

SCEPTICISM and HOPE in TWENTIETH CENTURY FANTASY LITERATURE

Kath Filmer

Scepticism And Hope In Twentieth Century Fantasy Literature

Michael Levy, Farah Mendlesohn

Scepticism And Hope In Twentieth Century Fantasy Literature:

Scepticism and Hope in Twentieth Century Fantasy Literature Kath Filmer-Davies, 1992 Religious discourse has become alien to the secular and skeptical western societies of the twentieth century There is real discomfort when religious discourse appears either in the popular press or in society But even in a secular society there is still a psychological need one might even use the stronger word will if not to believe then at least to hope Dr Filmer states this need is met in the literature of fantasy

Twentieth-Century Fantasists Kath Filmer, 1992-07-07 *Twentieth Century Fantasists* is a collection of essays which examine the way in which fantasy literature functions as cultural and social criticism Essays on Tolkien Le Guin Angela Carter H G Wells and C S Lewis are included and also works by William Burroughs Ford Madox Ford and Salman Rushdie are discussed The book surveys the social and cultural changes of the twentieth century as reflected in the works of fantasy writers

Children's Fantasy Literature Michael Levy, Farah Mendlesohn, 2016-04-21 A comprehensive study of children's fantasy literature across the English speaking world from the sixteenth century to the present

Transfiguring Transcendence in Harry Potter, His Dark Materials and Left Behind Mike Gray, 2013-10-23 Three recent and commercially successful series of novels employ and adapt the resources of popular fantasy fiction to create visions of religious identity J K Rowling's Harry Potter books Phillip Pullman's *Dark Materials* and Tim LaHaye and Jerry Jenkins' *Left Behind* series The act of creating fantasy counter worlds naturally involves all three stories in the creation of what Mike Gray terms transfigurations of transcendence hopeful albeit paradoxical encodings of the ambiguous non observable reality whose primary locus in modern society is the societally extra systemic human individual Popular fantasy fiction turns out to involve acts of world creation that are inherently religious and inherently paradoxical A substantive examination shows that all three are involved in more or less intentional re narrations of traditional Christian beliefs and narratives The atheist *His Dark Materials* series does not deny but re imagines the Christian visions of selfhood the traditionalist *Left Behind* series does not simply replicate but modifies its own declared values the apparent secularity of the Harry Potter series is shaped by its creative reception of Christian patterns and narratives While the stories' visions of selfhood clearly clash the basic paradoxes involved in their struggle to articulate transcendence expose significant parallels and a productive conversation with the Christian tradition It is not simply that popular fantasy fiction is theologically relevant the Christian Heilsgeschichte too proves to be highly relevant in popular culture However while far from obsolescent models of religious identity in contemporary society require criticism and creativity and as evinced most powerfully in the Harry Potter stories a flair for constructive engagement with paradox

Fantasy Fiction and Welsh Myth Kath Filmer-Davies, 1996-12-13 This book examines how contemporary fantasy literature offers critical insights into western society and culture by drawing on the ancient myths of Wales These books emphasise the need to have a set of social and personal values in order to be free from a sense of dislocation and alienation in a highly technologised society and in order to satisfy the sense of hiraeth or longing for

a place where one truly belongs *The Cambridge Companion to Fantasy Literature* Edward James, Farah Mendlesohn, 2012-01-26 This is the first introduction to the whole field of modern fantasy literature in the English speaking world

Queering Faith in Fantasy Literature Taylor Driggers, 2022-01-13 Fantasy literature inhabits the realms of the orthodox and heterodox the divine and demonic simultaneously making it uniquely positioned to imaginatively re envision Christian theology from a position of difference Having an affinity for the monstrous and the other and a preoccupation with desires and forms of embodiment that subvert dominant understandings of reality fantasy texts hold hitherto unexplored potential for articulating queer and feminist religious perspectives Focusing primarily on fantastic literature of the mid to late twentieth century this book examines how Christian theology in the genre is dismantled re imagined and transformed from the margins of gender and sexuality Aligning fantasy with Derrida s theories of deconstruction Taylor Driggers explores how the genre can re figure God as the other excluded and erased from theology Through careful readings of C S Lewis s *Till We Have Faces* Angela Carter s *The Passion of New Eve* and Ursula K Le Guin s *The Left Hand of Darkness* and the *Earthsea* novels Driggers contends that fantasy can challenge cis normative heterosexual and patriarchal theology Also engaging with the theories of H L de Cixous Luce Irigaray Marcella Althaus Reid and Linn Marie Tonstad this book demonstrates that whilst fantasy cannot save Christianity from itself nor rehabilitate it for marginalised subjects it confronts theology with its silenced others in a way that bypasses institutional debates on inclusion and leadership asking how theology might be imagined otherwise

