## **Self Reliance Reforming Welfare In Advanced Societies:**

Self Reliance David Marsland, In the United States Great Britain Western Europe and almost everywhere else in the developed world except Switzerland and Japan a massive bureaucratic apparatus of state welfare has been built up since the Second World War It has proven to be costly inefficient and grossly counterproductive Everywhere governments are desperately seeking ways to reduce the size of state welfare Efficiency particularly in education and health care must be improved Above all an alternative is urgently needed to the inherited cradle to grave welfare approach which multiplies unemployment generates dependency and creates a fractious subjugated underclass Self Reliance has been written by four leading experts on welfare and social policy Using British experience as a case study the book analyzes the failings of state welfare and provides detailed practical proposals for reform Specific parallels with the American situation and implications for United States social policy are examined in a special opening essay by the editor The key significance of this work for policy personnel and economists is that the authors argue for a structure that can be built up gradually out of the existing outmoded system They detail methods by which this can be successfully accomplished despite financial constraints likely to be imposed by government officials Self Reliance David Marsland, 1995-01-01 In the United States Great Britain Western Europe and almost everywhere else in the developed world except Switzerland and Japan a massive bureaucratic apparatus of state welfare has been built up since the Second World War It has proven to be costly inefficient and grossly counterproductive Everywhere governments are desperately seeking ways to reduce the size of state welfare Efficiency particularly in education and health care must be improved Above all an alternative is urgently needed to the inherited cradle to grave welfare approach which multiplies unemployment generates dependency and creates a fractious subjugated underclass Self Reliance has been written by four leading experts on welfare and social policy Using British experience as a case study the book analyzes the failings of state welfare and provides detailed practical proposals for reform Specific parallels with the American situation and implications for United States social policy are examined in a special opening essay by the editor The key significance of this work for policy personnel and economists is that the authors argue for a structure that can be built up gradually out of the existing outmoded system They detail methods by which this can be successfully accomplished despite financial constraints likely to be imposed by government officials Welfare or Welfare State? David Marsland, 1996-06-12 Throughout the modernized world a massive bureaucratic apparatus of state welfare has been built up since the 1940s This book examines the major deficiencies of the welfare state the incoherence of its underlying philosophy its redundancy in an era of prosperity and progress its costs its inefficiency and the harm it does to those it should help by driving them into underclass dependency Practical proposals for radical reform are outlined combining self reliance Providential Democracy Dominique privatization and a new deal for the deprived and disadvantaged Schnapper, 2017-07-05 Democracy posits the universality of the equality principle a community of citizens is governed by the

principle of the formal equality of all individuals whatever their real social cultural or other inequalities Democratization on the other hand is motivated by the ambition of ensuring the real equality of citizens and not simply their formal equality The dynamics of democracy are thus insured by the development of a welfare state that increasingly intervenes in order to satisfy the social and economic needs of individuals Especially focused on France yet informed by the experiences of other European countries this book examines the dilemmas of the search for equality in society and politics Democratization guarantees the rights of salaried workers and employees the rights to material survival and housing as well as health care education and culture Today however as Schnapper observes its action has become paradoxical As the fruit of a praiseworthy concern to ensure the universality of rights what Schnapper identifies as a Providence State now aims by means of positive discrimination and other specific promotion policies to defend the particular rights of certain categories of individuals The action of the Providence State thus nourishes an aspiration that the identities of historical collectivities gathered within the same national society be publicly recognized and that these have rights Equity thus supplants equality and multiculturalism universality Such is the ordeal currently experienced by Western democracies which are faced with the increasingly providential nature of their societies Indeed the author asks how can a united political Europe be constructed on the ideals and institutions of citizenship when European nations are becoming providential democracies Providential Democracy offers a searching and timely critique of democratization that will be of interest to sociologists political sci Services Management Critical Graeme Currie, Jackie Ford, Nancy Harding, Mark Learmonth, 2010-02-02 This book brings together public services policy and public services management in a novel way that is likely to resonate with academics policy makers and practitioners engaged in the organization of public services delivery as it is from a perspective that challenges many received ideas in this field Starting from the perspective of critical management studies the contributors to this volume embed a critical perspective on policy orthodoxy around critical public services policy and management studies CPPMS In so doing the authors bring together previous disparate fields of public services policy and public services management but more importantly debate and present what critical constitutes when applied to public services policy and management This edited collection presents chapters from a broad range of public services domains including health education prisons local and central government and deals with a range of contemporary issues facing public services managers are examined including regulation of professions risk management user involvement marketing and leadership

