Sceptical Sociology:

Sceptical Sociology (RLE Social Theory) John Carroll, 2014-08-07 John Carroll contends that since 1918 sociology has distinguished itself by making society appear as dull as it is at its worst Using barbaric jargon legalistic syntax and vacuous statistical tables and driven by an obsession with the humdrum it has exhibited some of the worst traits of the culture it should have been laying bare Sceptical Sociology examines where sociology went wrong and what ought to be done to transform it into a worthwhile enterprise In a series of studies of contemporary Western society the author puts into practice the principles of a sceptical sociology There are enquiries into the cleanliness compulsion among housewives the conflicting dream and reality of the tourist the moral centrality of the car the tactics of the latest shopping palaces There is an allegory on fur hats a dark portrait of a typical modern marriage a putting of intellectuals in their place and a pursuit of the sociology of space through the universal longing for home The author contends that sociology ought to be the important stories about a society and its times well told Sceptical Sociology attempts to show that it can be well done Sceptical Sociology John Carroll, 1977

Sociology, 1980 **A Sceptical Theory of Scientific Inquiry: Problems and Their Progress** Laurence Barry Briskman, 2020-06-02 A Sceptical Theory of Scientific Inquiry Problems and Their Progress presents a distinctive re interpretation of Popper s critical rationalism displaying the kind of spirit found at the L S E before Popper s retirement It offers an alternative to interpretations of critical rationalism which have emphasised the significance of research programmes or metaphysics Lakatos Nicholas Maxwell and is closer to the approach of Jagdish Hattiangadi Briskman gives priority to methodological argument rather than logical formalisms and takes further his own work on creativity In addition to offering an important contribution to the understanding of critical rationalism the book contains interesting engagements with Michael Polanyi and the Meno Paradox This volume also contains an introduction by the editor which situates Briskman s work in the history of the interpretation of critical rationalism

Deviance and Social Control Mary McIntosh, Paul Rock, 2018-05-11 Originally published in 1974 Deviance and Social Control represents a collection of original papers first heard at the annual meeting of the British Sociological Association in 1971 They reveal how the American approach to deviance has been taken up by British sociologists and revised and modified and they explore possibilities of extending and strengthening the subject for instance through comparative analysis or by examining issues which bear on deviant behaviour

On Guilt John Carroll, 2020-02-14 Guilt is the dark force behind haunting anxiety obsessive compulsive behaviour life meaninglessness and depression a force to be kept in check Yet guilt is equally our richest and most hidden resource the essence of our humanness and it drives us on to our highest achievements Today when individuals feel bad it is not usually because of something specific they have done Rather thundering around in the depths of their being is guilt obscure unconscious yet irrepressible and ever present Where does it come from what are its ways and how might it be put to useful work This book explores the nature of guilt shedding light on how the modern West came increasingly to understand it as the

most terrible sickness It traces the psychological origins of guilt in each person's family and demonstrates the historical rise of guilt in parallel with civilization It examines the modern predicament the difficulty of finding explanations for guilt in a secular post church society and the possibility of relief from its curse while channelling it into a fulfilling life As such it will appeal to those with interests in sociology psychology psychiatry cultural studies cultural history and anthropology

Sociological Ambivalence and Other Essays Robert King Merton, 1976 *Rights* Lydia Morris, 2006-04-18 This pioneering book demonstrates how different traditions of sociological thought can contribute to an understanding of the theory and practice of rights It provides a sociological treatment of a wide range of substantive issues but never loses sight of the key theoretical questions It considers some varied cases of public intervention including welfare caring mental health provisions pensions justice and free speech alongside the rights issues they raise examines the question of rights from the point of view of distinctive population groups such as prisoners and victims women ethnic minorities indigenous peoples and lesbians and gays A key strength is its detailed presentation and analysis of different aspects of rights and its exploration of a variety of analytical perspectives Rights are viewed not in terms of ethical certainty but as the product of social processes and part of shifting terrain which is open to negotiation Including a theoretical critique of existing perspectives Rights offers a diverse and detailed exploration of the contribution sociological thought can make to this increasingly important aspect of social life and is an invaluable aid to students studying in this area **The Political Web** Peter Dahlgren, 2013-08-09 As

