Congress,1994 *Big Government and Affirmative Action* Jonathan Bean,2021-10-21 David Stockman Ronald Reagan s budget director proclaimed the Small Business Administration a billion dollar waste a rathole and set out to abolish the agency His scathing critique was but the latest attack on an agency better known as the Small Scandal Administration Loans to criminals government contracts for minority fronts the classification of American Motors as a small business Whitewater and other scandals the Small Business Administration has lurched from one embarrassment to another Despite the scandals and the policy failures the SBA thrives and small business remains a sacred cow in American politics Part of this sacredness comes from the agency s longstanding record of pioneering affirmative action Jonathan Bean reveals that even before the Civil Rights Act of 1964 the SBA promoted African American businesses encouraged the hiring of minorities and monitored the employment practices of loan recipients Under Nixon the agency expanded racial preferences During the Reagan administration politicians wrapped themselves in the mantle of minority enterprise even as they denounced quotas elsewhere Created by Congress in 1953 the SBA does not conform to traditional interpretations of interest group democracy Even though the public and Congress favors small enterprise there has never been a unified group of small business owners requesting the government s help Indeed the SBA often has failed to address the real problems of Mom and Pop shop owners fueling the ongoing debate about the agency s viability *SBA's Minority Enterprise Development Program and the Proposed "Business Development Opportunity Act of 1994"* United States. Committee on Small Business,2017-01-14 **Black Power at Work** David Goldberg,Trevor Griffey,2011-05-02 **Black Power at Work** chronicles the history of direct action campaigns to open up the construction industry to black workers in the 1960s and 1970s The book s case studies of local movements in Brooklyn Newark the Bay Area Detroit Chicago and Seattle show how struggles against racism in the construction industry shaped the emergence of Black Power politics outside the U S South In the process community control of the construction industry especially government War on Poverty and post rebellion urban reconstruction projects became central to community organizing for black economic self determination and

political autonomy The history of Black Power s community organizing tradition shines a light on more recent debates about job training and placement for unemployed underemployed and underrepresented workers Politicians responded to Black Power protests at federal construction projects by creating modern affirmative action and minority set aside programs in the late 1960s and early 1970s but these programs relied on voluntary compliance by contractors and unions government enforcement was inadequate and they were not connected to jobs programs Forty years later the struggle to have construction jobs serve as a pathway out of poverty for inner city residents remains an unfinished part of the struggle for racial justice and labor union reform in the United States CIS Index to Publications of the United States Congress Congressional Information Service,1994 *Federal Register* ,1994-12 *Sba's Minority Enterprise Development Program and the Proposed Business Development Opportunity Act of 1994* United States Congress Senate Committ,2015-09-07 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant **Daily Labor Report** ,2001-08

Implementation of P. L. 100-656, the Business Opportunity Development Reform Act of 1988 and Final Report of the Commission on Minority Business Development U. S. Committee on Small Business,2016-12-28 Excerpt from Implementation of P L 100 656 the Business Opportunity Development Reform Act of 1988 and Final Report of the Commission on Minority Business Development Hearing Before the Committee on Small Business United States Senate One Hundred Third Congress Second Session Sba officials also told us last week that they still do not have any estimates of the time or total cost to complete the redesign of the 8 a management information system Sba estimates that as of June 1994 it

had spent 1 million on the redesign effort In fiscal year 1994 sba had targeted in discretionary funds to complete the redesign effort However was reprogrammed to meet unanticipated salary and benefit requirements throughout sba Of the remaining that could be spent on the redesign effort only had been expended as of June 1994 Last September the sba Administrator estimated that it would take sba up to 2 years to complete the redesign of the management information system However because of the problems that sba continues to experience in its development efforts and the limited funding that it has committed to the redesign effort in fiscal year 1994 we are concerned that the kinds of delays experienced in the past will continue in the future In summary Mr Chairman while sba has made some progress in improving aspects of the 8 a program it still is not in a position to assess the program's success in developing minority owned businesses that can compete on equal bases in the mainstream of the Nation's economy The value of 8 a contracts awarded competitively increased in fiscal year 1992 but there has been no improvement over the past 5 to 6 years in the dispersion of contracts among 8 a firms In addition while sba has over the past few years consistently reviewed firms new and revised business plans program managers here in Washington cannot assess whether the types of assistance it provides is consistent with the developmental needs of firms over time because sba does not know whether firms are meeting their business goals About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
