## **Scandinavian Journal Of Design History Volume 1:**

**Scandinavian Journal of Design History** Mirjam Gelfer-Jørgensen, 1991 Ene eks p T G ex 2      **Design History** Kjetil Fallan, 2010-01-01 Design History has become a complex and wide ranging discipline It now examines artefacts from conception to development production mediation and consumption Over the last few decades the discipline has developed a diverse range of theories and methodologies for the analysis of objects Design History presents the most comprehensive overview and guide to these developments The book first traces the development of the discipline explaining how it draws from Art History Industrial Design Cultural History and Material Culture Studies The core of the book then analyses the seminal methodologies used in Design History today The final section highlights the key issues concerning knowledge and meaning in Design Throughout the aim is to present a concise and accessible introduction to this complex field A map to the intellectual landscape of Design History the book will be an invaluable guide for students and a very useful reference for scholars      *Scandinavian Journal of Design History* Mirjam Gelfer-Jørgensen, Danish museum of decorative arts, 2001

**Twentieth-Century Pattern Design** Lesley Jackson, 2007-02-08 Twentieth Century Pattern Design combines photographs including many newly published images with soundly researched text creating an essential resource for enthusiasts and historians of modern design The book also serves as a creative sourcebook for students and designers inspiring new flights of fancy in pattern design Jacket      **Transnational Discourses in Nordic Design** Astrid Skjerven, Rachel Gotlieb, 2024-11-14 Challenging the stereotypes of Scandinavian design these essays explore design in Denmark Norway and Sweden and assess the different roles that Finland and the wider Nordic region had in forming an image of Scandinavian design throughout the world By examining the legacy of Nordic design and its global impact editors Astrid Skjerven and Rachel Gotlieb shed light on the development of national and regional design identities and their historical associations Authors investigate the transnational circulation of ideas throughout the later 20th century and consider the influences on design practices production and consumerism They look at how different countries negotiated and promoted Nordic branding and ideology and offer new perspectives on design in relation to sustainability changing economies and indigenous traditions A range of leading international scholars evaluate the popularity of Nordic style in Soviet material culture the influence on jewellery design in post war Britain the impact of national design conferences exhibitions and education in Europe the USA Canada and Japan Drawing from a wealth of archival material and interviews with designers makers and other stakeholders this book reveals a lesser known history of cross cultural collaborations exhibition production and tensions between mainstream and indigenous design in Scandinavia Transnational Discourses in Nordic Design also provides an insight into some of the authors own design practices and reveals the challenges facing Nordic designers today      *Modern Asian Design* D.J. Huppertz, 2018-02-22 Modern Asian Design provides a comprehensive introduction to the development of Asian design in the modern period both tracing historical threads and offering a

theoretical framework within which to chart the history of design in Asia Rather than a singular Asian history this book presents a series of studies centred on trade routes colonial relationships regional networks and cross cultural exchanges Modern Asian Design builds on existing resources beyond design history in an effort to map the field focusing particularly on relations between Asia and the West and also across Asian design cultures Opening with a brief overview of trade and exchange networks in the 17th and 18th centuries the bulk of this study comprises analysis of the development of modern design in Asia during the later 19th and early 20th centuries a period of rapid modernisation The book s final two chapters bring these central ideas into a contemporary and highly relevant context

**Design Culture** Guy Julier,Mads Nygaard Folkmann,Niels Peter Skou,Hans-Christian Jensen,Anders V. Munch,2019-02-21 Design culture foregrounds the relationships between the domains of design practice design production and everyday life Unlike design history and design studies it is primarily concerned with contemporary design objects and the networks between the multiple actors engaged in their shaping functioning and reproduction It acknowledges the rise of design as both a key component and a key challenge of the modern world Featuring an impressive range of international case studies Design Culture interrogates what this emergent discipline is its methodologies its scope and its relationships with other fields of study The volume s interdisciplinary approach brings fresh thinking to this fast evolving field of study

**Scandinavian Journal of Design History Volume 12** Mirjam Gelfer-Jørgensen,2002 *The Spirit of Vitalism* Gertrud Hvidberg-Hansen,Gertrud Oelsner,2011 This richly illustrated book outlines the strong Vitalistic movement in Denmark during the period 1890 1940 This movement emerged as a response to the rationalism and one sided intellectualism of a rigid bourgeois or decadent culture of the 19th century It constituted a number of cultural currents that were manifested in philosophy art and everyday life with an emphasis on the energy of youth the dynamic personality and the potential of the body Viewed in the wider perspective the aim of Vitalism s cult of the body was a revitalization that was to benefit not only the individual human being but the whole of culture Although the Vitalistic themes emanated from modern life they also drew artistic sustenance from Nordic mythology and Greek antiquity which served as the most important ideals in the modern pursuit of both physical and spiritual beauty Additionally the book highlights the prevalence of the interest in health and exercise and an increased attentiveness to hyg Design & Applied Arts Index ,2001