democracy encounters difficulties many citizens are turning to the domain of alternative politics and in so doing making considerable use of the new communication technologies This volume analyses the various factors that shape such participation and addresses such key topics as civic subjectivity web intellectuals and cosmopolitanism *Urban Warfare in the Twenty-First Century* Anthony King, 2025-05-14 War is urbanising From Mosul to Mumbai Aleppo to Marawi the largest and most intense battles of the twenty first century have taken place in densely populated urban areas In the Ukraine War Russian and Ukrainian troops have converged on urban areas Kyiv Mariupol and Bakhmut to fight brutal attritional sieges Meanwhile the Battle of Gaza rages Through a close analysis of recent urban conflicts and their historical antecedents sociologist Anthony King explores the changing typography of the urban battlescape Whilst many tactics used in urban warfare are not new he shows how operations in cities today have coalesced into localised micro sieges which extend from street level and below to the airspace high above the city as combatants fight for individual buildings streets and districts At the same time digitalized social media and information networks communicate these battles to global audiences across an urban archipelago with these spectators often becoming active participants in the fight Fully revised and updated to include detailed examples from Ukraine and Gaza to illustrate the anatomy of twenty first century urban warfare the second edition of this popular text is a timely reminder of the costs and the horror of war and violence in cities As such it offers an invaluable interdisciplinary introduction to urban warfare in the new millennium for students of international security urban

studies and military science as well as military professionals Revisiting Moral Panics Vivienne E. Cree, Gary Clapton, Mark Smith, 2016-06-15 We live in a world that is increasingly characterised as full of risk danger and threat Every day a new social issue emerges to assail our sensibilities and consciences Drawing on the popular Economic Social and Research Council ESRC seminar series this book examines these social issues and anxieties and the solutions to them through the concept of moral panic With a commentary by Charles Critcher and contributions from both well known and up and coming researchers and practitioners this is a stimulating and innovative overview of moral panic ideas which will be an essential resource **Gender and Family** Vivienne E. Cree, 2015-06-30 This Byte offers readers insight into some of the central debates and questions about gender and the family examined through the lens of moral panic It begins with an overview of the part played by moral panics together with an appraisal of the work of Stanley Cohen one of the chief architects of moral panic ideas Drawing on research and practice examples from different parts of the world it explores interconnections between gender class race and age and interrogates the role of the state and social work in intervening in family life

Criminology John Tierney, Maggie O'Neill, 2013-12-16 Criminology theory and context third edition expands upon the ideas presented in previous editions while introducing new material on critical theory feminism masculinities cultural criminology and postmodernism The text has been thoroughly updated throughout to reflect key perspectives in contemporary criminological theory Relevant updates include discussions on New Labour's criminal justice and penal policies in its third term in office and the latest developments in criminal justice and the politics of law and order in the UK and US This edition revisits societal and cultural influences that have shaped the discipline and invites the reader to re-examine the phenomena of crime and deviance Criminology theory and context third edition is presented in a logical structure and adopts an accessible framework The text is essential reading for students of criminology criminological theory and criminal justice and will also be of key interest to those studying sociology law and the wider social sciences **From Walmart to Al**

Qaeda David Murillo, 2017-09-08 From Walmart to Al Qaeda explains the fuzzy complex and seemingly incomprehensible concept of globalization What is globalization What are the core topics theories and competing ideologies Are we walking towards homogenization or towards a global collision of cultures and identities The potential risks and challenges for the global economy corporations and political regimes are acknowledged by most but not fully understood This book provides a refreshing new look at how society is being shaped by globalization and how these apparent destructive patterns can be both explained and potentially remedied Globalization is both a concept and a cliché It is a term that is used to explain an economic system or the state of the world David Murillo sets out the questions and identifies the interrelationships of different disciplines to both understand the issues and also find solutions The book discusses globalization and current attempts to conceptualize and measure it There are theoretical and ideological debates on whether globalization is inevitable and the various alternatives for interpreting how the world works Accompanying Teaching Notes are available on request with the

