Self Society And Personal Choice

James F. Childress, Michael Quante

Self Society And Personal Choice:

Self, Society, and Personal Choice Diana T. Meyers, 1991-08-01 Meyers philosophy U of Conn examines the question of personal autonomy She observes the effects of childrearing practices and sexual biases and reflects upon the results in women Annotation copyrighted by Book News Inc Portland OR **Personal Autonomy in Society** Marina Oshana, 2016-12-05 People are socially situated amid complex relations with other people and are bound by interpersonal frameworks having significant influence upon their lives These facts have implications for their autonomy Challenging many of the currently accepted conceptions of autonomy and of how autonomy is valued Oshana develops a social relational account of autonomy or self governance as a condition of persons that is largely constituted by a person's relations with other people and by the absence of certain social relations She denies that command over one's motives and the freedom to realize one's will are sufficient to secure the kind of command over one's life that autonomy requires and argues against psychological procedural and content neutral accounts of autonomy Oshana embraces the idea that her account is perfectionist in a sense and argues that ultimately our commitment to autonomy is defeasible but she maintains that a social relational account best captures what we value about autonomy and best serves the various ends for which the concept of autonomy is employed

Relational Autonomy Catriona Mackenzie, Natalie Stoljar, 2000-01-27 This collection of original essays explores the social and relational dimensions of individual autonomy Rejecting the feminist charge that autonomy is inherently masculinist the contributors draw on feminist critiques of autonomy to challenge and enrich contemporary philosophical debates about agency identity and moral responsibility The essays analyze the complex ways in which oppression can impair an agent's capacity for autonomy and investigate connections neglected by standard accounts between autonomy and other aspects of the agent including self conception self worth memory and the imagination **Personal Autonomy** James Stacey

Taylor, 2005-01-10 Autonomy has recently become one of the central concepts in contemporary moral philosophy and has generated much debate over its nature and value This 2005 volume brings together essays that address the theoretical foundations of the concept of autonomy as well as essays that investigate the relationship between autonomy and moral responsibility freedom political philosophy and medical ethics Written by some of the most prominent philosophers working in these areas this book represents research on the nature and value of autonomy that will be essential reading for a broad swathe of philosophers as well as many psychologists **Being Yourself** Diana T. Meyers, 2004 Meyers philosophy U of Connecticut Storrs presents a collection of essays exploring how to live a life that expresses one's own unique personality and distinctive values nine of the 13 essays were previously published between 1987 and 2003 Coverage includes

autonomous action and its bearing on gender women's subordination and women's resis **Social Dimensions of Moral Responsibility** Katrina Hutchison, Catriona Mackenzie, Marina Oshana, 2018-03-14 To what extent are we responsible for our actions Philosophical theorizing about this question has recently taken a social turn marking a shift in focus from traditional

metaphysical concerns about free will and determinism Recent theories have attended to the interpersonal dynamics at the heart of moral responsibility practices and the role of the moral environment in scaffolding agency Yet the implications of social inequality and the role of social power for our moral responsibility practices remains a surprisingly neglected topic The conception of agency involved in current approaches to moral responsibility is overly idealized assuming that our practices involve interactions between equally empowered and situated agents In twelve new essays and a substantial introduction this volume systematically challenges this assumption exploring the impact of social factors such as power relationships and hierarchies paternalism socially constructed identities race gender and class on moral responsibility Social factors have bearing on the circumstances in which agents act as well as on the person or people in the position to hold that agent accountable for his or her action Additionally social factors bear on the parties who pass judgment on the agent Leading theorists of moral responsibility including Michael McKenna Marina Oshana and Manuel Vargas consider the implications of oppression and structural inequality for their respective theories Neil Levy urges the need to refocus our analyses of the epistemic and control conditions for moral responsibility from individual to socially extended agents Leading theorists of relational autonomy including Catriona Mackenzie Natalie Stoljar and Andrea Westlund develop new insights into the topic of moral responsibility Other contributors bring debates about moral responsibility into dialogue with recent work in feminist philosophy social epistemology and social psychology on topics such as epistemic injustice and implicit bias Collectively the essays in this volume reorient philosophical debates about moral responsibility in important new directions

