The Twentieth Century in Poetry Peter Childs, 2008-01-28

Until now most teaching has focused on the novel as the most useful way of raising issues of gender ethnicity theory nationality politics and social class In *The Twentieth Century in Poetry* Peter Childs places literature in a wider social context and demonstrates that all poetry is historically produced and consumed and is part of our understanding of society and identity This student friendly critical survey includes chapters on the Georgians First World War poetry Eliot Yeats the thirties post war poetry contemporary anthologies women s poetry Northern Irish and black British poets It builds a narrative not of poetry in the twentieth century but of the twentieth century in poetry *The Poetry of Clare, Hopkins, Thomas, and Gurney* Andrew Hodgson, 2019-12-31 This book attends to four poets John Clare Gerard Manley Hopkins Edward Thomas and Ivor Gurney whose poems are remarkable for their personal directness and distinctiveness It shows how their writing conveys a potently individual quality of feeling perception and experience each poet responds with unusual commitment to the Romantic idea of art as personal expression The book looks closely at the vitality and intricacy of the poets language the personal candour of their subject matter and their sense obdurate but persuasive of their own strangeness As it traces the tact and imagination with which each of the four writers realises the possibilities of individualism in lyric it affirms the vibrancy of their contributions to nineteenth and twentieth century poetry **C.S. Lewis, Poetry, and the Great War**

1914-1918 John Bremer, 2012-05-31 This book presents a realistic account of the early years of C S Lewis as revealed in *Spirits in Bondage* and its surrounding events It calls for a reappraisal of Lewis himself not as a soldier poet but as a young

Ezra Pound upon British poets writing today It is the story of a presence then of a voice and latterly of an idea When Pound left London in 1920 after a stay of 12 years his early ascendancy had waned and during the 1930s his voice sounded more remotely in British ears The first poet represented here Edwin Morgan began to read Pound towards the end of that decade Pound s subsequent political reputation has meant that students now coming to university born after his death in 1972 have not opened a book of his poems in the way that several who testify here remember doing with pleasure There was a revival of British interest in Pound with the publication of the *Pisan Cantos* and then in the 1960s and early 1970s but since then there has been little public opportunity for British poets to reflect on Pound Michael Alexander and James McGonigal invited British poets to whom Pound has meant something to reflect and to testify To the older writers he was a presence but the youngest contributors were born at the time that Pound fell silent about 1960 and to them he is an historical figure the greatest poetic influence since Wordsworth whose ambition seems an example to avoid as much as to follow **Poetry for**