purchase of this book **The Insecurity State** Peter Ramsay, 2012-04-26 The Insecurity State is a book about the recent emergence of a right to security in the UK's criminal law. The Insecurity State sets out from a detailed analysis of the law of the Anti Social Behaviour Order and of the Coalition government's proposed replacement for it. It shows that the liabilities contained in both seek to protect a freedom from fear and that this right to security explains a lot of other recently enacted criminal offences. This book identifies the normative source of this right to security in the idea of vulnerable autonomy. It demonstrates that the vulnerability of autonomy is an axiomatic assumption of political theories that have enjoyed a preponderant influence right across the political mainstream. It considers the influence of these normative commitments on the policy of both the New Labour and the Coalition governments. The Insecurity State then explores how the wider contemporary criminal law also institutionalizes the right to security and how this differs from the law's earlier protection of security interests. It examines the right to security and its attendant penal liabilities in the context of both human rights protection and normative criminal law theories. Finally, the book exposes the paradoxical claims about the state's authority that are entailed by penal laws that assume the vulnerability of the normal representative citizen. The Insecurity State offers a criminal law theory that is unorthodox in both its method and its content. BLIt is focused on a contemporary development in the special part of the criminal law rather than the law's general principles. BLIt is an explanatory political sociology of substantive criminal law rather than the more familiar normative theory, but it is an explanatory theory that seeks to understand the law's historical development through an investigation of the changing character of its normative order. BLIt does not apply a pre-existing sociological or philosophical theory to the law; rather, it develops a theoretical explanation from detailed legal analysis and reconstruction of New Labour's penal laws. BLIt concludes that repressive criminal laws have arisen from a deficit of political authority rather than from excessive authoritarianism. *Reflections on a Politically Skeptical Era* Dennis Wrong, 2019-01-22 All of the essays included in the present volume were written between 1995 and 2001. This attests to the timeliness and relevance of Dennis H. Wrong's writings. He notes that the mid-twentieth century disposition to believe that politics fundamentally consisted of clashes between totalistic worldviews such as communism, socialism, capitalism, fascism, nationalism, internationalism, and a cluster of isms may have been historically transitional. But politics now appears more nuanced, if no less troubled, following the collapse of the Soviet bloc between 1989 and 1991. Multiculturalism and identity politics, as well as communitarianism, flourished in the 1990s. The volume is divided into five parts: Capitalism, Inequalities and Alternatives; Multiculturalism and Identity Politics; Communitarianism: Theory and Theorists; and Autobiographical Reminiscences. This concluding part indicates how Wrong's work includes self-reflections as well as reflections on an examination of how figures such as C. Wright Mills and Raymond Aron, Amitai Etzioni, and Digby Baltzell played a role in shaping his own thought and how these changed over the course of the past century. This is the third collection of the essays and articles of Dennis H. Wrong published by Transaction. As was the case with his earlier volumes, *Reflections on a*

Politically Skeptical Era is characterized by a deep attention to the actual social history of our times and how this plays out in academic pursuits especially within sociology Whether the works were published in academic journals or more popular media they reflect a quality of literary manners that is rare among social science writings but a reflection that never sacrifices a sense of principle and probity in the process

