Centered Riding 2 Sally Swift, 2014-04-21 Centered Riding is not a style of riding as are dressage hunter seat or Western Rather it is a way of reeducating a rider's mind and body to achieve greater balance in order to better communicate with the horse Founder Sally Swift revolutionized riding by showing that good use of the human body makes a world of difference on horseback Early in her work she established what she calls the Four Basics centering breathing soft eyes and building blocks which together with grounding

are the main tenets of her method When a rider learns and maintains these basics then harmony between horse and human is possible Sally Swift s first book Centered Riding made its revolutionary appearance in 1985 and continues as one of the best selling horse books of all time This second book doesn t replace the first one it complements it In the intervening years Centered Riding continued to evolve and Sally inevitably developed many new concepts and fresh imagery all of which are presented here Intermediate Riding Skills Robin Hirst-Fisher,1990
