Scarlet For Shalene:

Scarlet for Shalene Shirley Bragg Farley, 2003-01-01 *The Life of Sapphire Moon* Shalene C.P. Steward, 2015-11-18

Sapphire's journey through twisted years of learning as she is a High Priestess. This is her story on her life starting at six years old. As Sapphire grows up, she is put through hell by jealous evil people because of the gifts the gods gave her without her understanding it and what is happening to her. While growing up, her parents are completely against the person Sapphire is growing up to be due to their religion. In Sapphire's teenage years, she becomes suicidal because of spirits that she saw and heard in her childhood. Sapphire didn't have anyone to help her deal with these gifts, so she blasted Metallica to sleep at night. Sapphire also has flashes of the future. Prison, life, probation, parole, and her three charmed baby girl's births take place. A divorce plus retiring from the criminal life. Sapphire finds out that she moved just in the nick of time. Sapphire tries to stay hidden and meets this motorcycle club. Sapphire has been found and is targeted as she gives birth to her son while the undercover cops wars on Sapphire never seem to stop.

The Cycle Shalene Gupta, 2024-02-27. A groundbreaking exploration of a debilitating disorder that's underdiagnosed and misunderstood. Most days, Shalene Gupta was the person she'd always aspired to be. She was hardworking, excelled at work, and had a long-term boyfriend who she desperately loved. Then every month, like clockwork, it all came crashing down in fits of rage and inconsolable sorrow. Work became meaningless, and she struggled to get through the day. The lows were subterranean. After years of struggling to get an answer from doctors, Shalene learned she was one of millions who live with premenstrual dysphoric disorder (PMDD), a severe form of PMS. The physical and mental effects of this disorder are undeniable, but for decades, some doctors didn't even consider PMDD a real condition. How could so many people be suffering at the hands of a chronic condition that doesn't even exist? *The Cycle* uncovers a hidden epidemic, delivering the definitive portrait of a widespread chronic illness most people haven't even heard of. From a historical overview of feminist debates to on-the-ground interviews and a searing critique of menstrual stigma, Shalene Gupta lays out how disregard for this disorder has left too many people scrambling for appropriate healthcare. Deeply researched, movingly intimate, and refreshingly hopeful, this book is essential reading for any curious reader, especially those navigating a world ill-equipped to support their health.