Dimensions of Madeleine L'Engle Suzanne Bray, 2017-01-25 Best known for her Newbery Medal winning novel *A Wrinkle in Time* Madeleine L Engle 1918 2007 had a long and successful writing career Her books enjoyed popular acclaim and she was in constant demand to give speeches write forewords and advise and encourage younger authors Yet her work particularly her adult fiction has been largely ignored by scholars This collection of new essays gives overdue critical attention to L Engle s complete body of work from her familiar young adult fiction to her religious writings poems and short stories

Literature and the Child James Holt McGavran, James Holt McGavran, 1998-04 The Romantic myth of childhood as a transhistorical holy time of innocence and spirituality uncorrupted by the adult world has been subjected in recent years to increasingly serious interrogation Was there ever really a time when mythic ideals were simple pure and uncomplicated The contributors to this book contend although in widely differing ways and not always approvingly that our culture is indeed still pervaded in this postmodern moment of the very late twentieth century by the Romantic conception of childhood which first emerged two hundred years ago In the wake of the French Revolution and the Industrial Revolution western Europe experienced another *fin de siècle* characterized by overwhelming material and institutional change and instability By historicizing the specific political social and economic conflicts at work within the notion of Romantic childhood the essayists in *Literature and the Child* show us how little these forces have changed over time and how enriching and empowering they can still be for children and their parents In the first section *Romanticism Continued and Contested* Alan

Richardson and Mitzi Myers question the origins and ends of Romantic childhood In *Romantic Ironies Postmodern Texts* Dieter Petzold Richard Flynn and James McGavran argue that postmodern texts for both children and adults perpetuate the Romantic complexities of childhood Next in *The Commerce of Children's Books* Anne Lundin and Paula Connolly study the production and marketing of children's classics Finally in *Romantic Ideas in Cultural Confrontations* William Scheick and Teya Rosenberg investigate interactions of Romantic myths with those of other cultural systems

Peter S. Beagle's "The Last Unicorn" Timothy S. Miller, 2024-04-09 This book assesses the work of one of the foundational figures of American fantasy Peter S Beagle Through its focused analysis of *The Last Unicorn* this study contextualises Beagle's work in relation to the popularity of the fantasy genre following its growing success in the aftermath of Tolkien's *The Lord of the Rings* In addition through reference to the film adaptation of *The Last Unicorn* and also Beagle's other works this study highlights the author's longevity and the influence that his metafictional and comedic work has had on contemporary fantasy

The Curse of the Werewolf Bourgaault du Coudray Chantal, 2006-08-25 Half man half myth the werewolf has over the years infiltrated popular culture in many strange and varied shapes from Gothic horror to the body horror films of the 1980s and today's graphic novels Yet despite enormous critical interest in myths and in monsters from vampires to cyborgs the figure of the werewolf has been strangely overlooked Embodying our primal fears of anguished masculinity of the beast within the werewolf argues Bourgaault du Coudray has revealed in its various lupine guises radically shifting attitudes to the human psyche Tracing the werewolf's use by anthropologists and criminologists and shifting interpretations of the figure from the scientific to the mythological and psychological Bourgaault du Coudray also sees the werewolf in Freud's wolf man case and the sinister use of wolf imagery in Nazism *The Curse of the Werewolf* looks finally at the werewolf's revival in contemporary fantasy finding in this supposedly conservative genre a fascinating new model of the human's relationship to nature It is a required reading for students of fantasy myth and monsters No self respecting werewolf should be without it

Jungian Reflections within the Cinema James F. Iaccino, 1998-05-26 Exploring the relevance of Jungian theory as it applies to science fiction horror and fantasy films this text demonstrates the remarkable correlation existing between Jung's major archetypes and recurring themes in various film genres An introduction acquaints readers with basic Jungian theory archetypes before proceeding to film analysis A diverse selection of movie and television summaries illustrate the relationship between a particular Jungian image and the examined films Among the various Jungian patterns studied are the father archetype the split between persona and shadow the search for the grail the alchemist traveler and the development of the child archetype From *Star Wars* and *Planet of the Apes* to *Back to the Future* and *Indiana Jones* the interdependence of Jungian theory and film themes and contents unfold Creative and innovative this text unearths new Jungian territory that will appeal not only to psychology and film studies scholars and researchers but also to those studying communication and literature

