Selection Of Masterworks In The Collecti:

Masterworks in the Robert and Jane Meyerhoff Collection Robert Saltonstall Mattison,1995 One of the finest collections of contemporary American art is at the Meyerhoffs Fitzhugh Farm Maryland This full color volume presents their impressive holdings by these five American masters Included are essays analyzing each artist s work in the contexts of their careers and of twentieth century culture **A Southern Collection** ,1993-02-01 A Southern Collection presents select masterworks from the permanent collection of the Morris Museum of Art on the occasion of the institution s inaugural exhibition Drawn from a comprehensive survey collection of painting in the South from the late eighteenth century to the present day the museum s opening exhibit explores an artistic terrain as rich and diverse as the South itself arranged in categories that reflect critical chronological developments in the art world A survey of painting activity in the South begins with the travels of itinerant portrait artists working prior to the Civil War At the same time landscape painting encompasses a sensitive response to the swamps bayous and fertile fields of the South Late in the nineteenth century strong and vivid genre painting competes with the nostalgic effects realized by Southern impressionists whose shimmering liquid images are invested with an elusive spirit of place In this century those strains of realism and naturalism that characterize the classic body of Southern writing appear in the representational art of painters who defied the modern abstract dictum And finally the exciting compelling works of a current generation of both self taught artists and sophisticated contemporary painters complete this fascinating though sometimes neglected chapter in American art history **Masterworks from the Heard Museum** Heard Museum,2002 **American Portrait Miniatures in the Manney Collection** Dale T.
