

Scandinavian England

Pauline Stafford

Scandinavian England:

Analysis of the Scandinavian Loanwords in the Aldredian Glosses to the Lindisfarne Gospels Sara M. Pons Sanz, 2000

Scandinavian Influence on Southern Lowland Scotch George Tobias Flom, 1900 **Swein Forkbeard's Invasions and the Danish Conquest of England, 991-1017** Ian Howard, 2003 This book takes a new look at Scandinavian invasions of England after 991 and the personalities involved drawing on re examination of manuscript sources Cultures in Contact Dawn M. Hadley, J. D. Richards, 2000 This volume examines the Scandinavian impact on England in the ninth and tenth centuries with particular reference to Scandinavian settlement and the diverse ways in which the Scandinavians and the native populations responded to each other Many previous studies have described the settlement as involving a rapid assimilation of the settlers with native society and culture and a swift process of integration This volume challenges that view and shows that the processes of assimilation integration and accommodation were gradual and complex displaying important regional variations Where did the Scandinavians come from What type of society did they eventually settle into What were the implications of the drawing of different cultures in contact and how is this portrayed in the surviving material An important aim of this volume is to open up new interdisciplinary dialogue in Viking Studies and it analyses documentary archaeological artefactual and linguistic evidence The volume also seeks to develop more theoretically sophisticated accounts of Scandinavian settlement and brings the study of this subject up to date in terms of developments in other branches of history archaeology and linguistics Recent discussion in other fields concerning for example material culture and language have shown that they did not simply reflect changes in society but were also active constituent elements in creating and re creating social and cultural identities The volume focuses on the creation of local and regional identities and affinities and moves on from the traditional depiction of the issues in terms of a simple dichotomy of Scandinavian and English It takes a more rigorously contextual approach than has hitherto been the case in the study of Scandinavian settlement and seeks to throw new light on the consequences of cultures in contact Routledge Revivals: Medieval Scandinavia (1993) Phillip Pulsiano, Kirsten Wolf, 2017-07-05 First published in 1993 Medieval Scandinavia An Encyclopedia covers every aspect of the region during the Middle Ages including rulers and saints overviews of the countries religion education politics and law culture and material life history literature and art Written by a team of expert contributors the encyclopedia offers those who lack command of the various Scandinavian languages a basic tool for the study of Medieval Scandinavia from roughly the Migration Period to the Reformation With full page maps useful supplementary photos cross references and a comprehensive index this work will be a valuable and absorbing volume for students of the Norse sagas the Viking age and Old English history and literature and for anyone interested in the cultural and historical heritage of Scandinavia Speaking in Our Tongues Margaret Laing, Keith Williamson, 1994 The Origins of Beowulf Richard North, 2007-02-08 This book suggests that the Old English epic Beowulf was composed in the winter of 826-7 as a requiem for King Beornwulf of Mercia on behalf

of Wiglaf the ealdorman who succeeded him The place of composition is given as the minster of Breedon on the Hill in Leicestershire now Derbyshire and the poet is named as the abbot Eanmund As well as pinpointing the poem's place and date of composition Richard North raises some old questions relating to the poet's influences from Vergil and from living Danes Norse analogues are discussed in order to identify how the poet changed his heroic sources while four episodes from Beowulf are shown to be reworked from passages in Vergil's Aeneid One chapter assesses how the poem's Latin sources might correspond with what is known of Breedon's now lost library while another seeks to explain Danish mythology in Beowulf by arguing that Breedon hosted a meeting with Danish Vikings in 809 This fascinating and challenging new study combines careful detective work with meticulous literary analysis to form a case that no future investigation will be able to ignore

The Oxford Handbook of Anglo-Saxon Archaeology Helena Hamerow, David A. Hinton, Sally Crawford, 2011-03-31 Written by a team of experts and presenting the results of the most up to date research The Handbook of Anglo Saxon Archaeology will both stimulate and support further investigation into a society poised at the interface between prehistory and history

