## **Scandalous Prophet The Way Of Mission After Newbigin:**

**A Scandalous Prophet** Thomas F. Foust, 2002 A Scandalous Prophet represents the first serious attempt to wrestle with the missiological vision of the late Lesslie Newbigin Scholars from across the cultural theological and ecclesiological spectrums engage to new depths all of Newbigin s major themes making this volume an essential reference on Newbigin s thought and an excellent introduction to current issues in mission

**The Congregation as Hermeneutic of the Gospel** Shawn P. Behan, 2024-10-31 Lesslie Newbigin s concept of the congregation as hermeneutic of the gospel has been used for over thirty years to discuss the overlap of mission and ecclesiology This book provides the contextual background to the congregation as hermeneutic of the gospel then discusses the important components of this concept and how they connect with Newbigin s lifetime of writings on the nature and identity of the church Within this discussion there are three key elements to Newbigin s ecclesiology as it pertains to the congregation as hermeneutic of the gospel the relationship between the Holy Spirit and the local congregation the kingdom of God and the local congregation and the local congregation within itself These three components can be found throughout Newbigin s discussions about the nature of the church ranging from the 1940s until the 1990s Pulling all these components together and showing how they shed light on Newbigin s intended meaning by calling the local congregation the hermeneutic of the gospel for their society provides a new interpretation of this concept that will both strengthen and challenge contemporary uses of this concept within the church today

**Christ and the Other** Reverend Dr Graham Adams, 2017-03-02 How should we relate to others those within a particular tradition those of different traditions and those who are oppressed In the light of these anxieties and building on the work of Andrew Shanks this book offers a vision of Christ as the Shaken One rooted in community with others Shaped through dialogue with the theologies of John Hick and Lesslie Newbigin Adams urges Christian communities to attend more deeply to the demands of ecumenical dialogical and political theologies to embody an ever greater solidarity of others a quality of community better demonstrating Christlike other regard

Theology in Missionary Perspective Mark T. B. Laing, Paul Weston, 2012-10-24 Lesslie Newbigin was one of the most significant missionary strategists and theologians of the twentieth century With the breakdown of confidence in some of the central philosophical and theological paradigms that have been shaped and sustained by the culture of modernity Newbigin s approach to a genuinely missionary theology offers fresh insights and approaches providing something of a prophetic model for the global Christian community in new and challenging times In this collection of essays scholars and practitioners from around the world engage with aspects of Newbigin s continuing legacy They explore Newbigin s approach to theological method his theological and philosophical account of Western culture in the light of the gospel and some of the implications of his thought for global mission in the third millennium This collection is essential reading not just for Newbigin enthusiasts but also for all who are concerned to develop a genuinely missionary encounter with contemporary culture Contributors Ian Barns John G Flett Michael W Goheen Kenneth D Gordon Eleanor

