## **Scaedrein Infiltration:**

**Scaedrein Infiltration** Puppet, 2010-08-05 Scaederin Infiltration depicts the tail end of multiple conspiracies spanning an eighteen year period and how seemingly insignificant events are determining factors for the fate of three different cultures. The secrets kept, the lies told to protect the larger agendas. This book tells of love and conflict at many levels, the reawakening of the spirit. The civil rights of two different species are under the knife. A majority of the known galaxy under control by these Scaedreins while the other remaining galactic super powers sit with their hands tied, unable to do anything at the moment. The story is initially centered around the first three main characters whose exploits get them tangled in this web of deceit, betrayal, and cultural revolution. A twisting plot that grows while the characters move through corridors, tunnels, caves, and jungles. The questions of where, how, when, and why the events are taking place depicted by other primary characters in the political world of the story: the Scaedrein Captain, the lead directors, the Jid commander, and Tyagnoome. The midway point is defined by a spearhead offensive designed to engage the enemy at three different locations, but is it designed to fail? A connecting significance to a larger piece of this story based deeply on the beliefs of others, but of the stories I've read, none have ever left me guessing as much as this book, and I wrote it. This story is told by unheard voices sailing across the kintetic web of creation, then depicted by those who choose to listen. I am Puppet, the pen is my master.

*Infiltration* Bryan Krieser, 2012-09-05 Taking place in the not too distant future, this fast-paced exciting thriller will keep you on the edge of your seat while Tony and Chrissy Cooper embark upon a fight against an invisible enemy. A quest to protect the country they love. The invention of a device intended to save lives ultimately reveals a frightening truth. The government has been infiltrated, but how deep does it run? Only two people can find out and save the United States of America from terrorists within their midst. It's a fight to survive when they don't know whom they can trust. They learn that they may feel paranoid, but they know they're not when they end up in the crosshairs of someone who wants them dead.

**Infiltration** Robert Paisley, 2019-10-19 A horrific incident shattered Peter Kyle's happy marriage. While still traumatized and reeling from the shock, he was suddenly plunged into a world of hidden secrets and deception. *The Madrinega Missiles* Damien Hunter, 2022 Madrinega Central America 1983 In this thriller of intrigue and guerilla warfare, Leighton, an American agent, poses as a left-wing journalist to infiltrate a guerilla movement fighting to topple Madrinega's repressive dictator, Eduardo Vilar, at the height of America's war against the Sandinistas in neighboring Nicaragua. His mission: locate and recover four cruise missiles seized by the guerillas in a bloody attack on a military base. Leighton is nearly killed while pursuing a story about the brutal government bombing of a village with no known ties to the guerillas. Antagonizing Vilar's regime with his news stories, he is soon arrested and tortured by the Secret Police, then released only to be given an ultimatum: Leave the country or be disappeared. Zorrita, the guerillas' charismatic leader, employs psychological warfare by

launching the first missile and destroying Vilar's prize possession without loss of life. When Vilar retaliates with reprisal killings which trigger an uprising further undermining his position, Washington increases the pressure on Leighton to find the remaining missiles as Zorrita arranges to spirit him away from the clutches of the Secret Police to a remote jungle camp. Sensing he is a friendly journalist able to sway American public opinion, she sets out to educate and seduce him into advocating for the guerillas' cause as he contrives to build her trust and learn the missiles' location. But Leighton's loyalties are quickly divided as their relationship unexpectedly deepens. Zorrita's intellect, her force of will and sense of history as well as her sexual allure present Leighton with a formidable adversary and ultimately a choice. *Infiltration* Don

Pendleton, 2014-08-01 With bloodied hands in everything from child porn to identity theft and spam scams, an elusive Russian cybercrime organization is poised for the big score. They've hacked into Wall Street's financial systems with a big prize at stake. Called upon for a blitz, Mack Bolan takes the network's top hacker into custody. Using the tech wizard to help him infiltrate the group's Manhattan ranks, Bolan poses as a gun for hire. Battered by intelligence leaks and enemy fire from New York to Boston, Bolan stays in grim pursuit. The complete destruction of the organization's infrastructure is priority one. If he stays lucky and alive, Bolan will turn his sights on the scheme's mastermind. Nothing less than all-out war at the kingpin's Hamptons fortress and his Russian stronghold will deliver the justice Bolan demands for the victims of this ruthless enterprise. **Infiltration** Lee Dodson, 2013-09-09 From a security standpoint, things don't get much worse than the opening scene of Lee Dodson's *Infiltration*. The book's protagonist, a 67-year-old rancher named Rand, pictures a cross between Tommy Lee Jones in *No Country for Old Men* and Sly Stallone in *Rambo*. He is awakened in his home in the middle of the night by the subtle but unmistakable sound of a silenced gunshot. What gradually unfolds is that the infiltrators, a combined force of Mexican and Middle Eastern terrorists, have special plans for the 20 square miles of Arizona desert that includes Rand's land, and those plans are aimed at hurting America. What also comes to light is that the terrorists have used the nearby porous southern border to stage the assault and that the plot's leaders have been in the United States for years, making the connections and gaining the skills needed for the larger attack to come. Rand, whose past is shrouded in the mists of Vietnam, recognizes professionals when he sees them, and even though he can't fathom the reason, soon realizes he's up against a coordinated and highly strategic attack by a small army of well-trained killers. It is a violent, bloody, and often tense book, and unfortunately, the particulars of its plot are plausible. *Infiltration* Dawud Ghazaleh, 2013-05-06 Zore, a military commando, is in charge of leading his team to get information about an unknown spacecraft that has entered human territory. However, when he arrives, nothing is what it seemed. A new enemy has come into play. *Infiltration* Royce Zhou, 2008-07-01 The world shakes as a devastating terrorist attack shatters the lives of hundreds. The infiltration of one of the world's greatest security agencies. The planned assassinations of four elite members of Homeland Security. Chilling poems of homicide. The power of religion. The pain of betrayal and loss. A countdown to destruction of one of the greatest buildings in the world. A brilliant