Remembering England: Cultural Memory in the Sagas of Icelanders Matthew Firth, 2025-03-18 This book provides an in depth study of depictions of England in the Saga of Icelanders slendingas gur examining their utility as sources for the history of Viking Age Anglo Scandinavian cultural contact The slendingas gur resent themselves as histories but they are difficult historical sources Their setting is the Saga Age a period that begins with the settlement of Iceland in the late ninth century and ends along with the Viking Age in the late eleventh century however the saga texts are disconnected from this setting having first been written down in the thirteenth and fourteenth centuries This book traces the transmission and development of Icelandic cultural memory of Saga Age England across this distance of centuries It offers case study analyses of how historical time place cultures and events are adapted and conceptualised in the slendingas gur and suggests methodological approaches to their study as historical literature Remembering England is an interdisciplinary book that will appeal to scholars and students of the history of pre Norman England the Icelandic sagas medieval literature and cultural memory

Medieval Weapons Robert D. Smith, Kelly DeVries, 2007-04-20 This fascinating reference covers the weapons and armor used by warriors from the 4th to the 15th century and discusses how and why they changed over time In the Middle Ages the lack of standardized weapons meant that one warrior's arms were often quite different from another's even when they were fighting on the same side And with few major technological advances in that period the evolution of those weapons over the centuries was incremental But evolve they ultimately did bringing arms armor and siege weapons to the threshold of the modern era From the fall of the Roman Empire to the beginnings of the Renaissance Medieval Weapons An Illustrated History of Their Impact covers the inexorable transformation from warrior in the mail shirt to fully armored knight from the days of spears and swords to the large scale adoption of the handgun Medieval Weapons covers this fascinating expanse of centuries in chapters devoted to the early medieval Carolingian Crusade and late medieval periods Within each

period the book details how weapons and armor were developed what weapons were used for different types of battles and how weapons and armor both influenced and were influenced by changing tactics in battles and sieges **Journal of the Australian Early Medieval Association** Geoffrey D. Dunn,2019-11-01 The journal welcomes papers on historical literary archaeological cultural and artistic themes particularly interdisciplinary papers and those that make an innovative and significant contribution to the understanding of the early medieval world and stimulate further discussion For submission details please see the association website www.aema.net.au Submissions then may be sent to journal@aema.net.au *Silver, Butter, Cloth* Jane Kershaw,Gareth Williams,Soren Sindbaek,Søren M. Sindbæk,James Graham-Campbell,2019 *Silver Butter Cloth* discusses what constituted money in the Viking Age and how money was used It is widely accepted that silver constituted the main form of currency *Silver Butter Cloth* examines how silver functioned as payment but also explores the monetary role of non silver currencies in the Viking economy **Arthur and the Anglo-Saxon Wars** David Nicolle,2024-09-12 The Arthurian Age the Celtic Twilight the Dark Ages the Birth of England these are the powerfully romantic names often given to one of the most confused yet vital periods in British history It is an era upon which rival Celtic and English nationalisms frequently fought It was also a period of settlement and of the sword This absorbing volume by David Nicolle transports us to an England shrouded in mystery and beset by savage conflict a land which played host to one of the most enduring figures of our history Arthur **An Introduction to Old Norse** Eric Valentine Gordon,1927

Vikings and the Danelaw James Graham-Campbell,Richard Hall,Judith Jesch,David N Parsons,2016-11-30 A selection of papers from the 13th Viking Congress focusing on the northern central and eastern regions of Anglo Saxon England colonised by invading Danish armies in the late 9th century known as the Danelaw This volume contributes to many of the unresolved scholarly debates surrounding the concept and extent of the Danelaw [Celtic-Norse Relationships in the Irish Sea in the Middle Ages 800-1200](#) ,2013-11-29 This volume contains the proceedings of a conference held in Oslo in late 2005 which brought together scholars working in a wide variety of disciplines from Scandinavia Great Britain and Ireland The papers here began as those read at the conference augmented by two written immediately after by attendees but have been updated in light of the discussions in Oslo and more recent scholarship They offer historical archaeological art historical religious historical and philological views of the interaction and interdependence of Celtic and Norse populations in the Irish Sea region in the period 800 A D 1200 A D Contributors are Ian Beuermann Barbara Crawford Claire Downham Fiona Edmonds Colm n Etchingham Zanette T Gl rstad John Hines Alan Lane Julie Lund Jan Erik Rekdal and David Wyatt **A Companion to the Early Middle Ages** Pauline Stafford,2013-03-26 Drawing on 28 original essays *A Companion to the Early Middle Ages* takes an inclusive approach to the history of Britain and Ireland from c 500 to c 1100 to overcome artificial distinctions of modern national boundaries A collaborative history from leading scholars covering the key debates and issues Surveys the building blocks of political society and considers whether there were fundamental differences across Britain and