The Gift of Story Emily Griesinger, Mark A. Eaton, 2006 Despite postmodernism's skepticism about narrative

the dialogue with contemporary fiction drama music and film demonstrates that the Christian story can engender and sustain hope

Living Traditions Kimberlynn McNabb, Robert C. Fennell, 2019-05-01 How has the Christian movement grown and changed in the last five hundred years From Luther to Tillich and the Virgin Mary from Protestant initiatives and Catholic dialogues from Charles Taylor to progressive Christianity this book runs the gamut The urgency of ecology the sacramentality of foot washing the complexities of biblical interpretation the theology of the cross and the ongoing work of reformation are all under the microscope A distinctively ecumenical project this book presents a variety of perspectives on these pressing questions drawing together authors from the Anglican Baptist Lutheran Roman Catholic United Church of Canada traditions and more Each contributor provides unique insights into Christianity's ongoing processes of re-forming as contexts and circumstances change Readers will find resonances of the familiar interwoven with new research about the project of ecumenical Christianity

The Music of Harry Potter and The Lord of the Rings Daniel White, 2024-05-20 The Music of Harry Potter and The Lord of the Rings provides an in depth study of the music of two of the biggest fantasy franchises focussing on music's worldbuilding roles within the film watching experience and elsewhere in videogames trailers plays theme parks and other attractions and the world of fandom Daniel White takes a range of approaches and techniques of motivic and thematic musical analysis and pairs this with transformational harmonic analysis to theorise music's worldbuilding roles in film Chapters focus in turn on the opening sequences of the case study franchise films their closing sequences and on their depiction of houses homes and homelands Extra filmic areas of these fantasy worlds are also explored including theme parks and other tourist attractions of the Harry Potter franchise videogames and the immersive power of their music and the world of fandom with a focus on soundtrack consumption and other musical fan practices Through this multifaceted approach readers gain a deeper understanding not only of the music of these franchises but also of music's power in the multimedia franchise both within and without film to build a home that attracts inhabitants This book will be valuable for academics and students as well as fans of fantasy franchises

Both Sides of the Wardrobe Robert C. Fennell, 2015-12-02 The beloved Chronicles of Narnia are only the top layer of the rich treasure trove of C S Lewis's writing This brilliant Oxford don made a tremendous impact on contemporary Christian thought and has deeply influenced generations of followers of Jesus in the half century since his death The authors in this collection examine Lewis's many contributions and reflect deeply on their significance for theology spiritual imagination and the challenge of Christian discipleship today From Narnian adventures to Screwtape's letters through studies of Lewis's collaborators like J R R Tolkien and inspirations like George MacDonald and by way of reflection on deeper theological themes like human will joy and the End of Days this book will inspire and provoke contemplation of God's presence in your life and in our world

Defending Middle-Earth Patrick Curry, 2004-10-21 A scholar explores the ideas within The Lord of the Rings and the world created by J R R Tolkien A most valuable and timely book Ursula K Le Guin Los Angeles Times bestselling author of Changing Planes

What are millions of readers all over the world getting out of reading the Lord of the Rings trilogy? Defending Middle-earth argues in part that the appeal for fans goes far deeper than just quests and magic rings and hobbits. In fact, through this epic Tolkien found a way to provide something close to spirit in a secular age. This thoughtful book focuses on three main aspects of Tolkien's fiction: the social and political structure of Middle-earth and how the varying cultures within it find common cause in the face of a shared threat; the nature and ecology of Middle-earth and how what we think of as the natural world joins the battle against mindless mechanized destruction; and the spirituality and ethics of Middle-earth for which the author provides a particularly insightful and resonant examination. Includes a new afterword. *The Fiction of C. S. Lewis* Kath Filmer, 2016-07-27 This book examines the way in which the fictional writings of C. S. Lewis reveal much about the man himself and his quest for psychological and spiritual wholeness. There is new material dealing with C. S. Lewis's political writings, especially the correspondences between his thriller *That Hideous Strength* and George Orwell's *Nineteen Eighty-Four* and some new insights into Lewis's attitudes to women. **C. S. Lewis** Harold Bloom, 2009 A collection of critical essays on C. S. Lewis's work. **Utopian Studies**, 1995

Immerse yourself in the artistry of words with Experience Art with is expressive creation, Immerse Yourself in **Scepticism And Hope In Twentieth Century Fantasy Literature** .
