Scenes of Clerical Life is George Eliot's first published work of fiction, a collection of three short stories published in book form. It was the first of her works to be released under her famous pseudonym. The stories were first published in Blackwood's Magazine over the course of the year 1857 initially anonymously, before being released as a two-volume set by Blackwood and Sons in January 1858. The three stories are set during the last twenty years of the eighteenth century and the first half of the nineteenth century over a fifty-year period. The stories take place in and around the fictional town of Milby in the English Midlands. Each of the *Scenes* concerns a different Anglican clergyman but is not necessarily centred upon him. Eliot examines among other things the effects of religious reform and the tension between the Established and the Dissenting Churches on the clergymen and their congregations and draws attention to various social issues such as poverty, alcoholism, and domestic violence.

About the author: Mary Ann Evans (22 November 1819 – 22 December 1880), alternatively Mary Anne or Marian, known by her pen name George Eliot, was an English novelist, poet, journalist, translator, and one of the leading writers of the Victorian era. She wrote seven novels, including *Adam Bede* (1859), *The Mill on the Floss* (1860), *Silas Marner* (1861), *Romola* (1862–63), *Middlemarch* (1871–72), and *Daniel Deronda* (1876), most of which are set in provincial England and known for their realism and psychological insight. Although female authors were published under their own names during her lifetime, she wanted to escape the stereotype of women's writing being limited to lighthearted romances. She also wanted to have her fiction judged separately from her already extensive and widely known work as an editor and critic. Another factor in her use of a pen name may have been a desire to shield her private life from public scrutiny, thus avoiding the scandal that would have arisen because of her relationship with the married George Henry Lewes.

Eliot's Middlemarch has been described by the novelists Martin Amis and Julian Barnes as the greatest novel in the English language. *Middlemarch: A Study of Provincial Life* is a novel by the English author George Eliot (Mary Anne Evans), first published in eight instalments (volumes) in 1871–1872. The novel is set in the fictitious Midlands town of Middlemarch during

1829 1832 and follows several distinct intersecting stories with a large cast of characters Issues include the status of women the nature of marriage idealism self interest religion hypocrisy political reform and education Despite comic elements Middlemarch is a work of realism encompassing historical events the 1832 Reform Act the beginnings of the railways and the death of King George IV and succession of his brother the Duke of Clarence King William IV It incorporates contemporary medicine and examines the reactionary views of a settled community facing unwelcome change Eliot began writing the two pieces that would form Middlemarch in the years 1869 1870 and completed the novel in 1871 Although initial reviews were mixed it is now seen widely as her best work and one of the great novels of the English language wikipedia org
