wayne Gacy and O J Simpson We have also published survivor stories of World War II memoirs about overcoming adversity first hand tales of adventure and much more While not every title we publish becomes a New York Times bestseller or a national

bestseller we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home *The World's Progress in Knowledge, Science and Industry* Trumbull White, 1902
