## **Scapegoat Ritual And Literature:**

*The Scapegoat: Ritual and Literature* John B. Vickery, J'nan M. Sellery, 1971      **Rituals of Literature** Gian Balsamo, 2004-06 Balsamo's *Rituals of Literature* is devoted to Joyce's and Dante's special contributions to the tradition of Christian epics born out of Biblical stories and Homeric poems. By highlighting the integrated nature of its typical tropes, Joyce and Dante establish the historical identity of the Christian epic as a distinct literary genre.      The New Oxford Annotated Bible with the Apocryphal/Deuterocanonical Books Marc Zvi Brettler, Carol Ann Newsom, Pheme Perkins, 2007 Presents the complete text of the New Revised Standard Version Bible with the Apocryphal Deuterocanonical books and features annotations in a single column across the page bottom in text background essays on the major divisions of the biblical text and other reference tools      **Ritual, Family and Therapy in Anglophone Literatures** Lars Heiler, 2025-03-10 This book investigates the triadic constellations between ritual, family and therapy in literature in English. Many rituals, so-called rites of passage in particular, are strongly associated with the changing status of individuals as members of a family unit. Traditional healing rituals were often designed to have a therapeutic effect, sometimes mentally but also physically, whereas modern psychotherapies often include ritual elements in order to enhance the efficacy of their treatment. Families, on the other hand, can be the site of therapeutic activity by providing protection, stability and emotional comfort, yet difficult family constellations may also be the origin of emotional distress and the reason why a person needs counselling and therapeutic support in the first place. Modern therapies such as family systems therapy have expanded their range of interest and influence in order to look at the whole family unit, not just the symptomatic individual as client. This study discusses nine literary texts: six novels, one literary memoir and two plays, in which the three dimensions intersect and mutually influence each other.      **Mythology** David Adams Leeming, 1998-05-28 What makes something mythic? What do mythic events and narratives have to do with us? In *Mythology*, David Leeming offers an unusual and effective approach to the subject of mythology by stressing universal themes through myths of many cultures. This anthology collects a wide array of narrative texts from the Bible to English literature to interpretations by Joseph Campbell, C. G. Jung and others, which illustrate how myths serve whole societies in our universal search for meaning. Leeming illustrates the various stages or rites of passage of the mythic universal hero from birth to childhood through trial and quest, death, descent, rebirth and ascension. The arrangement of texts by themes such as Childhood, Initiation and Divine Signs, The Descent to the Underworld and Resurrection and Rebirth, strips mythic characters of their many national and cultural masks to reveal their archetypal aspects. Real figures including Jesus and Mohammed are also included, underlining the theory that myths are real and can be applied to real life. This edition is updated to include additional heroine myths as well as Navajo, Indonesian, Indian, Chinese and African tales.      Mythography William G. Doty, 2000-03-21 Presenting major myth theorists from antiquity to the present, this work offers a cross-disciplinary approach to the study of myth. Rewritten and restructured, it reflects the increased interest in

myth among both scholars and general readers since the publication of the first edition      Corporations, Businesses, and Families Roma S. Hanks, Marvin B. Sussman, 1990 *Corporations Businesses and Families* offers a comprehensive look at the relationship between family systems and work organizations Discussions ranging from work family issues of the past such as the decline of the role of the family in the workplace during the rise of labor unions to current trends toward increased corporate provision of child care introduce a historical overview of the changes in work family relationships from various perspectives Special topics of interest include methodological strategies for researchers investigating work family issues within the corporation perspectives of minority families in corporate work settings and family responsiveness in military organizations In addition to examining the relationship between the corporation and the families of its employees the authors explore the systems of management and succession in family run corporations and businesses and the family business aspects of teleministries Researchers students human resource managers and business policymakers will benefit from the information in this authoritative new book The trends and issues identified in this illuminating volume will be useful in planning corporate initiatives that affect families and in training students in business and social science programs where work family issues are of interest      **Research in Ritual Studies** Ronald L. Grimes, 1985      **Myth** K. K. Ruthven, 2017-07-20 First published in 1976 this book provides a helpful introduction to the study of myth as a concept and its relationship to literature It examines historically some of the leading theories concerning the nature and origins of myth and with reference to a wide variety of texts illustrates the relevance of these theories to literature It also considers the different ways in which myths have been perceived over time both positive and negative and the effect this has had on the production of new mythologies It concludes with an assessment if the problems created by the presence of myth in literature and its use as a tool of literary criticism      From Martyr to Mystic Ra'anan S. Boustan, 2005 This study provides a critical analysis of Nurcholish Madjid's attempt to interpret Islam within the framework of modern Indonesia Special attention is paid to his ideas and activities during the years leading to the 1998 downfall of President Soeharto and the development towards democracy that followed Although many of these ideas have been embraced by significant sectors of official Indonesia they have also received harsh criticism from the representatives of more conservative interpretations of Islam and more recently from secular Muslims as well BOOK JACKET      **Scapegoats for a Profession** Ann Daniel, 2012-11-12 Scapegoating is projected here as an occurrence in justice systems of modern democracies Daniel documents several disciplinary cases brought against successful professionals in law and medicine in order to do this arguing that they are examples of community scapegoating by these professions      *The Publishers Weekly*, 1899      **National Union Catalog**, 1972 Includes entries for maps and atlases      *The Day of Atonement* Thomas Hieke, Tobias Nicklas, 2011-11-11 Established at the center of the Torah the instructions for the celebration of the Day of Atonement hold a prominent position Leviticus 16 The language of atonement purification and reconciliation represents the variety of concepts that both explore the complex

relationships between God and man between Yahweh and his chosen people Israel and that set apart the place of encounter the sanctuary Leviticus 16 has served as the point of departure for numerous religious and cultural practices and thoughts that have had a formative influence on Judaism and Christianity up to the present day The essays in this volume form a representative cross section of the history of the reception of Leviticus 16 and the tradition of the Yom ha Kippurim