Education for a Democratic Society John Ryder, Gert Rüdiger Wegmarshaus, 2007 This book is the third volume of selected papers from the Central European Pragmatist Forum CEPF It deals with the general question of education and the papers are organized into sections on Education and Democracy Education and Values Education and Social Reconstruction and Education and the Self The authors are among the leading specialists in American philosophy from universities across the U S and in Central and Eastern Europe The series Studies in Pragmatism and Values promotes the study of pragmatism s traditions and figures and the explorations of pragmatic inquiries in all areas of philosophical thought

Moral Psychology Margaret Urban Walker, Peggy DesAutels, 2004-07-29 Moral psychology studies the features of cognition judgement perception and emotion that make human beings capable of moral action Perspectives from feminist and race theory immensely enrich moral psychology Writers who take these perspectives ask questions about mind feeling and action in contexts of social difference and unequal power and opportunity These essays by a distinguished international cast of philosophers explore moral psychology as it connects to social life scientific studies and literature

Personal Autonomy in Plural Societies Marie-Claire Foblets, Michele Graziadei, Alison Dundes Renteln, 2017-11-22 This volume addresses the exercise of personal autonomy in contemporary situations of normative pluralism In the Western liberal tradition from a strictly legal and theoretical perspective the social individual has the right to exercise the autonomy of his or her will In a context of legal

plurality however personal autonomy becomes more complicated Can and should personal autonomy be recognized as a legal foundation for protecting a person's freedom to renounce what others view as his or her fundamental human rights This collection develops an interdisciplinary conceptual framework to address these questions and presents empirical studies examining the gap between the principle of personal autonomy and its implementation In a context of cultural diversity this gap manifests itself in two particular ways First not every culture gives the same pre-eminence to personal autonomy when examining the legal effects of an individual's acts Second in a society characterized by weak pluralism the legal assessment of personal autonomy often favours the views of the dominant majority In highlighting these diverse perspectives and problematizing the so-called guardian function of human rights i.e. purporting to protect weaker parties by limiting their personal autonomy in the name of gender equality fair trial etc this book offers a nuanced approach to the principle of autonomy and addresses the questions of whether it can effectively be deployed in situations of internormativity and what conditions must be met in order to ensure that it is not rendered devoid of all meaning

Personal Autonomy and Social Oppression Marina A.L. Oshana, 2014-11-13 Personal Autonomy and Social Oppression addresses the impact of social conditions especially subordinating conditions on personal autonomy The essays in this volume are concerned with the philosophical concept of autonomy or self-governance and with the impact on relational autonomy of the oppressive circumstances persons must navigate They address on the one hand questions of the theoretical structure of personal autonomy given various kinds of social oppression and on the other how contexts of social oppression make autonomy difficult or impossible

Ethics, Aging, and Society Martha B. Holstein, Mark Waymack, Jennifer Parks, Jennifer A. Parks, 2010-11-01 Ethics Aging and Society is the first major work in ten years to critically address issues and methodologies in aging and ethics This well-organized volume begins theoretically and offers new ways of thinking about ethics that can handle the complexities and realities of aging in particular social contexts Choice This new research-based book by experts in the field of ethics is excellent and much needed I challenge you to consider reading this book and seeing all the ways in which you might be forced to rethink things that most of us take as given for ethics and aging I know you will not be disappointed and I guarantee you will end up thinking long and hard about personal and professional decisions you may have made as well as your assumptions about aging in America CFLE Network Newsletter National Council on Family Relations This is a book that should be required reading for all involved in the ethical provision of services to the aging on any level as well as for policy makers and administrators in positions of influence over the lives of older patients

