metrical types stanza structure the sonnet and other standard forms Adams also includes a variety of topics not covered in most other introductions to the topic perhaps most significantly he provides a full chapter on form in free verse Moreover he treats rhyme extensively and includes a comprehensive chapter on literary figures Poetic Designs is thus much more than an introduction to prosody it is a concise but comprehensive introduction to the nature of poetry in English It is a book for the general reader and the aspiring writer as well as for the student a book intended in the words of the author to help heighten the experience of poetry

Lincoln's Body: A Cultural History Richard Wightman Fox, 2015-02-09 An astonishingly interesting interpretation Fox is wonderfully shrewd and often dazzling Jill Lepore New York Times Book Review Abraham Lincoln remains America's most beloved leader The fact that he was lampooned in his day as ugly and grotesque only made Lincoln more endearing to millions In *Lincoln's Body* acclaimed cultural historian Richard Wightman Fox explores how deeply and how differently Americans black and white male and female Northern and Southern have valued our sixteenth president from his own lifetime to the Hollywood biopics about him Lincoln continues to survive in a body of memory that speaks volumes about our nation