The Commission for Racial Equality R. Honeyford, A critical look at the U K s Commission for Racial Equality CRE patterned after the American Congress of Racial Equality CORE The author seeks to show that there has been a serious misrepresentation of multiracial realities in Britain and argues against granting expanded power to the CRE under the new Labour government He also looks at the U S experience with CORE and cautions against following the American road which he contends has led away from successful melting pot society to a fragmented and unstable country Annotation c Book News

Inc Portland OR booknews com Poverty and Austerity amid Prosperity Gregg M. Olsen, 2021-10-25 Drawing from a cross national perspective and a range of comparative vantage points Poverty and Austerity amid Prosperity provides a comprehensive introduction to the study of poverty The Waning of the Welfare State Anton C. Zijderveld, A great deal of effort has been expended by Anglo American scholars in an attempt to isolate past and contemporary fascisms neofascisms cryptofascisms and latent fascisms in the modern world A James Gregor's Phoenix Fascism in Our Time is an insightful history of the intellectual rationale for Benito Mussolini's fascism offered by major Italian intellectuals The book provides a list of recurrent features that helps to identify the generic phenomenon This lucid account reviews seriously neglected aspects of intellectual history describing the socioeconomic and political conditions that precipitate and sustain fascism Gregor shows that Italian fascism was supported by a responsible and credible rationale His account of that rationale permits us to understand the appeal fascism as an ideal has exercised over elites and masses in the 20th century Gregor offers a credible list of traits in showing how instances of fascism can be identified when they first appear The last chapters of the work are devoted to a case study of the newly emergent post Soviet Russian nationalism and its affinities with historic fascism Gregor discusses the implications of the rise of generic fascism in the former Soviet Union and post Maoist China This timely volume offers an alternative to conventional interpretations of the major historical events of the 20th century Phoenix is must reading for scholars and policymakers dealing with European history between the two world wars and should will be instructive for anyone interested in the fascist ideology in a new millennium **Globalization and Governance** Jeffrey A. Hart, Aseem Prakash, 2003-12-16 Globalization and Governance is a completely up to date impartial survey of a variety of perspectives on what constitutes governance and how globalization may impact governance and the state Eleven essays and a thorough introduction provide a theoretical framework and a literature overview Unlike most books on the subject this does not espouse any ideological agenda and examines the topical subject of globalization in a conceptually rigorous way New York University Journal of International Law & Politics New York University. International Law Society, 1995 Moral Soundings Dwight Furrow, 2004 The 21 readings serve as an adjunct to textbooks in courses on the moral health of the US Taken mostly from public interest journals and written by active participants in the public debate about values they are designed to demonstrate that the common denominator to many disagreements is a difference over the meaning and value of personal autonomy Annotation 2004 Book News Inc Portland OR booknews com Land and Housing Controversies in Hong Kong Betty Yung, Kam-Por Yu, 2020-07-16 This book discusses land and housing controversies in Hong Kong which offer a point of reference for the comparison and analysis of similar or contrasting cases overseas from the perspective of social values It enhances readers understanding of the social values philosophical and theoretical issues that underpin land and housing controversies as well as their policy implications The discussion in each chapter goes beyond mere substantive and contextual analysis and is explicitly positioned and theorized within the broader

