Selected Works of Ion Creangă and Mihai Eminescu Ion Creangă, 1991 *Islam, Nationalism, and 1000 Years of European Poetry* David Aberbach, 2025-08-29 Islam Nationalism and 1000 Years of European Poetry considers the long history of Islam and European poetry and its central importance in the development of European culture David Aberbach offers a panoramic history of European poetry as it was affected by the centuries long conflict between Islam and Christianity from the early medieval Old French chanson de geste The Song of Roland set against the Muslim invasion of France in the eighth century to Fishta's The Highland Lute the early twentieth century Albanian epic of the struggle for independence from Ottoman rule achieved in 1912 Aberbach surveys some of the outstanding poetry set against Islamic conquests and domination particularly in Spain and the Balkans The book includes detailed comparisons between medieval and modern Arabic and Hebrew poetry closely linked in technique and subject matter but moving apart after 1789 A result of constant religious warfare in Europe was disillusionment with religion increasing focus on humanistic concerns and the evolution of a secular State separate from religion This captivating history of Islam and European poetry will be of great interest to any scholars of nationalism Jewish and Islamic Studies history comparative literature and cultural studies *National Poetry, Empires and War* David Aberbach, 2016-09-13 Nationalism has given the world a genre of poetry bright with ideals of justice freedom and the brotherhood of man but also at times burning with humiliation and grievance hatred and lust for revenge driving human kind as the Austrian poet Grillparzer put it From humanity via nationality to bestiality National Poetry Empires and War considers national poetry and its glorification of war from ancient to modern times in a series of historical social and political perspectives Starting with the Hebrew Bible and Homer and moving through the Crusades and examples of subsequent empires this book has much on pre modern national poetry but focuses chiefly on post 1789 poetry which emerged from the weakening and collapse of empires as the idealistic liberalism of nationalism in the age of Byron Whitman D Annunzio Yeats Bialik and Kipling was replaced by darker purposes culminating in World War I and the rise of fascism Many national poets are the subject of countless critical and biographical studies but this book aims to give a panoramic view of national poetry as a whole It will be of great interest to any scholars of nationalism Jewish Studies history comparative literature and general cultural studies *Eastern Europe* Richard Frucht, 2004-12-22 A contemporary analysis of the people cultures and society within the regions that make up Eastern Europe Eastern Europe An Introduction to the People Lands and Culture sheds light on modern day life in the 16 nations comprising Eastern Europe Going beyond the history and politics already well documented in other works this unique three volume series explores the social and cultural aspects of a region often ignored in books and curricula on Western civilization The volumes are organized by geographic proximity and commonality in historical development allowing the countries to be both studied individually and juxtaposed against others in the region The first volume covers the northern tier of states the second looks at lands that were once part of the Hapsburg

empire and the third examines the Balkan states Each chapter profiles a single country its geography history political development economy and culture and gives readers a glimpse of the challenges that lie ahead Vignettes on various topics of interest illuminate the unique character of each country The Traditions of Invention Alex Drace-Francis, 2013-07-15 Literary and cultural images once considered marginal to the main currents of political and institutional development in southeastern Europe have been accorded much greater importance by scholars in recent years In this volume Alex Drace Francis brings together over fifteen years of work on the topic of representations of Romania and Romanians Crossing the East West divide the book studies both external images of the country and people and domestically generated representations of Europe and the West It draws on material in a wide range of languages and offers a long term view providing a nuanced and historically grounded contribution to the lively debates over Balkanism Orientalism and identities in Romania and in Europe as a whole **Romanian Civilization** ,1999 The Mill of Luck and Plenty and Other Stories Ioan Slavici, 1994 From the preeminent writer of Taiwanese nativist fiction and the leading translator of Chinese literature come these poignant accounts of everyday life in rural and small town Taiwan Huang is frequently cited as one of the most original and gifted storytellers in the Chinese language and these selections reveal his genius In *The Two Sign Painters* TV reporters ambush two young workers from the country taking a break atop a twenty four story building His Son's Big Doll introduces the tortured soul inside a walking advertisement and in *Xiaoqi's Cap* a dissatisfied pressure cooker salesman is fascinated by a young schoolgirl Huang's characters generally the uneducated and disadvantaged who must cope with assaults on their traditionalism hostility from their urban brethren and of course the debilitating effects of poverty come to life in all their human uniqueness free from idealization The Complete Prose Writings of Mihai Eminescu Mihai Eminescu, 1995
