Robert Altman's Subliminal Reality Robert T. Self,2002 With his complex and unconventional films Robert Altman often draws an impassioned response from critics but bafflement and indifference from the general public Some audiences have dismissed his movies as insignificant unsatisfying and unreadable Ironically Altman might agree he makes films in order to challenge filmgoers' expectations of straightforward narratives and easily understood endings In *Robert Altman's Subliminal Reality* Robert T. Self sheds light on Altman's work and provides the most comprehensive analysis of his films to date With close readings of classics like MASH McCabe Mrs Miller and Nashville as well as the more recent films The Player Short Cuts and Cookie's Fortune Self asserts the value of Altman's work not only to film theory and the entertainment industry but to American culture Book jacket

The Cinema of Robert Altman Robert Niemi,2016-03-01 In a controversial and tumultuous filmmaking career that spanned nearly fifty years Robert Altman mocked subverted or otherwise refashioned Hollywood narrative and genre conventions Altman's idiosyncratic vision and propensity for formal experimentation resulted in an uneven body of work some rank failures and intriguing near misses as well as a number of great films that are among the most influential works of New American Cinema While Altman always professed to have nothing authoritative to say about the state of contemporary society this volume surveys all of his major films in their sociohistorical context to reposition the director as a trenchant satirist and social critic of postmodern America depicted as a lonely wasteland of fraudulent spectacle exploitative social relations and unfulfilled solitaires in search of elusive community

Robert Altman Frank Caso,2015-10-15 Known as an iconoclast and maverick film director Robert Altman has consistently pushed against the boundaries of genre From refashioning film noir in *The Long Goodbye* the

western in McCabe Mrs Miller the psychological drama in Images science fiction in Quintet and the romantic comedy in A Perfect Couple he has always tested the limits of what film can and should do In this book Frank Caso examines the development of Altman s artistic method from his earliest days in industrial film to his work in television and feature films Altman is one of those directors whose films audiences can easily recognize but what exactly are the distinctive elements that have become his signature Caso identifies more than twenty such elements in Altman s style tracing some such as his use of free hand cameras and engagement with Christian imagery to the beginning of his career Caso also examines Altman s unsettling mix of offbeat comedic tone with a predominance of violence murder and death showing how their counterpointing effects rendered his films at once naturalistic and otherworldly Exploring these and other aspects of the Altmanesque style Caso maps the innovations that have made Altman a master filmmaker Enriched with illustration throughout Robert Altman will appeal to fans of this distinctive American auteur or anyone interested in ground breaking cinema

The Lost Decade Chris Horn,2023-10-19 Provides an analysis of Hollywood from a fresh viewpoint that shows the careers of Robert Altman Francis Coppola William Friedkin and others in the 1980s as far from conforming to a monolithic pattern of decline but rather as diverse and complex responses to political and industrial changes The 1980s are routinely seen as the era of the blockbuster and of Reaganite entertainment whereas the dominant view of late 1960s and early 1970s American film history is that of a Hollywood Renaissance a relatively brief window of artistry based around a select group of directors Yet key directors associated with the Renaissance period remained active throughout the 1980s and their work has been obscured or dismissed by a narrow singular model of American film history This book deals with industrial contexts that conditioned these directors ability to work creatively but it is also very much about the analysis of individual films bringing to light a range of unheralded work from the visual experimentation of *One from the Heart* Coppola 1981 to the experimental production contexts of *Secret Honor* Altman 1984 and the stylistic lan of *To Live and Die in*

