Burton,2012-06 Richard Burtons translation of The Arabian Nights is one of the oldest in existence and some people have a problem with this version its too old antiquated etc but for this reviewer the very fact that its an early translation lends the tales much of their charm it underscores the fact that The Arabian Nights go back for hundreds of years all the way back to once upon a time Richard Burton introduces us to Sharazad that seductive storyteller who took the bull by the horns and dared to marry the sultan Shariyar who had been

driven mad by the infidelity of his former wife and tried to exorcise the demons of her adultery by marrying a new wife every morning and slaying her that same night Sharazad knows that a good tale can tame the savage beast much in the way music can and she keeps the Sultan enchanted night after night with the tales that still enchant us in our own time We all know about Aladdin and his magic lamp and Ali Baba and the forty thieves but there are loads of other treasures in this collection my personal favorites aside from Ali Baba are the story of Ali the Persian short succinct and very funny and The Lady and Her Five Suitors a hilarious tale of a woman who lures five men into a trap and then runs off with her boyfriend And Sharazad smart lady that she is took care to insure her own future not only does she regale her sultan with a thousand and one tales in as many nights she also presents him with three children during that time wins the heart of the sultan and we suppose lives happily ever after No one knows where the tales originated Burton suggests that the earliest may date from the 8th century A D and the latest may have been as recent as the 16th century only 200 years before Antoine de Galland translated the tales into French and unfolded them like a magic carpet before the astonished and delighted eyes of his European readers Burton translated them into English in 1885 and they have been weaving their own spell of enchantment for us ever since When we open The Arabian Nights we step onto our own magic carpet and were off on a ride of fun and fantasy that lasts until the last page when we close the book and come back down reluctantly to earth **Arabian Nights Tales** ,1979

Rogue Males: Richard Burton, Howard Marks and Sir Richard Burton Rob Walters,2006-12-12 Sir Richard Burton is best known as an explorer and translator of Arabian and Indian books many of them sexually explicit He was known as Ruffian Dick and led a life well beyond the pale of the typical Victorian Richard Burton was a very famous actor with a brilliant voice and the looks to accompany it Sometimes known as Beer Burton he married Elizabeth Taylor twice and led a life which was often as dramatic as the characters that he played Howard Marks became famous as a cannabis smuggler He used the alias Mr Nice and adopted this as the title of a book that describes his exploits and ultimate incarceration in an American jail Each of these men has a roguish streak to their character but they also have a number of other things in common one of which is that they each began their adult life at Oxford University In fact they attended three colleges which stand cheek by jowl on Oxford's Broad Street Exeter Balliol and Trinity Each was a master of disguise though for rather different ends Each was a great traveller Howard for the drug trafficking Richard for the film sets and Sir Richard for exploration and consular duties They were all writers Two of them were Welsh two shared a name two are dead and all three are famous in their different ways Finally they were all iconoclasts mould breakers in different times and in different worlds This book illuminates the fascinating lives of each of these interesting men but also speculates on how they might react to each other It recreates the Oxford that bred them traces their subsequent lives and then leads them back to the city so that they can meet and discourse upon American hegemony the freedom to consume drugs the role of feminism and the value of education These topics are exposed to the soaring intellectuality and conservatism of the older Burton the articulation of the

younger Burton and the liberality of Marks The results are sometimes shocking always interesting and often edifying **The Arabian Nights and Orientalism** Tetsuo Nishio,Yuriko Yamanaka,2006-03-31 The Arabian Nights and Orientalism in Resonance was especially commissioned to celebrate the tercentenary of the first Western edition of The Arabian Nights This volume marries Western and Japanese perspectives on The Arabian Nights to provide a fascinating study of how this literary phenomenon brought about a unique and rich cross cultural fertilization The volume is divided into three sections the first part deals with narrative motifs and styles the second part examines the Nights from a comparative point of view and the third part unfolds the relationship between the written text and its pictorial representation Extensively illustrated throughout The Arabian Nights and Orientalism in Resonance will be of interest to scholars of the Middle East as well as anyone who has ever fallen under the spell of Scheherazade s stories *Arabian Nights.
