Starr Associates,2006\* The Silkscreen Paintings 1962 - 64 [Catalogue was published at the Whitney Museum of American Art, New York 7.12.1990 - 17.3.1991] Robert Rauschenberg,1990 *Robert Rauschenberg and Surrealism* Gavin Parkinson,2023-03-23 The art of Robert Rauschenberg 1925 2008 is usually viewed as quite distinct from Surrealism a movement which the artist himself displayed some hostility towards However Rauschenberg had a very positive reception among Surrealists particularly across the period 1959 69 In the face of Rauschenberg s avowals of his own literalism and insistence on his art as facts this book gathers generous evidence of the poetic metaphorical allusive associative and connotative dimensions of the artist s oeuvre as identified by Surrealists and thus extrapolates new readings from Rauschenberg s key works on that basis By viewing Rauschenberg s art against the expansion of the cultural influence of the United States in Europe in the period after the Second World War and the increasingly politicized activities of the Surrealists in the era of the Algerian War of Independence 1954 62 Robert Rauschenberg and Surrealism shows how poetic inference of the artist s work was turned towards political interpretation By analysing Rauschenberg s art in the context of Surrealism and drawing from it new interpretations and perspectives this volume simultaneously situates the Surrealist movement in 1960s American art criticism and history

**Encyclopedia of Postmodernism** Victor E. Taylor, Charles E. Winquist, 2002-06-01 The Encyclopedia of Postmodernism provides comprehensive and authoritative coverage of academic disciplines critical terms and central figures relating to the vast field of postmodern studies With three cross referenced sections the volume is easily accessible to readers with specialized research agendas and general interests in contemporary cultural historical literary and philosophical issues Since its inception in the 1960s postmodernism has emerged as a significant cultural political and intellectual force that many scholars would argue defines our era Postmodernism in its various configurations has consistently challenged concepts of selfhood knowledge formation aesthetics ethics history and politics This Encyclopedia offers a wide range of perspectives on postmodernism that illustrates the plurality of this critical concept that is so much part of our current intellectual debates In this regard the volume does not adhere to a single definition of postmodernism as much as it documents the use of the term across a variety of academic and cultural pursuits The Encyclopedia of Postmodernism it must be noted resists simply presenting postmodernism as a new style among many styles occurring in the post disciplinary academy Documenting the use of the term acknowledges that postmodernism has a much deeper and long lasting effect on academic and cultural life In general the volume rests on the understanding that postmodernism is not so much a style as it is an on going process a process of both disintegration and reformation     **Art Books** Wolfgang M.