**Nordic Design Cultures in Transformation, 1960-1980** Kjetil Fallan,Christina Zetterlund,Anders V. Munch,2022-08-30 Covering the 1960s and 1970s this volume explores new ways of investigating comparing and interpreting the different domains of design culture across the Nordic countries Challenging the traditional narrative this volume argues that the roots of the most prominent features of Nordic design s contemporary significance are not to be found amongst the objects for the home collectively branded as Scandinavian Design to great acclaim in the 1950s but in the discourses institutions and practices

formed in the aftermath of that oft told success story during the turbulent period between 1960 and 1980 This is achieved by employing multidisciplinary approaches to connect the domains of industrial production marketing consumption public institutions design educations trade journals as well as public debates and civic initiatives forming a design culture This book makes a significant contribution to current international agendas of historiographical critique focusing on transnational relations and the deconstruction of national design histories This book will be of interest to scholars in design design history and Scandinavian studies The Open Access version of this book available at [www.taylorfrancis.com](http://www.taylorfrancis.com) has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license [A Companion to Contemporary Design since 1945](#) Anne Massey, 2019-04-22 A critical overview of contemporary design and its place within the broader context of art history A Companion to Contemporary Design since 1945 introduces readers to a collection of specially commissioned essays exploring the complex areas of design that emerged through the latter half of the twentieth century design history design methods design studies and more recently design thinking The book delivers a thoughtful overview of all design disciplines and also strives to stimulate inter disciplinary debate and examine unconsidered convergences among design applications in different fields By offering a new perspective on design the articles assembled here present a challenging account of the boundaries between design history and its cognate disciplines especially art history The volume comprises five sections Time Place Space Objects and Audiences that discuss environments for design and how we interact with designed objects and spaces Notable features include 24 new essays reflecting the current state of design history and theory and examining developments on a global basis Contributions by eminent scholars and practitioners from around the globe Enriched throughout with illustrations A Companion to Contemporary Design since 1945 provides a new and thought provoking revision of our conception and understanding of contemporary design that will be essential reading for students at both undergraduate and graduate levels as well as researchers and teachers working in design history theory and practice and in related fields [Scandinavian Journal of Design History](#) Mirjam Gelfer-Jørgensen, Rhodos og forfatterne, 1992

[Ulster Folklife](#), 2005 **The Design History Reader** Grace Lees-Maffei, Rebecca Houze, 2024-12-13 This revised and updated edition addresses the international history and practice of design from the 17th century to the present day Covering both primary texts by social theorists designers and design reformers and secondary texts in the form of key works of design history and design thinking the Reader provides an essential resource for understanding the history of design the development of the discipline and contemporary issues in design history and practice including decolonization sustainability historiography gender and globalization Extracts are grouped into thematic sections each with a contextualizing introduction by the editors and a guide to further reading The updated edition of The Design History Reader expands upon its original content and features numerous significant voices from across the globe Authors include William Morris Karl Marx Roland Barthes Victor Margolin Penny Sparke Judy Attfield Ellen Lupton and many more *Scandinavian Journal of Design History*

*Vol. 14* Mirjam Gelfer-Jørgensen, 2004      **The Scandinavian Journal of Design History, Vol. 6. [Review].** Jennifer Hawkins Opie, 1997      **Design by IKEA** Sara Kristoffersson, 2014-10-23 Sara Kristoffersson's compelling study provides the first sustained critical history of IKEA. Kristoffersson argues that the company's commercial success has been founded on a neat alignment of the brand with a particular image of Swedish national identity, one that is bound up with ideas of social democracy and egalitarianism and its material expression in a pared-down functional design aesthetic. Employing slogans such as 'Design for everyone' and 'Democratic design', IKEA signals a rejection of the stuffy, the chintzy, and the traditional in both design practices and social structures. Drawing on original research in the IKEA company archive and interviews with IKEA personnel, *Design by IKEA* traces IKEA's symbolic connection to Sweden through its design output and its promotional materials to examine how the company both promoted and profited from the concept of Scandinavian Design.
