G. G.

Gibson,2015-07-09 The poet Robert Graves use of material from classical sources has been contentious to scholars for many years with a number of classicists baulking at his interpretation of myth and his novelization of history and questioning its

academic value This collection of essays provides the latest scholarship on Graves historical fiction for example in I Claudius and Count Belisarius and his use of mythical figures in his poetry as well as an examination of his controversial retelling of the Greek Myths The essays explore Graves unique perspective and expand our understanding of his works within their original context while at the same time considering their relevance in how we comprehend the ancient world

Literary Seductions Frances Wilson, 2014-07-15 We have all surrendered ourselves to the world that writing creates Eudora Welty once observed that her mother read the works of Charles Dickens in the same spirit with which she would have eloped with him Some of us remember our first novel with more pleasurable vividness than our first kiss Many of us go to on line chat rooms looking for love with our keyboard And most of us have tried to seduce with words reciting that Shakespeare sonnet or composing that Valentine's Day poem with tremulous hope All writing seeks to ensnare the reader in its embrace As Frances Wilson also proves in this engaging enlightening and provocative new book writing can also ensnare the writers themselves Highlighting the lives and loves of celebrated literary couples Literary Seductions reveals the depth of their passion for language their own as well as their partner's Taking as a point of departure the legendary courtship of Robert Browning and Elizabeth Barrett a courtship conceived on the printed page Wilson explores how easily how seductively literary desire becomes sexual desire and vice versa Literary seductions she writes are violent extreme and irreversible Not all reading seduces not all writing inflames But when they do what is written ceases to be merely an arrangement of symbols on a page The word has been made flesh Lady Caroline Lamb and Lord Byron Ana's Nin and Henry Miller Laura Riding and Robert Graves Osip and Nadzheda Mandelstam W B and Georgie Yeats were all in the grip of a compulsion for writing and reading enmeshed in words Miller called his relationship with Nin a literary fuck fest for Riding and Graves it took on the self destructive and self conscious melodrama of a Russian novel for the Mandelstams it was a life giving if self sacrificing bond in a precarious world for George and W B Yeats it offered sexual stimulus The couplings of verbs and nouns do more than precede coupling they comprise it Literary Seductions is itself a seductive book The elegant power of Wilson's arguments the rigor of her research and the delights of her prose enthrall the reader Here is intellectual engagement and readerly pleasure rolled into one