L A Friedkin 1985 Behind the homogenous picture of the decline of the auteur in 1980s American cinema are films and careers that merit greater attention and this book offers a new way to perceive individual films American film history and the viability of sustained authorial creativity within post studio era Hollywood **Robert Altman's Soundtracks** Gayle Sherwood Magee, 2014 Robert Altman's Soundtracks offers a compelling new look at this celebrated director's films through his innovative uses of music and sound As author Gayle Sherwood Magee illustrates Altman's considerable and varied output speaks to the changing film industry over decades from Nashville 1975 to A Prairie Home Companion 2006 **Hollywood Independent** Paul Kerr, 2023-03-09 Hollywood Independent dissects the Mirisch Company one of the most successful employers of the package unit system of film production producing classic films like The Apartment 1960 West Side Story 1961 The Great Escape 1963 and The Thomas Crown Affair 1968 as irresistible talent packages Whilst they helped make the names of a new generation of stars including Steve McQueen and Shirley MacLaine as well as banking on the reputations of established auteurs like Billy Wilder they were also pioneers in dealing with controversial new themes with films about race In the Heat of the Night gender Some Like it Hot and sexuality The Children's Hour devising new ways of working with film franchises The Magnificent Seven The Pink Panther and In the Heat of the Night spun off 7 Mirisch sequels between them and cinematic cycles investing in adaptations of bestsellers and Broadway hits exploiting frozen funds abroad and exploring so called runaway productions The Mirisch Company bridges the gap between the end of the studio system by about 1960 and the emergence of a new cinema in the mid 1970s dominated by the Movie Brats *Robert Altman and the Elaboration of Hollywood Storytelling* Mark Minett, 2020-12-22 Robert Altman and the Elaboration of Hollywood Storytelling reveals an Altman barely glimpsed in previous critical accounts of the filmmaker This re examination of his seminal work during the Hollywood Renaissance or New Hollywood period of the early 1970s including M A S H Brewster McCloud McCabe Mrs Miller Images The Long Goodbye Thieves Like Us California Split and Nashville sheds new light on both the films and the filmmaker reframing Altman as a complex pragmatic innovator whose work exceeds but is also grounded in the norms of classical Hollywood storytelling rather than someone who rejected those norms in favor of modernist art cinema Its findings and approach hold important implications for the study of cinematic authorship Largely avoiding thematic exegesis it employs an historical poetics approach robust functionalist frameworks archival research and formal and statistical analysis to demystify the essential features of the standard account of Altman's filmmaking history and profile lax narrative form heavy reliance on the zoom sound design replete with overlapping dialogue improvisational infidelity to the screenplay and a desire to subvert based in his time in the training grounds of industrial filmmaking and filmed television The book provides a clear example of how a filmmaker might work collaboratively and pragmatically within and across media institutions to elaborate upon their sanctioned practices and aims We misunderstand Altman's work and the creative work of Hollywood filmmakers in general when we insist on describing innovation as opposition to institutional norms and on describing those

norms as simply assimilating innovation

Creatures of Darkness Gene D. Phillips, 2014-07-11 More than any other writer Raymond Chandler 1888 1959 is responsible for raising detective stories from the level of pulp fiction to literature Chandler's hard-boiled private eye Philip Marlowe set the standard for rough brooding heroes who managed to maintain a strong sense of moral conviction despite a cruel and indifferent world Chandler's seven novels including *The Big Sleep* 1939 and *The Long Goodbye* 1953 with their pessimism and grim realism had a direct influence on the emergence of film noir Chandler worked to give his crime novels the flavor of his adopted city Los Angeles which was still something of a frontier town rife with corruption and lawlessness In addition to novels Chandler wrote short stories and penned the screenplays for several films including *Double Indemnity* 1944 and *Strangers on a Train* 1951 His work with Billy Wilder and Alfred Hitchcock on these projects was fraught with the difficulties of collaboration between established directors and an author who disliked having to edit his writing on demand *Creatures of Darkness* is the first major biocritical study of Chandler in twenty years Gene Phillips explores Chandler's unpublished script for *Lady in the Lake* examines the process of adaptation of the novel *Strangers on a Train* discusses the merits of the unproduced screenplay for *Playback* and compares Howard Hawks's director's cut of *The Big Sleep* with the version shown in theaters Through interviews he conducted with Wilder Hitchcock Hawks and Edward Dmytryk over the past several decades Phillips provides deeper insight into Chandler's sometimes difficult personality Chandler's wisecracking Marlowe has spawned a thousand imitations *Creatures of Darkness* lucidly explains the author's dramatic impact on both the literary and cinematic worlds demonstrating the immeasurable debt that both detective fiction and the neo noir films of today owe to Chandler's stark vision

Rodney Farnsworth,2001-10-30 George Lukas and other leading filmmakers acknowledge their indebtedness to mythographic scholarship on archetypes In his new study author Rodney Farnsworth identifies a pattern of filmmakers obsessions with archetypal rituals centered on sacrifice and the family in films made between 1977 and 1983 a period of political upheaval on both sides of the Atlantic Combining a strong historical reading of the films in a sociopolitical context and utilizing Queer Theory as a framework for his arguments Farnsworth offers a close examination of key films of the period including works by Stanley Kubrick Robert Altman and Francis Ford Coppola and provides a fascinating and timely glimpse of an important political and cinematic time Marking the end of a more liberal era the late seventies and early eighties witnessed the growth of reactionary conservative movements such as the New Religious Political Right These were the years that gave birth to movies from esoteric art house pictures to blockbusters such as *Star Wars* that seemed in many cases to be adaptations of primordial mythology subverting liberal to moderate views into reactionary depictions of family life Although filmmakers had turned to these myths to shape their works Farnsworth observes the unstable volatile nature of the archetypes deconstructed

their best social intentions into something rich strange and deadly This thought provoking work will be of interest to students of social history as well as film studies
