Thesaurus of ERIC Descriptors ,1968 4th 7th eds contain a special chapter on The role and function of the thesaurus in education by Frederick Goodman **Second International Handbook of Educational Leadership and Administration** Kenneth A. Leithwood,P. Hallinger,2012-12-06 The first International Handbook of Educational Leadership and Administration Leithwood et al was published in 1996 and quickly became something of a best seller for reference works within education Such success we suggest was at least partly due to the unprecedented global waves of concern for improving schools launched in the mid 1980 s combined with a widespread belief in leadership as the single most powerful contribution to such improvement The roots of this belief can be found in evidence produced by the early effective schools research although there is a romance with leadership as an explanation for success in many non school enterprises as well During the two year period during which this current handbook was being written activity in the realms of school leadership school improvement and leadership development gained further momentum The English government created its new National College of School Leadership and several Asian nations announced new initiatives in leadership selection preparation and development The Routledge International Encyclopedia of Education Gary McCulloch,David Crook,2013-11-26 The Routledge International Encyclopedia of Education is a unique and major resource for the field of education It is a comprehensive single volume work arranged alphabetically and comprising around 600 entries The entries range from definitions of key educational concepts and terms to biographies of key educators and specially written substantial essays on major educational topics The volume includes authoritative and critical commentary on historical and contemporary themes examinations of continuities changes and emerging issues and discussions of the educational traditions and features of major countries and continents The following special features are also included Unrivalled coverage of education in a single volume Entries by leading international educational researchers Contributors drawn from all over the globe including Australia Brazil Canada China Finland India Israel Japan New Zealand South Africa the United Kingdom and the United States A distinguished international advisory board Fully cross referenced and indexed Suggestions for further reading Offering insight into the world of education in an interesting informed and sometimes provocative way The Routledge International Encyclopedia of Education is an invaluable work of reference for educators students researchers and policy makers in education and related fields internationally
