**The Letters of T. S. Eliot Volume 7: 1934-1935** T. S. Eliot, 2017-05-30 T S Eliot's career as a successful stage dramatist gathers pace throughout the fascinating letters of this volume Following his early experimentation with the dark comedy *Sweeney Agonistes* 1932 Eliot is invited to write the words of an ambitious scenario sketched out by the producer director E Martin Browne who was to direct all of Eliot's plays for a grand pageant called *The Rock* 1934 The ensuing applause leads to a commission from the Bishop of Chichester to write a play for the Canterbury Festival resulting in the quasi liturgical masterpiece of dramatic writing *Murder in the Cathedral* 1935 A huge commercial success it remains in repertoire after eighty years Even while absorbed in

time consuming theatre work Eliot remains untiring in promoting the writers on Faber's ever broadening lists George Barker Marianne Moore and Louis MacNeice among them In addition Eliot works hard for the Christian Church he has espoused in recent years serving on committees for the Church Union and the Church Literature Association and creating at Faber but she refuses to comprehend that her husband has chosen to leave her and stalks him across literary society leading to his place of work at the offices of Faber Faber The correspondence draws in detail upon Vivien's letters and diaries to provide a picture of her mental state and way of life and to help the reader to appreciate her thoughts and feelings The Selected Letters of John Berryman John Berryman, 2020-10-13 John Berryman was an energetic correspondent Assembled here for the first time his letters tell of generosity ambition and struggle He has encouraging words for fellow poets and younger writers and is deeply engaged in literary culture But also visible are the struggles of a working artist grappling with alcoholism and depression *Scottish Modernism and its Contexts 1918-1959* Margery Palmer McCulloch, 2009-05-15 This innovative book proposes the expansion of the existing idea of an interwar Scottish Renaissance movement to include its international significance as a Scottish literary modernism interacting with the intellectual and artistic ideas of European modernism as well as responding to the challenges of the Scottish cultural and political context Topics range from the revitalisation of the Scots vernacular as an avant garde literary language in the 1920s and the interaction of literature and politics in the 1930s to the fictional re-imagining of the Highlands the response of women writers to a changing modern world and the manifestations of a late modernism in the 1940s and 1950s Writers featured include Hugh MacDiarmid Lewis Grassie Gibbon Neil M Gunn Edwin and Willa Muir Catherine Carswell Sydney Goodsir Smith and Sorley MacLean *The Mainstream Companion to Scottish Literature* Trevor Royle, 2012-01-06 The Mainstream Companion to Scottish Literature is the most comprehensive reference guide to Scotland's literature covering a period from the earliest times to the early 1990s It includes over 600 essays on the lives and works of the principal poets novelists dramatists critics and men and women of letters who have written in English Scots or Gaelic Thus as well as such major writers as Robert Henryson William Dunbar Gavin Douglas Allan Ramsay Robert Fergusson Robert Burns Walter Scott Robert Louis Stevenson and Hugh MacDiarmid the Companion also lists many minor writers whose work might otherwise have been overlooked in any survey of Scottish literature Also included here are entries on the lives of other more peripheral writers such as historians philosophers diarists and divines whose work has made a contribution to Scottish letters Other essays range over such general subjects as the principal work of major writers literary movements historical events the world of printing and publishing folklore journalism drama and Gaelic A feature of the book is the inclusion of the bibliography of each writer and reference to the major critical works This comprehensive guide is an essential tool for the serious student of Scottish literature as well as being an ideal guide and companion for the general reader *The Chameleon Poet* Robert Fraser, 2014-09-30 The poet George Barker was convinced that his biography could never be written I've stirred the facts around too much he told Robert Fraser It simply

can't be done Eliot wrote of his genius Yeats thought him the most interesting poet of his generation Dylan Thomas envied his power over women War trapped him in Japan In America he conducted one of the most celebrated love affairs of the century He fathered fifteen children in several countries three during one battle torn summer By the 1950s he was the toast of Soho Barker was Catholic and bohemian frank and elusive tender and boisterous In Eliot's phrase he was a most peculiar fellow Robert Fraser's biography offers both a portrait of a talented tormented and irresistibly entertaining man and a broad cultural landscape Around the central figure cluster painters like Francis Bacon Lucian Freud Johnny Minton and the Roberts Colquhoun and MacBryde writers such as Dylan Thomas Walter de la Mare and Elizabeth Smart whose *By Grand Central Station I Sat Down and Wept* hymns their liaison the lugubrious humorist Jeffrey Bernard After closing time at the Colony Room Minton declared they had to sweep up the jokes

[The American Play](#) Marc Robinson, 2009-01-01 In this brilliant study Marc Robinson explores more than two hundred years of plays styles and stagings of American theater Mapping the changing cultural landscape from the late eighteenth century to the start of the twenty first he explores how theater has and has not changed and offers close readings of plays by O'Neill Stein Wilder Miller and Albee as well as by important but perhaps lesser known dramatists such as Wallace Stevens Jean Toomer Djuna Barnes and many others Robinson reads each work in an ambitiously interdisciplinary context linking advances in theater to developments in American literature dance and visual art The author is particularly attentive to the continuities in American drama and expertly teases out recurring themes such as the significance of visuality He avoids neatly categorizing nineteenth and twentieth century plays and depicts a theater more restive and mercurial than has been recognized before Robinson proves both a fascinating and thought provoking critic and a spirited guide to the history of American drama