Goheen, 2018-11-06 Lesslie Newbigin one of the twentieth century's most important church leaders offered insights on the church in a pluralistic world that are arguably more relevant now than when first written This volume presents his ecclesiology to a new generation Michael Goheen clearly articulates Newbigin's missionary understanding of the church and places it in the context of Newbigin's core theological convictions Suitable for students as well as church leaders this book offers readers a better understanding of the mission of the church in the world today Foreword by N T Wright     The Mission of the Triune God Adam Dodds, 2017-07-31 Lesslie Newbigin was arguably the greatest missionary thinker of the twentieth century After a successful missionary career in south India Newbigin pioneered missionary engagement with the secular West and resurgent Islam He also led the way in arguing that the Church's mission can only be understood in light of the doctrine of the Trinity Over fifty years ago Newbigin called for the further development of missionary thinking grounded in the Triune being of God This work is in response to that call Adam Dodds provides the first in depth study of Newbigin's trinitarian theology of mission Dodds constructs a systematic account of the central features of the mission of the Triune God the Triune being of God the mission of the Son the mission of the Holy Spirit and the mission of the church This book contributes to our understanding of the work of Lesslie Newbigin offers a systematic theological account of the mission of the Triune God and contributes to the retrieval of Christian mission from the theological margins back to a place of central importance to Christian theology     *Humble Confidence* Paul Weston, 2025-01-30 Lesslie Newbigin's development of a fresh paradigm of missionary theology and cultural engagement has solidified his reputation as not just one of the most important missionary theologians of the twentieth century but as continually relevant in the twenty first Paul Weston focusses on how the engagement with Michael Polanyi's understanding of personal knowledge illuminates Newbigin's work and contributes to its ongoing significance Interlinking themes of Revelation Knowing and Story and tracing through Newbigin's engagements with modernity and post modernity Weston suggests how the logic of Newbigin's approach continues to provide insight to mission theologians and practitioners It is Weston's conviction that *Humble Confidence* presents Newbigin's thinking in a way that can serve the continuing mission of the church     **Ecumenical and Eclectic** Anna M. Robbins, 2007-06-01 Alan Sell is a prolific author producing a vast output of high quality research across many disciplines From philosophy and theology to ethics and history his work has been received with acclaim for its clarity and incisiveness as well as for its relevance to contemporary issues faced by the church Throughout Sell has maintained an unwavering commitment to Reformed faith and the unity of the church universal His work continues to deliver challenges and inspire reflection for those who are interested in thinking deeply about issues of living under the cross of Christ in the world today In this book several colleagues friends and admirers have gathered together to honor Alan Sell's contribution to scholarship and to the life of the

church Leading Christian scholars including Gabriel Fackre Clyde Binfield Keith Clements and Donald McKim here offer reflections on Professor Sell s work and other related themes under the banner of the unity of the church in the contemporary world The essays explore the foundations of unity its historical context and some of the challenges of ecumenism today Together they make a unique contribution to the theme which has occupied so much of Sell s attention over the years and which continues to be of crucial importance to the life of the church in a new era *Robinson Crusoe tries again* Werner Ustorf,2010-09-15 The Christian experience in modern Europe is fragmented It shows great diversity in various geographical contexts and historically a considerable alternation of extremes high or low tides of engagement One aspect of the Christianity in Europe s past is its mission history The spread of Christianity from the West as one of its most important results into the continents of the Global South has been deeply ambivalent in character On the one hand the mission from the West helped to build the historical foundations for Christian education adolescence and maturation to responsible adulthood in a global diverse segregated and pluralistic world As a mature global player Christianity was in a prime position to contribute to peaceful conflict resolution in the religious social and political fields On the other hand the darkness and utter insufficiency of the encounter between the European Christian self and the many others worldwide brought along problematic projections of different beliefs attacked in a hostile way as alien and inevitably as conquered The consequences particularly for the primal other the indigenous people were often disastrous Werner Ustorf has been a leading missiologist worldwide for thirty years This book not only analyses the interaction between mission and individual the construction of the self and the other in a mission context but also proves the analytical strength of theology in conceptualizing future Christian experiences in Europe Ustorf illustrates that apart from traditional dimension of faith a non religious interpretation and critical trust in transcendence is crucial for the formation of the new interculturalization of Christianity in Europe Thus this book demonstrates how mission history can be transformed to a research concept for a global and pluralistic Christianity

**Grasping Truth and Reality** Donald Le Roy Stults,2009-02-26 When Lesslie Newbigin returned to Britain in 1974 after years of missionary service he observed that his homeland was as much a mission field as India where he had spent the majority of his missionary career He concluded that the Western world needed a missionary confrontation Instead of the traditional approach to missions however Newbigin realized that the Western world needed to be confronted theologically From his earliest days at Cambridge University Newbigin developed the theological convictions that shaped his understanding of the Christian faith and he used these theological convictions as criteria to evaluate the belief system of Western culture and to provide an answer to its dilemma The Enlightenment reintroduced humanism and dualism into Western culture which resulted on the loss of purpose and the rise of scepticism This book discusses Newbigin s theological convictions and how they factored into both his critique of and his solution to Western culture s spiritual and worldview problems Donald Le Roy cleverly explains Newbigin s solution to reintroduce the Christian belief system into Western culture

in order to restore purpose and truth to Westerners and put them back in contact with true reality through Jesus Christ

