The Schlemiel as Modern Hero Ruth R. Wisse. 1980 The Anti-Hero in the American Novel D. Simmons. 2008-05-26 The Anti Hero in the American Novel rereads major texts of the 1960s to offer an innovative re evaluation of a set of canonical novels that moves beyond entrenched post modern and post structural interpretations towards an appraisal which emphasizes the specifically humanist and idealist elements of these works Woody on Rye Vincent Brook, Marat Grinberg, 2013-12-03 Although Woody Allen's films have received extensive attention from scholars and critics no book has focused exclusively on Jewishness in his work particularly that of the late 1990s and beyond In this anthology a distinguished group of contributors whose work is richly contextualized in the fields of literature philosophy film theater and comedy examine the schlemiel Allen and women the Jewish take on the morality of murder Allen s take on Hebrew scripture and Greek tragedy his stage work his cinematic treatment of food and dining and what happens to Jew York when Woody takes his films out of New York City Considered together these essays delineate the intellectual artistic and moral development of one of cinema s most durable and controversial directors Choosing Hope David Arnow, 2022-03 2023 Reference Book of the Year from the Academy of Parish Clergy Throughout our history Jews have traditionally responded to our trials with hope psychologist David Arnow says because we have had ready access to Judaism's abundant reservoir of hope The first book to plumb the depths of this reservoir Choosing Hope journeys from biblical times to our day to explore nine fundamental sources of hope in Judaism Teshuvah the method to fulfill our hope to become better human beings Tikkun Olam the hope that we can repair the world by working together Abraham and Sarah models of persisting in hope amid trials Exodus the archetype of redemptive hope Covenant the hope for a durable relationship with the One of Being Job the hard fought hope that brings a grief stricken man back to life World to Come the sustaining hope that death is not the end Israel high hope activists work to build a just and inclusive society for all Israelis Jewish Humor hope s last weapon in our darkest days Grounded in a contemporary theology that situates the responsibility for creating a better world in human hands with God acting through us Choosing Hope can help us both affirm hope in times of trial and transmit our deepest hopes to the next generation New Essays on Seize the Day Michael P. Kramer, 1998-12-28 A collection of essays first published in 1999 Gates of Eden: American Culture in the Sixties Morris Dickstein, 2015-02-23 Widely on Saul Bellow's Seize the Day admired as the definitive cultural history of the 1960s this groundbreaking work finally reappears in a new edition The turbulent 1960s almost from its outset produced a dizzying display of cultural images and ideas that were as colorful as the psychedelic T shirts that became part of its iconography It was not however until Morris Dickstein's landmark Gates of Eden first published in 1977 that we could fully grasp the impact of this raucous decade in American history as a momentous cultural epoch in its own right as much as Jazz Age America or Weimar Germany From Ginsberg and Dylan to Vonnegut and Heller this lasting work brilliantly re creates not only the intellectual and political ferment of the decade but also its