PsycCRITIQUES the authors' application of feminist ethics to frail elders rings true to both my clinical experience working with frail elders and my research experience trying to understand their quality of life concerns there were true gems of ideas in this book that illuminated the limitations of the dominant paradigm of autonomy in bioethics The authors make a compelling critique of end-of-life care GeriPal A Geriatrics and Palliative Care Blog This book presents second-generation issues in ethics aging and

society by presenting critical outcomes that arise when ethics is applied to the practical concerns that occur in day to day elder care The first volume in over 10 years to address ethics and gerontology it is unparalleled in its comprehensiveness and integration of well developed philosophical arguments with empirical research humanistic scholarship and insights gained from practical experience This book challenges the tried and true approaches to ethical issues in aging and opens avenues for creative problem solving The authors diverse backgrounds bring the advantages of both interdisciplinary scholarship and practical experience to this comprehensive textbook It is an essential resource for those interested in and working with older people from upper level undergraduate students and graduate division students to gerontology practitioners in training

Key Features Presents the first major work in over 10 years to integrate the disciplines of ethics and aging Includes case studies derived from day to day practice Addresses individual clinical ethics in health and long term care and ethical issues raised by public policy cultural norms and social attitudes Examines such critical issues as Alzheimer s disease long term care ageism public policy anti aging medicine elder abuse and natural disasters Explores new directions in ethical and social philosophy as they pertain to gerontology and care

Thick (Concepts of) Autonomy James F. Childress, Michael Quante, 2021-11-25 This book explores in rich and rigorous ways the possibilities and limitations of thick concepts of autonomy in light of contemporary debates in philosophy ethics and bioethics Many standard ethical theories and practices particularly in domains such as biomedical ethics incorporate minimal formal procedural concepts of personal autonomy and autonomous decisions and actions Over the last three decades concerns about the problems and limitations of these thin concepts have led to the formulation of thick concepts that highlight the mental corporeal biographical and social conditions of what it means to be a human person and that enrich concepts of autonomy with direct implications for the ethical requirement to respect autonomy The chapters in this book offer a wide range of perspectives on both the elements of and the relations both positive and negative between thin and thick concepts of autonomy as well as their relative roles and importance in ethics and bioethics This book offers valuable and illuminating examinations of autonomy and respect for autonomy relevant for audiences in philosophy ethics and bioethics

Starting at Home Nel Noddings, 2002-01-28 Publisher Fact Sheet Argues that an ethic of care learned at home should serve as the foundation for social policy

Spinoza and Relational Autonomy Aurelia Armstrong, 2019-05-14 This collection of 13 new essays shows what Baruch Spinoza can add to our understanding of the relational nature of autonomy By offering a relational understanding of the nature of individuals centred on the role played by emotions Spinoza offers not only historical roots for contemporary debates but also broadens the current discussion At the same time reading Spinoza as a theorist of relational autonomy underscores the consistency of his overall metaphysical ethical and political project which has been clouded by the standard rationalist interpretation of his works

The Broadview Introduction to Philosophy Volume II: Values and Society Andrew Bailey, 2019-06-18 This volume of The Broadview Introduction to Philosophy offers an intriguing selection of readings on ethics social political philosophy

and issues of life death and happiness Canonical texts from historical figures such as Plato Hobbes and Wollstonecraft are included alongside contemporary selections from such thinkers as Claudia Card Judith Jarvis Thomson and Ta Nehisi Coates Unlike other introductory anthologies the Broadview offers considerable apparatus to assist the student reader in understanding the texts without simply summarizing them Each selection includes an introduction discussing the context and structure of the primary reading as well as thorough annotations designed to clarify unfamiliar terms references and argument forms

Handbook of Phenomenology and Medicine S. Kay Toombs, 2012-12-06 As the fields of philosophy of medicine and bioethics have developed in the United States the philosophical perspective of phenomenology has been largely ignored Yet the central conviction that informs this volume is that phenomenology provides extraordinary insights into many of the issues that are directly addressed within the world of medicine Such issues include the nature of medicine itself the distinction between immediate experience and scientific conceptualization the nature of the body and the implications of embodiment in the realm of clinical practice the meaning of health illness and disease the problem of intersubjectivity particularly with respect to achieving successful communication with another the complexity of decision making in the clinical context and in the realm of medical ethics the possibility of empathic understanding the theory and method of clinical practice and the essential characteristics of the therapeutic relationship i e the relationship between the sick person and the one who professes to help Some of the authors who have contributed to this volume are philosophers some are engaged in other academic disciplines and several are practicing healthcare professionals