Ireland Considers potential factors for change including the economy Christianisation and the Vikings The Etiquette of Early Northern Verse Roberta Frank,2022-05-01 In The Etiquette of Early Northern Verse Roberta Frank peers into the northern poet's workshop eavesdropping as Old English and Old Norse verse reveal their craft secrets This book places two vernacular poetries of the long Viking Age into conversation revealing their membership in a single community of taste a traditional stylistic ecology that did serious political and historical work Each chapter seeks the codes of a now extinct verse technique The first explores the underlying architecture of the two poetries their irregularities of pace startling formal conventions and tight verbal detail work The passage of time has worn away most of the circumstantial details that literary scholars in later periods take for granted but the public relations savvy and aural and syntactic signals of early northern verse remain to some extent retrievable and relatable an etiquette prized and presumably understood by its audiences The second and longest chapter investigates the techniques used by early northern poets to retrieve and organize the symmetries of language It illustrates how supererogatory alliteration and rhyme functioned as aural punctuation marking off structural units and highlighting key moments in the texts The third and final chapter describes the extent to which both corpora revealed in negations litotes indirection and down toners modes that forced audiences to read between half lines to hear what was not said By decluttering and stripping away excess by drawing words through a tight mesh of meter alliteration and rhyme the early northern poet filtered out dross and stitched together a poetics of stark contrasts and forebodings Poets and lovers of poetry of all periods and places will find much to enjoy here So will students in Old English and Old Norse courses

Life in the Viking Great Army Dawn Hadley,Julian Richards,2024-11-15 The Viking Great Army that landed in East Anglia in late 865 had a lasting impact on English society culture politics and economy The Viking Great Army landed in East Anglia in late 865 and over the following fifteen years it fought numerous battles in all four Anglo Saxon kingdoms made and broke peace treaties and deposed or killed at least three Anglo Saxon kings replacing them with its own appointees It had a major impact on English society initiating extensive transformations in Anglo Saxon society culture economy and political organisation Previous Viking armies had raided only in the summer months but the Great Army was a constant presence over this period overwintering at various locations in northern and eastern England This presence changed the political economic and social landscape of England forever but historical sources say very little about it Now new archaeological evidence has revealed the location of two of its camps and at least fifty other places it visited This book describes life in the tents and towns that the Viking Great Army inhabited the treasure tools and weapons found in the camps and what they reveal about how the groups that made up the Army lived and the activities that took place including the processing and trading of loot the minting of coins and the manufacture of jewellery What emerges is evidence of a rich and diverse community whose impact on England can be traced to the present day **Land, Sea and Home** John Hines,Alan Lane,Mark Redknap,2024-11-15 The twenty eight papers in this volume explore the practical life domestic settings landscapes and

seascapes of the Viking world Their geographical horizons stretch from Iceland to Russia with particular emphasis on new discoveries in the Scandinavian homelands and in Britain and Ireland With a rich combination of disciplinary perspectives new interpretations are presented of evidence for buildings and technology navigation trade and military organization the ideology of place and cultural interactions and comparisons between Viking and native groups Together these reveal the multivalent importance of settlement archaeology and history for an understanding of the pivotal phase within the Middle Ages that was the Viking Period

This Enthralling Realm of E-book Books: A Comprehensive Guide Revealing the Benefits of Kindle Books: A World of Convenience and Versatility E-book books, with their inherent portability and ease of availability, have liberated readers from the limitations of physical books. Gone are the days of carrying cumbersome novels or meticulously searching for particular titles in shops.
