Russian writers to promote Russia as an all inclusive cultural model **Russian Literary Criticism** R. H. Stacy,1974-04-01 Russian Literary Criticism is a survey of the various ways in which representative Russian critics from the eighteenth century to the twentieth century have viewed not only the literary works of other Russian and non Russian writers but also the problems of literature in general Primarily intended for readers who do not know Russian this book discusses the major Russian critics and critical movements The author provides sufficient historical and political background to enable the reader to understand both the literary situation and the problems facing Russian critics at any given time whether the influx of various ideologies official Soviet views or dissident opinion form the Decembrists to Solzhenitsyn *How Russian Literature Became Great* Rolf Hellebust,2024-01-15 *How Russian Literature Became Great* explores the cultural and political role of a modern national literature orchestrated in a Slavonic key but resonating far beyond Russia s borders Rolf Hellebust investigates a range of literary tendencies philosophies and theories from antiquity to the present Roman jurisprudence to German Romanticism French Enlightenment to Czech Structuralism Herder to Hobsbawm Samuel Johnson to Sainte Beuve and so on Besides the usual Russian suspects from Pushkin to Chekhov Hellebust includes European writers Byron and Shelley Goethe and Schiller Chateaubriand and Baudelaire Dante Mickiewicz and more As elsewhere writing in Russia advertises itself via a canon of literary monuments constituting an atemporal ideal order among themselves T S Eliot And yet this is a tradition that could only have been born at a specific moment in the golden nineteenth century age of historiography and nation building The Russian example reveals the contradictions between immutability and innovation universality and specificity at the heart of modern conceptions of tradition from Sainte Beuve through Eliot and down to the present day The conditions of its era of formation the prominence of the crucial literary historical question of the writer s social function and the equation of literature with national identity make the Russian classical tradition the epitome of a unified cultural text with a complex narrative in which competing stories of progress and decline unfold through the symbolic biographical encounters of the authors who constitute its members *How Russian Literature Became Great* thus offers a new paradigm for understanding the paradoxes of modern tradition **Reference Guide to Russian Literature** Neil Cornwell,2013-12-02 First Published in 1998 This volume will surely be regarded as the standard guide to Russian literature for some considerable time to come It is therefore confidently recommended for addition to reference libraries be they academic or public [The Routledge Companion to Russian Literature](#) Neil Cornwell,2002-06-01 *The Routledge Companion to Russian Literature* is an engaging and accessible guide to Russian writing of the past thousand years The volume covers the entire span of Russian literature from the Middle Ages to the post Soviet period and explores all the forms that have made it so famous poetry drama and of course the Russian novel A particular emphasis is given to the nineteenth and twentieth centuries when Russian literature achieved world wide recognition through the works of writers such as Pushkin Dostoevsky Tolstoy Chekhov Nabokov and Solzhenitsyn Covering a range of subjects including women s writing Russian literary theory socialist

representation of human experience *Ideas and Realities in Russian Literature* Peter Kropotkin, Victor Robinson, 2020-05-26 *Ideas and Realities in Russian Literature* is a 1906 work by Russian historian and anarchist philosopher Peter Kropotkin. Within it Kropotkin presents a broad general idea of the subject by examining modern literature and its most notable contributors. This volume will appeal to those with an interest in Russian literature and is not to be missed by collectors of Kropotkin's seminal work. Pyotr Alexeyevich Kropotkin (1842–1921) was a Russian writer, activist, revolutionary, economist, scientist, sociologist, essayist, historian, researcher, political scientist, geographer, biologist, philosopher, and advocate of anarcho-communism. He was a prolific writer producing a large number of pamphlets and articles, the most notable being *The Conquest of Bread* and *Fields, Factories and Workshops* and *Mutual Aid: A Factor of Evolution*. This classic work is being republished now in a new edition complete with an excerpt from Comrade Kropotkin by Victor Robinson.

History of Nineteenth-century Russian Literature: Romantic period Dmitrij Tschizewskij, 1974 *Joan of Arc on the Stage and Her Sisters in Sublime Sanctity* John Pendergast, 2019-11-08 This book examines the figure of Joan of Arc as depicted in stage works of the nineteenth and twentieth centuries, especially those based on or related to Schiller's 1801 romantic tragedy *Die Jungfrau von Orléans* (The Maid of Orléans). The author elucidates Schiller's appropriation of themes from Euripides's *Iphigenia*, plays chiefly the quality of sublime sanctity which transforms Joan's image from a victim of fate to a warrior prophet who changes history through sheer force of will. Finding the best known works of his time about her, Voltaire's *La pucelle d'Orléans* and Shakespeare's *Henry VI* part I utterly dissatisfying, Schiller set out to replace them. *Die Jungfrau von Orléans* was a smashing success and inspired various subsequent treatments including Verdi's opera *Giovanna d'Arco* and a translation by the father of Russian Romanticism, Vasily Zhukovsky, on which Tchaikovsky based his opera *Orléanskaya deva* (The Maid of Orléans). In turn, the book's final chapter examines Shaw's *Saint Joan* and finds that the Irish playwright's vociferous complaints about Schiller's romantic flapdoodle belie a surprising affinity for Schiller's approach.

Translation and the Making of Modern Russian Literature Brian James Baer, 2015-11-19 Brian James Baer explores the central role played by translation in the construction of modern Russian literature. Peter I's policy of forced Westernization resulted in translation becoming a widely discussed and highly visible practice in Russia, a multi-lingual empire with a polyglot elite. Yet Russia's accumulation of cultural capital through translation occurred at a time when the Romantic obsession with originality was marginalizing translation as mere imitation. The awareness on the part of Russian writers that their literature and by extension their cultural identity were born in translation produced a sustained and sophisticated critique of Romantic authorship and national identity that has long been obscured by the nationalist focus of traditional literary studies. By offering a re-reading of seminal works of the Russian literary canon that thematize translation alongside studies of the circulation and reception of specific translated texts, *Translation and the Making of Modern Russian Literature* models the long overdue integration of translation into literary and cultural studies. **Blackwood's Edinburgh**