Jane Austen's Civilized Women Enit Karafili Steiner, 2015-10-06 Jane Austen's six complete novels and her juvenilia are examined in the context of civil society and gender Steiner's study uses a variety of contexts to appraise Austen's work Scottish Enlightenment theories of societal development early Romantic discourses on gender roles modern sociological theories on the civilizing process

Seniors and Squalor Lisa Johnson, 2018-10-25 This book will help readers to better understand and address a strange social phenomenon the apparent choice by some seniors to live in squalor Seniors and Squalor examines the widespread and growing phenomenon of mentally competent senior citizens living in self imposed squalor and refusing help whether from health care professionals government or family At this juncture of medicine and law many families have experienced frustration embarrassment and heartbreak The book also explores associated ethical questions arguing that society can address the problem while respecting individual legal autonomy For the theorist this work provides the first in depth treatment of legal and political theory questions undergirding the issue of self neglect by seniors It also underscores the importance of limited government the necessity of granting American citizens their individual rights and the critical need to stop classifying self neglect as abuse This is an ideal read for graduate and undergraduate students scholars practitioners of health care and geriatrics social workers and lawyers Most importantly this book will appeal to those directly affected by the problem family friends and social work professionals by giving them a broader understanding of this complex social issue and

how to best respond to it The Oxford Handbook of Moral Psychology Manuel Vargas, John Doris, 2022 The Oxford Handbook of Moral Psychology is a comprehensive multidisciplinary state of the art overview of moral psychology The 50 chapters written by leading figures in both philosophy and psychology cover many of the most important topics in the field and form the definitive survey of contemporary moral psychology **Autonomy, Oppression, and Gender** Andrea Veltman, Mark Piper, 2014 This collection of new essays examines philosophical issues at the intersection of feminism and autonomy studies Are autonomy and independence useful goals for women and subordinate persons Is autonomy possible in contexts of social subordination Is the pursuit of desires that issue from patriarchal norms consistent with autonomous agency How do emotions and caring relate to autonomous deliberation Contributors to this collection answer these questions and others advancing central debates in autonomy theory by examining basic components normative commitments and applications of conceptions of autonomy Several chapters look at the conditions necessary for autonomous agency and at the role that values and norms such as independence equality inclusivity self respect care and femininity play in feminist theories of autonomy Whereas some contributing authors focus on dimensions of autonomy that are internal to the mind such as deliberative reflection desires cares emotions self identities and feelings of self worth several authors address social conditions and practices that support or stifle autonomous agency often answering questions of practical import These include such questions as What type of gender socialization best supports autonomous agency and feminist goals When does adapting to severely oppressive circumstances such as those in human trafficking turn into a loss of autonomy How are ideals of autonomy affected by capitalism and How do conceptions of autonomy inform issues in bioethics such as end of life decisions or rights to bodily self determination

Enjoying the Track of Phrase: An Mental Symphony within **Self Society And Personal Choice**

In a world consumed by screens and the ceaseless chatter of fast conversation, the melodic elegance and mental symphony developed by the published word often diminish in to the back ground, eclipsed by the persistent sound and disturbances that permeate our lives. However, situated within the pages of **Self Society And Personal Choice** a charming literary treasure filled with raw feelings, lies an immersive symphony waiting to be embraced. Constructed by an elegant composer of language, this captivating masterpiece conducts viewers on a mental journey, skillfully unraveling the concealed tunes and profound impact resonating within each cautiously constructed phrase. Within the depths of this poignant review, we shall discover the book is central harmonies, analyze its enthralling writing type, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.