[A Bibliography of British History, 1914-1989](#) Keith Robbins, American Historical Association, Royal Historical Society (Great Britain), 1996 Containing over 25 000 entries this unique volume will be absolutely indispensable for all those with an interest in Britain in the twentieth century Accessibly arranged by theme with helpful introductions to each chapter a huge range of topics is covered There is a comprehensive index

**Modernism and the Culture of Celebrity** Aaron Jaffe, 2005-03-17 In this 2005 book Jaffe examines the interactions of modernist literary fame and celebrity culture in the early twentieth century

**Lives of Scottish Women** William Knox, 2006-03-06 This book tells the remarkable stories of ten women whose inspirational lives and struggles exemplify the concerns and problems that other women have faced throughout the last two centuries Each is the subject of a chapter devoted to her particular story and the times in which she lived The nineteenth and twentieth centuries witnessed great changes in women's position in Scotland and yet little is known about the achievements of the Scottish women who were the main agents of these changes In presenting the life stories of ten women William Knox provides evidence of the huge contribution made by women to the shaping of modern Scotland At the same time he shows how the life histories of individuals can reveal previously dark corners of historical understanding and allow a more nuanced picture of Scottish

society as a whole Subjects include Jane Welsh Carlyle brilliantly gifted but married to the wayward and demanding Thomas Sophia Jex Blake Scotland's first female doctor and Mary Slessor *The Collected Letters of Robinson Jeffers, with Selected Letters of Una Jeffers* Robinson Jeffers, Una Jeffers, 2009 v 1 1890 1930 2009 **W.H. Auden** Dr John Haffenden, 2002-09-11 This set comprises of 40 volumes covering nineteenth and twentieth century European and American authors These volumes will be available as a complete set mini boxed sets by theme or as individual volumes This second set compliments the first 68 volume set of Critical Heritage published by Routledge in October 1995 **Bannockburns** Robert Crawford, 2014-01-14 Poet and critic Robert Crawford explores in eloquent detail the literary cultural background to Scottish nationalism in the lead up to the referendum on independence for Scotland from the United Kingdom in September 2014 He begins with the totemic Battle of Bannockburn in 1314 in which the Scots routed the English and preserved their independence until the two nations parliaments united in 1707 Paying particular attention to Robert Burns and continuing up to the present day he examines how writers have set out in poetry fiction plays and on film the ideal of Scottish independence Publication coincides with the 700 year anniversary of the Battle of Bannockburn Writers Directory NA NA, 2016-03-05 British Poetry, 1900-50 Gary Day, Brian Docherty, 1995-08-12 This collection focuses on British poetry from the Georgians to the Second World War The introduction provides the framework for the articles which follow by considering the question of the relation between poetry and society as it appears in the work of F R Leavis T W Adorno and Antony Easthope Written by experts the essays cover poetic movements and individual authors both mainstream and neglected and address the difficult problem of making value judgements while situating poetry in its historical context **Scotland's Harvest** Richie McCaffery, 2023-07-24 This study is the first exploration of the impact of World War Two on Scottish poets of both the front line and the home front World War One has always been thought of as a poet's war one of horror and futility The poetry of World War Two by contrast has long languished in its shadow though there was a much greater amount of it written This book asks whether these poets felt they were grown for war or rather that they grew through war experience with an emphasis on the possibilities of the future instead of cataloguing the senseless horror of the battlefield How were the hopes of Scottish poets different from their English counterparts How was their poetry different and how did it impact on their later lives *The Collected Letters of C.S. Lewis, Volume 3* C. S. Lewis, 2004 The letters found in Volume II reveal inside accounts of how The Screwtape Letters came to be written the early meetings of the Inklings with J R R Tolkien giving readings about hobbits and Middle Earth how C S Lewis became popular through BBC radio talks but mostly how this quiet professor in England touched the lives of many through an amazing discipline of personal correspondence Handbook of Autobiography / Autofiction Martina Wagner-Egelhaaf, 2019-01-29 Autobiographical writings have been a major cultural genre from antiquity to the present time General questions of the literary as e g the relation between literature and reality truth and fiction the dependency of author narrator and figure or issues of individual and cultural styles etc can be studied

preeminently in the autobiographical genre Yet the tradition of life writing has in the course of literary history developed manifold types and forms Especially in the globalized age where the media and other technological cultural factors contribute to a rapid transformation of lifestyles autobiographical writing has maintained even enhanced its popularity and importance By conceiving autobiography in a wide sense that includes memoirs diaries self portraits and autofiction as well as media transformations of the genre this three volume handbook offers a comprehensive survey of theoretical approaches systematic aspects and historical developments in an international and interdisciplinary perspective While autobiography is usually considered to be a European tradition special emphasis is placed on the modes of self representation in non Western cultures and on inter and transcultural perspectives of the genre The individual contributions are closely interconnected by a system of cross references The handbook addresses scholars of cultural and literary studies students as well as non academic readers
