**The Reader's Adviser**, 1986 *Small Press Record of Books in Print* Len Fulton, 1991

[Historical Dictionary of French Literature](#) John Flower, 2013-01-17 Almost all of us know French literature

even if we don't know French because it is probably the second largest and certainly the most translated into English. And even if we don't read we would have seen film and television versions. Think *Count of Monte Cristo* and even a musical rendition *Les Mis*. So this is a particularly interesting volume in the literature series since it covers French literature from the earliest times to the present. It is also a particularly rich literature espousing every genre from poetry to novel to biography to drama and adopting every style including realism and surrealism and expressing the views of all classes and political stands with recently strong feminist and gay strains. Obviously the core dictionary section includes among its panoply of often substantial and detailed entries hundreds of authors, dozens of significant works, the various styles mentioned above and many others, events that have impacted literature such as the Dreyfus Affair and the Algerian War and literary prizes. The chronology manages to cover about 1200 years of literary output. And the introduction sets it all out neatly from one historical and literary period to the next. The bibliography, broken down by period and author, directs us to further reading in both French and English.

*The Cambridge Companion to the Arthurian Legend* Elizabeth Archibald, Ad Putter, 2009-09-10. Covers the evolution of the legend over time and analyses the major themes that have emerged.

*The New Arthurian Encyclopedia* Norris J. Lacy, Geoffrey Ashe, Sandra Ness Ihle, Marianne E. Kalinke, Raymond H. Thompson, 2013-09-05. First published in 1996. Now updated with a new information-packed 40-page Supplement covering the years 1990-1995. This unique Encyclopedia highlights the World of King Arthur from its origins in Dark Age Britain to the present day when Arthurian novels, films, and music continue to appear around the world at an astonishing rate. The Supplement, which provides five full years of coverage not available anywhere else, enhances the usefulness of more than 1300 entries on all aspects of the Arthurian legend in literature, history, folklore, archaeology, art, and music. Written by an international team of over 130 authorities, no other work approaches this A-Z guide to the legends of King Arthur and his knights of the Round Table for breadth and depth of coverage. This is the ultimate source for reliable information on topics as diverse as the Grail, Tristan and Isolde, Lancelot, and Guenevere, Arthurian operas, the historicity of Arthur, and more.

*The Publishers' Trade List Annual*, 1982.

*Narrative Unreliability in the Twentieth-century First-person Novel* Elke D'hoker, Gunther Martens, 2008. Deals with the occurrence and development of unreliable first-person narration in twentieth-century Western literature. This work features articles that approach this topic both from the angle of literary theory and through a reading of literary texts from a variety of literatures including French, Italian, German, British, Dutch, and Polish.