context of social values with a theoretical and philosophical framework for assessing the issue concerned The book is interdisciplinary in nature with each chapter integrating two or more disciplines to examine various controversial land and Changing Politics in Japan Ikuo Kabashima, Gill Steel, 2012-09-15 Changing Politics in Japan is a fresh and insightful account of the profound changes that have shaken up the Japanese political system and transformed it almost beyond recognition in the last couple of decades Ikuo Kabashima a former professor who is now Governor of Kumamoto Prefecture and Gill Steel outline the basic features of politics in postwar Japan in an accessible and engaging manner They focus on the dynamic relationship between voters and elected or nonelected officials and describe the shifts that have occurred in how voters respond to or control political elites and how officials both respond to and attempt to influence voters The authors return time and again to the theme of changes in representation and accountability Kabashima and Steel set out to demolish the still prevalent myth that Japanese politics are a stagnant set of entrenched systems and interests that are fundamentally undemocratic In its place they reveal a lively and dynamic democracy in which politicians and parties are increasingly listening to and responding to citizens needs and interests and the media and other actors play a substantial role in keeping democratic accountability alive and healthy Kabashima and Steel describe how all the political parties in Japan have adapted the ways in which they attempt to organize and channel votes and argue that contrary to many journalistic stereotypes the government is increasingly acting in the the interests of citizens the median voter's preferences Reform in East Asia Chak Kwan Chan, Kinglun Ngok, 2012-11-12 In many Western countries social welfare payments are increasingly being made conditional on recipients doing voluntary work or attending job training courses a system known as welfare to work or workfare Although social welfare in Asia is very different to the West with much smaller social welfare budgets a strong self reliance and a much higher dependency on family networks to provide support the workfare approach is also being adopted in many Asian countries This is the first book to provide a comprehensive overview of how welfare reform around work is implemented in leading East Asian Based on the experiences of seven East Asian economies including China Japan South Korea Taiwan Singapore Hong Kong and Macau this book critically analyses current trends the social economic and political factors which lead to the implementation of workfare compares the similarities and differences of workfare in the different polities and assesses their effectiveness Public Welfare ,1995 **Becoming a Footnote** Sanford F. Schram, Sanford Schram, 2013-01-01 Humorous and witty recollections of the author's journey from insecure graduate student to noted activist scholar Reforming the African Public Sector. Retrospect and Prospects R.A. Ayee, 2008-09-15 Reforming the African Public Sector Retrospect and Prospects is an in depth and wide ranging review of the available literature on African public sector reforms It illustrates several differing country experiences to buttress the main observations and conclusions It adopts a structural institutional approach which underpins most of the reform efforts on the continent To contextualize reform of the public sector and understand its processes dynamics and intricacies the book

examines the state and state capacity building in Africa especially when there can be no state without an efficient public sector In addition the book addresses a number of theories such as the new institutional economics public choice and new public management which have in one way or another influenced most of the initiatives implemented under public sector reform in Africa There is also a survey of the three phases of public sector reform which have emerged and the balance sheet of reform strategies namely decentralization privatization deregulation agencification co production and public private partnerships It concludes by identifying possible alternative approaches such as developing a vigorous public sector ethos and sustained capacity building to promote and enhance the renewal and reconstruction of the African public sector within the context of the New Partnerships for Africa's Development NEPAD good governance and the Millennium Development Goals MDGs The SAGE Handbook of Neoliberalism Damien Cahill, Melinda Cooper, Martijn Konings, David Primrose, 2018-02-26 Over the last two decades neoliberalism has emerged as a key concept within a range of social science disciplines including sociology political science human geography anthropology political economy and cultural studies The SAGE Handbook of Neoliberalism showcases the cutting edge of contemporary scholarship in this field by bringing together a team of global experts Across seven key sections the handbook explores the different ways in which neoliberalism has been understood and the key questions about the nature of neoliberalism Part 1 Perspectives Part 2 Sources Part 3 Variations and Diffusions Part 4 The State Part 5 Social and Economic Restructuring Part 6 Cultural Dimensions Part 7 Neoliberalism and Beyond This handbook is the key reference text for scholars and graduate students engaged in the growing field of American Politics and Society David McKay, 2013-02-06 Now in its eighth edition this popular neoliberalism introduction tackles the most recent trends in American politics and society through explanation analyses and interpretations of government processes adding valuable context for students by considering these procedures and developments from an international perspective Fully updated to take account of the many recent developments in American politics and society exploring one of the most turbulent political arenas witnessed in decades Features new chapters on environmental politics and the Obama presidency Shifts its focus from the gap between public expectations and government performance to the increasingly divisive ideological climate of America's political system Benefits from a student friendly style and design with numerous illustrations and a range of helpful pedagogical features including chronologies biographies and definition boxes highlighting key concepts and controversial issues Offers thought provoking insights into the social background to contemporary politics in America while fully embracing the latest developments and considering these from a non U S perspective **Reclaiming the Family** Ralph Segalman, 1998 Ralph Segalman's book looks beyond the reasons for family breakdown in the West and proposes solutions to help rebuild western families These items include revamping federal and local programs constructive tax policy marriage and divorce laws public school programs community initiatives foster care and adoption strategies professional training programs and teaching effective parenting skills
