**Australian Books and Authors in the American Marketplace 1840s-1940s** David Carter, Roger Osborne, 2018-07-02 Australian Books and Authors in the American Marketplace 1840s 1940s explores how Australian writers and their works were present in the United States before the mid twentieth century to a much greater degree than previously acknowledged Drawing on fresh archival research and combining the approaches of literary criticism print culture studies and book history David Carter and Roger Osborne demonstrate that Australian writing was transnational long before the contemporary period In mapping Australian literature s connections to British and US markets their research challenges established understandings of national imperial and world literatures Carter and Osborne examine how Australian authors editors and publishers engaged productively with their American counterparts and how American readers and reviewers responded to Australian works They consider the role played by British publishers and agents in taking Australian writing to America and how the international circulation of new literary genres created new opportunities for novelists to move between markets Some of these writers such as Christina Stead and Patrick White remain household names others who once enjoyed international fame such as Dale Collins and Alice Grant Rosman have been largely forgotten The story of their books in America reveals how culture commerce and copyright law interacted to create both opportunities and obstacles for Australian writers

Chapters examine marginal commentary from 17th century China, 18th century Britain and 19th century America, investigating the reputations as reflected by attentive readers of He Zhou, Pierre Bayle, Samuel Johnson, Thomas Warton and Sir Walter Scott. The marginal writers include Jacques Gohory, Mary Astell, Hester Thrale, Herman Melville, the young daughters of the Broome family in Gloucestershire and the patrons of the library of the Huon Mechanics Institute, Tasmania. Though marginalia is often proscribed and frequently hidden or overlooked, the collection reveals the enduring power of marginalia, concluding with studies of the ethics of annotation and the resurrected life of marginalia in digital environments.