**Missional Discipleship After Christendom** Andrew R. Hardy, Dan Yarnell, 2018-03-14 It is not a changing culture reduced resources or a rescinding Christian memory that creates the greatest challenges for the church in the West It is the lack of a clear commitment to the intentional authentic and contextual expressions of missional disciple making which will shape current and future generations of followers of Jesus to express the values of the Kingdom today This book offers stimulating historical biblical and theological reflections on discipleship and considers some of the possibilities and opportunities afforded to us by our post Christian context Missional discipleship allows the missio Dei to shape us in our engagement our practices and sustain us in the lifelong journey of becoming and developing disciples that follow Jesus today

*Following (Pastoring for Life: Theological Wisdom for Ministering Well)* Jason Byassee, Andria Irwin, 2021-08-10 An insightful exploration of Christian discipleship in the digital age Publishers Weekly This book offers theological perspectives on the challenges of discipleship in a digital age showing how new technologies and the rise of social media affect the way we interact with each other ourselves and the world Written by a Gen X digital immigrant and a Millennial digital native the book explores a faithful response to today's technology as we celebrate our embodied roles as followers of Christ in a disembodied time

Mission Under Scrutiny J. Andrew Kirk, What is Christian mission in a world post everything This volume is a masterful rethinking of the problems and prospect of the Christian vocation to mission in light of the whole checkered legacy religious philosophical colonial and economic of modernity Kirk draws on his considerable experience of worldwide mission and his expertise in modern Western thought to throw light on all the most burning questions such as What kinds of mission initiatives are appropriate today Is it legitimate to invite adherents of different religions to follow Jesus What role have Christians played in advocating violence and also in being agents of peace and reconciliation

**The Priesthood of All Students** Timothée Joset, 2023-06-30 Drawing on archival records and firsthand accounts this work explores the history theology and missiology of the International Fellowship of Evangelical Students IFES It examines how IFES's commitment to immediacy mediation and participation are grounded upon a firm belief in the priesthood of all believers and a missional ecclesiology that presupposes God's involvement in all aspects of life including the university It traces the impact of diverse cultures and theologies upon the manifold expressions of mission IFES has engaged and the role of IFES in extending the presence of God's people in places and among ideologies where traditional church structures have limited access This book is a powerful reminder of the transformative impact created when believers whether students or otherwise participate in the missio Dei as faithful and creative witnesses in their own contexts Bearing relevance for all those interested in a Christian perspective on the university or the theological reverberations of student ministry it also offers a robust theological framework for understanding the legitimacy of parachurch organizations and lay ministry

*Transforming Worldviews* Paul G. Hiebert, 2008-05-01 In the past changes in behavior and in belief have been leading

indicators for missionaries that Christian conversion had occurred But these alone or even together are insufficient for a gospel understanding of conversion For effective biblical mission Paul G Hiebert argues we must add a third element a change in worldview Here he offers a comprehensive study of worldview its philosophy its history its characteristics and the means for understanding it He then provides a detailed analysis of several worldviews that missionaries must engage today addressing the impact of each on Christianity and mission A biblical worldview is outlined for comparison Finally Hiebert argues for gospel ministry that seeks to transform people s worldviews and offers suggestions for how to do so **The**

**Dialogical Spirit II** Amos Yong,2024-09-05 The Dialogical Spirit II is a second collection of essays that demonstrates the dialectical contours of Amos Yong s critical pentecostal theology It is a montage of constructive engagements with various thinkers and ideas in the promotion of theological plurality for the third millennium With essays on Hegelian dialectics Buddhist Christian dialogue pneumatic missiology etc voice is generated for the renewal of relationality and the revival of imagination Free from the imposition of traditional boundaries Yong makes his way across differing landscapes of truth in a global environment gleaned from the activities of reflection and understanding therein Providing snapshots of Yong s theological development over decades of work The Dialogical Spirit II further evidences the vitality of pentecostal theology to emerging conversations in constructive and comparative venues **The Story That Chooses Us** George R.