Surviving the Twentieth Century Judith T. Marcus, 2018-04-27

Surviving the Twentieth Century celebrates the achievements of the renowned sociologist Joseph Maier A superb teacher and respected scholar of formidable scope Maier's work encompassed a variety of disciplines including sociology philosophy and political science He is well known for his comparative research on Latin America as well as Jewish law and tradition As Judith Marcus observes Maier helped to establish comparative historical sociology as an acknowledged field of study This volume records and pays tribute to his scholarship and significant public service The volume is divided into parts reflecting the breath of Maier's intellectual interests Contributors are drawn from a variety of fields and geographical arenas Part 1 consists of biographical interviews and personal observations on Maier and his work by Herman Berlinski David Berlinski Geoffrey Lloyd Enrique Krauze and Aaron W Warner Part 2 includes contributions addressing some of the main themes in Maier's work the interaction of nationalism community and personal identity the impact of politics on social science culture politics and religion Contributors include Abraham Edel William Safran Reinhard Kreckel Zoltan Tarr Sandro Segre Ludwig von Friedberg Irving Louis Horowitz Judith Marcus Editfi Kurzweil Paul Neurath Ruth Rubinstein Andrew P Lyons and Harriet D Lyons Tony Carnes and Elfriede Uner Part 3 reflects the impact of Maier's work on other scholars It includes essays on philosophy religion literature and intellectual responsibility Contributors include Tom Rockmore Laurent Stern Edmund Leites Alfred Schmidt Norbert Altwicker Rita Kuczynski Gerard Raulet and Peter Gottwald Part 4 covers the influence of crisis on Jewish intellectual life and includes contributions by Herbert Strauss Emanuel Maier Leon A Feldman Hannelore Kunzl and Johann Maier The volume concludes in part 5 with personal tributes to Maier by Curt C Silberman C Alexander Weinstock and Helen Hacker The volume includes an illuminating introduction by Judith Marcus thematic essay by Joseph Maier and a selected bibliography of his work Scholars who have been influenced by Maier will welcome this volume Those who are not familiar with the scope of his contributions will benefit from the experience of seeing how his work has affected the choices of others This is the 24th volume issued in Transaction's distinguished scholar festschrift series

Theory and Method Mel Churton, Anne Brown, 2017-09-16

Knowledge of theory is essential to study but it often seems quite abstract and distant from the real world Research methods on the other hand are strategies that allow us to gather evidence from the people around us to help explain social phenomena This book explores these two key areas and shows new sociologists how they can understand appreciate and use both theory and method Written with student needs firmly in mind this new edition begins by exploring the most important theories and debates that are essential to understanding sociology It then goes on to examine the concepts techniques and trends in research methods and explains how these link back to theory Whilst

continuing to cover traditional ideas debates and methodologies the book has also been updated to address recent thinking and research techniques It explains how sociologists have responded to contemporary developments in sociology including postmodernists views on science and introduces contemporary research techniques such as cyberethnography Exploring the basics of quantitative and qualitative methods and explaining how to choose the right method the book combines practical and theoretical coverage throughout Part of the Skills Based Sociology series Theory and Method continues to encourage an active approach to learning Each chapter uses a variety of tasks activities and practice questions that promote critical thinking and develop interpretation analysis and evaluation skills It is an invaluable guide for those learning about theory and research for the first time

Investigating Sociological Theory Charles Turner, 2010-03-30 This is an accessible enlivening introductory book that provides a shot in the arm for all those who maintain the relevance of sociology for understanding the modern world Charles Turner provides a wealth of concrete examples which demonstrate what a sociological perspective can do to unpack and illuminate everyday life The book allows students to understand sociological theory from the inside It moves effortlessly beyond the mere parade of great names and core ideas to introduce concepts that can be used to understand the social world in which we live where this world has come from and where it might be heading Original informed and deftly written with the needs of students in mind this book is an antidote to arid theorizing and the dull recitation of the grand sociological tradition

Ideas and Intervention (RLE Social Theory) Joe Bailey, 2014-08-13 Theorizing in sociology has increasingly become a self generating and self fulfilling activity as sociologists absorb theory as an isolated and formalist part of their discipline Joe Bailey believes that sociological theory should be a contribution to practical social intervention His book presents a practical view of social theorizing as an activity at which sociologists are skilled and which they could teach to the interventionist professions The relation between theory and practice is defined as one in which theory guides practice and makes explicit necessary choices A description of disciplines and professions is provided as a basis for examining social intervention in three areas law social work and urban planning The author considers some exemplary contributions which sociological theorizing could and should provide and concludes by proposing a pluralist view of theory as the best strategy for a sociology relevant to practice

While this might not be the Sceptical Sociology full book , it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Sceptical Sociology eBooks, including some popular titles.

FAQs About Sceptical Sociology Books

What is a Sceptical Sociology PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it.

How do I create a Sceptical Sociology PDF? There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating

systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Sceptical Sociology PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Sceptical Sociology PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Sceptical Sociology PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
