Selected Speeches and Documents on British Colonial Policy, 1763-1917 Arthur Berriedale Keith, 1918

Selected speeches, ed. by T.E. Kebbel Benjamin Disraeli (earl of Beaconsfield.), 1882 Selected Speeches, with Introductory Notes Sir Edward Clarke, 1908 **Selected speeches ... on public questions** John Bright, 1907 *Select Speeches, Forensic and Parliamentary* Nathaniel Chapman, 1808 A Good Comrade Roger Gough, 2006-08-23 Few political lives have been as dramatic or as marked by sudden changes of fortune as that of Janos Kadar Hungary's communist leader from 1956 to 1988 A reformist who at first supported Imre Nagy's 1956 attempt to distance his country from Soviet domination Kadar eventually threw in his lot with the Soviet Union and the repression which followed Hungary's attempt at revolution in 1956 Was he an ambitious ruthless party functionary or a tragic visionary who sought to preserve a modicum of independence for his country by abandoning its aspirations and his friends In this the first biography in English since the collapse of the Soviet bloc Roger Gough paints a vivid picture of Kadar's personality and career whilst analysing his significance for Hungary and his place in the history of European communism A Good Comrade is a powerful portrait of a man who dominated Hungarian political life for three decades **Select Speeches** Daniel O'Connell, 1868 **Select American Speeches** Stephen Cullen Carpenter, 1815 Select Speeches of the Right Honourable William Windham, and the Right Honourable William Huskisson William Windham, 1837 **Select Speeches 1817-1845** Daniel Webster, 2018-04-05 Reproduction of the original Select Speeches 1817-1845 by Daniel Webster **Select Speeches of Kossuth** Lajos Kossuth, Francis William Newman, 1854 *Selected Speeches and Articles* Mikhail Sergeevich Gorbachev, 1986 **The Optimum Imperative: Czech Architecture for the Socialist Lifestyle, 1938-1968** Ana Miljacki, 2017-02-03 The Optimum Imperative examines the multiple ways that architecture was entangled within the problem of Socialist lifestyle in Czechoslovakia From Adversaries to Partners? Ming-Yen Tsai, 2003-10-30 When China and Russia established a strategic partnership in 1996 both nations declared that they would further develop military cooperation in various fields Tsai examines the course of this military cooperation to reveal the nature of the military ties with the hopes of determining whether these two traditional adversaries have put aside historical legacies and mutual mistrust to create a full fledged military partnership After analyzing the motives and concerns of both powers Tsai concludes that while progress has been made in reducing military tensions in border regions the level of trust has not increased substantially The nature of these ties remains extremely fragile Among Western analysts there has been concern that a closer partnership might adversely affect U S interests in the region China and Russia have developed cooperation in certain areas such as arms transfers and military technical cooperation and these achievements have successfully reduced political tension However reciprocal threats against each other's territories and China's increasing ambitions and capacity to act as a great military power in the region could eventually become a major source of friction Based on research in both Chinese and

Russian this study offers a comprehensive analysis on the development of and limits to this military cooperation *Soviet Life*, 1984 *Gorbachev And The Decline Of Ideology In Soviet Foreign Policy* Sylvia Babus Woodby, 2019-05-20 Through a combination of actions and words Mikhail Gorbachev has sought to convince the West that the USSR is not dangerous either militarily or politically At home he has sought to convince his countrymen that it is time to abandon the idea that the USSR is at war with the non socialist world and that it must keep the West at arms length I **The Evolution of Australian Foreign Policy** Alan Watt, 1967 **Khrushchev and Brezhnev as Leaders (Routledge Revivals)** George W. Breslauer, 2016-06-10 First published in 1982 this book explores how Khrushchev and Brezhnev manipulated their policies and personal images as they attempted to consolidate their authority as leader Central issues of Soviet domestic politics are examined investment priorities incentive policy administrative reform and political participation The author rejects the conventional images of Khrushchev as an embattled consumer advocate and decentraliser and of Brezhnev s leadership as dull and conservative He looks at how they dealt with the task of devising programs that combined the post Stalin elite s goals of consumer satisfaction and expanded political participation with traditional Soviet values **Chernenko, the Last Bolshevik** Ilya Zemtsov, 2020-03-02 Konstantin Ustinovich Chernenko a figure who appeared to the outside world as a commonplace Russian bureaucrat cut from the mold of a Gogol short story was elevated in 1984 to the post of general secretary of the Communist party of the Soviet Union Thus a post held by such awesome fearsome figures as Lenin and Stalin passed into the hands of someone perceived as a nondescript bureaucrat devoid of ideas or initiative and crippled by old age and infirmity A singular merit of this work is that it shows how far from the mark were these perceptions This is the only full length treatment of Chernenko in contrast to the vast tomes written on his five predecessors as well as on the present incumbent Mikhail Gorbachev The work delves into archival materials never before reported in either the East or West The picture that emerges is not of some run of the mill apparatchik but of a figure who in the context of the Brezhnev era came forth with ideas that were revolutionary at least in the sense of a realization of the deep malaise into which Soviet economy and society had fallen Zemtsov s volume explains the paradox of a servile conservative member of the Politburo becoming an innovative even courageous leader during the thirteen fateful months he held Soviet power it is a tribute to this effort at reconstruction that what emerges is a rounded human being and not simply a political actor This analytical study of the transformation of a peasant into a politician fills out a missing link without which the current impulse to reform in the U S S R is hard to understand or appreciate Problems of Communism, 1983