Hunsberger,2015-04-09 Over the course of several decades missiologist George Hunsberger has written numerous essays on crucial themes for the church s recovery of its missional identity and practice The Story That Chooses Us brings these essays together for the first time The book as a whole presents a composite sense of the missional identity and faithful witness to which the church is called in contemporary Western society Hunsberger engages with well known missiologist Lesslie Newbigin throughout his work as he carefully discerns biblical and theological roots for a contemporary vision of missional theology The recurring themes in Hunsberger s essays provide both theological mooring and practical guidance for churches following Christ on the missional path *Faiths and Faithfulness* Nicholas J. Wood,2009-11-01 How are people of faith to be

faithful to their various traditions in today s diverse society How may we live together as neighbors and yet remain true to our differing religious convictions How is it possible for the contemporary Christian to confess the Lordship of Jesus Christ in a world of many faiths These are some of the fundamental questions which this volume seeks to explore It offers a critical account of two key twentieth century missionary theologians who attempted to address the issue of pluralism within a confessional framework Bishop Kenneth Cragg and Bishop Lesslie Newbigin This study argues for a reconsideration of the biblical themes of fullness and fulfillment which may offer a way of holding together the traditions of continuity which Cragg shows can never be total and of discontinuity which Newbigin argues can never be absolute In this way the book addresses some of the implications for the development of an appropriate missiological approach to inter faith issues in the twenty first century which requires us to take people of faith seriously but also allows faithfulness to the Christian gospel Western

Culture in Gospel Context David J. Kettle, 2011-04-18 Approaching us in sovereign freedom God comes alive to us we come alive to God and all creation comes alive as a sign pointing to God In the gospel of Jesus Christ God gives and discloses himself in this immediate way as our ultimate context and host within the provisional medium of creation This life giving gospel is met by blindness however among those who live today in a collapsing Western culture This is because their imaginative world is shaped by habitual assumptions and practices that lie largely unacknowledged deep within that culture and that preclude openness to the gospel Moreover Western Christians themselves widely share these assumptions betraying the gospel into cultural captivity God calls for the conversion of Western culture to the living gospel Crucially this must include as Lesslie Newbigin recognized a repentance from modern Western assumptions about knowledge Part One explores seeking knowing and serving God as providing a true paradigm for understanding all human enquiry knowledge and action Part Two examines ten resulting hot spots where conversion from prevailing cultural assumptions is vital for authentic mission to Western culture

**Never-Ending Prayer** Bert Hoedemaker, 2022-03-31 Is Christian tradition to be maintained as the absolute body of truth Can it be used selectively depending on the preferences of individual believers What can religious truth possibly mean in our age of opinions and overwhelming cultural diversity These are unsettling questions for Christians their effect aggravated by our daily encounter with non western cultures and non Christian religions and by the increasing presentation of secularism and atheism as the normal way of life In Never Ending Prayer Bert Hoedemaker outlines the continuing importance of tradition while showing that in facing these challenges our understanding of tradition needs a reset Drawing on his own experiences of world Christianity he reconstructs the Christian tradition in such a way that it no longer defines and defends itself as a specific body of concepts and practices over against the world but as a living community originating in and remaining in interaction with humanity's permanent struggles It is presented as a system of religious imagination in which prayer is the driving force and reconciliation is seen as the destination of humankind
