Lear, 2018-06-26 Ashley Lear's *The Remarkable Kinship of Marjorie Kinnan Rawlings and Ellen Glasgow* examines the documents collected by Rawlings on Glasgow along with her personal notes to better understand the experiences that brought these two women writers together and the importance of literary friendships between women writers. This study sheds new light on the complexities of their professional success and personal struggles, both of which led them to find friendship and sympathy with one another. *Ernest Hemingway Selected Letters 1917-1961* Ernest Hemingway, 2003-06-03

While many people are familiar with the public image of Hemingway and the legendary accounts of his life, few knew him as an intimate. Now, with this collection of letters, the first to be published, a new Hemingway emerges. Ranging from 1917 to 1961, this generous selection of nearly 600 letters is in effect both a self-portrait and an autobiography. Selected Letters of Fletcher (c) , **American Women Writers, 1900-1945** Laurie Champion, 2000-09-30 Women writers have been

traditionally excluded from literary canons and not until recently have scholars begun to rediscover or discover for the first time neglected women writers and their works. This reference includes alphabetically arranged entries on 58 American women authors who wrote between 1900 and 1945. Each entry is written by an expert contributor and discusses a particular author's biography, her major works, and themes, and the critical response to her writings. The entries close with extensive primary and secondary bibliographies, and the volume concludes with a list of works for further reading. The period surveyed by this reference is rich and diverse. Modernism and the Harlem Renaissance, two major artistic movements, occurred between 1900 and 1945, and the entries included here demonstrate the significant contributions women made to these movements. The volume as a whole strives to reflect the diversity of American culture and includes entries for African American, Native American, Mexican American, and Chinese American women. It includes well-known writers such as Willa Cather and Eudora Welty, along with more neglected ones such as Anita Scott Coleman and Sui Sin Far. The Life She

Arranging Stories Heather A. Fox,2022-07-27 Between the 1880s and the 1940s opportunities for southern white women writers increased dramatically bolstered by readers demands for southern stories in northern periodicals Confined by magazine requirements and social expectations writers often relied on regional settings and tropes to attract publishers and readers before publishing work in a collection Selecting and ordering magazine stories for these collections was not arbitrary or dictated by editors despite a male dominated publishing industry Instead it allowed writers to privilege stories or to contextualize a story by its proximity to other tales as a form of social commentary For Kate Chopin Ellen Glasgow Marjorie Kinnan Rawlings and Katherine Anne Porter the authors featured in this book publishing a volume of stories enabled them to construct a narrative framework of

their own Arranging Stories Framing Social Commentary in Short Story Collections by Southern Women Writers is as much about how stories are constructed as how they are told The book examines correspondence manuscripts periodicals and first editions of collections Each collection s textual history serves as a case study for changes in the periodical marketplace and demonstrates how writers negotiated this marketplace to publish stories and garner readership The book also includes four tables featuring collected stories arrangements and publication histories and twenty five illustrations featuring periodical publications unpublished letters and manuscript fragments obtained from nine on site and digital archives Short story collections guide readers through a spatial experience in which both individual stories and the ordering of those stories become a framework for interpreting meaning Arranging Stories invites readings that complicate how we engage collected works
