Unseen City Nathanael Johnson,2016-04-05 It all started with Nathanael Johnson s decision to teach his daughter the name of every tree they passed on their walk to day care in San Francisco This project turned into a quest to discover the secrets of the neighborhood s flora and fauna and yielded more than names and trivia Johnson developed a relationship with his nonhuman neighbors Johnson argues that learning to see the world afresh like a child shifts the way we think about nature Instead of something distant and abstract nature becomes real all at once comical annoying and beautiful This shift can add tremendous value to our lives and it might just be the first step in saving the world No matter where we live city country oceanside or mountains there are wonders that we walk past every day *Unseen City* widens the pinhole of our perspective by allowing us to view the world from the high altitude eyes of a turkey vulture and the distinctly low altitude eyes of a snail The narrative allows us to eavesdrop on the comically frenetic life of a squirrel and peer deep into the past with a ginkgo biloba tree Each of these organisms has something unique to tell us about our neighborhoods and chapter by chapter *Unseen City* takes us on a journey that is part nature lesson and part love letter to
